

LUMBERJACK

OF HUMBOLDT STATE COLLEGE

VOL. XXXIII

ARCATA, CALIF., FRIDAY, FEB. 19, 1960

No. 18

Last year's Freshman Sweetheart, Pat Mayer, P.E. major from BlueJay, California, crowns her radiant successor, Pat Meneweather, art major from El Cerrito, Calif., at the annual Sweetheart's Ball Saturday night.

Pat Meneweather Crowned Frosh Sweetheart at Annual Ball

Pat Meneweather, art major from El Cerrito, was crowned Freshman Sweetheart last Saturday night at the annual Sweetheart Ball. Last year's Freshman Sweetheart, Pat Mayer, performed the coronation and Dr. Don Karshner, Dean of Students, made the announcement to the large group of dancers.

Librarian Says Later Hour Not Justified

Student use of the library during the final exam period last semester did not justify keeping that building open for one half hour after 10 p. m.

This was the conclusion of a report by College Librarian Helen Everett to the ASB Executive Council last week. The library remained open the extra half hour at the Council's request, one week prior to finals and during finals week.

According to a study of student use during the two week period prepared by staff members there were fewer persons using the library than in the preceding two weeks. Furthermore, the staff members agreed that the library was used mainly as a study hall rather than the intended purpose of providing increased access to services.

Mrs. Everett's report stated that the meager use did not justify the extra expense involved with keeping the building open.

Movie 'Giant' To Be Shown Here Sunday

"Giant" will be coming to Humboldt State College this Sunday.

being presented by the Student Activities Commission, will be shown twice in the Founder's Hall Auditorium, at 4 p. m. and 7:30 p. m. Admission for the movie is 25 cents with an ASB student body card.

This event is the first of its kind on the HSC campus, and if it is well attended by the students future movies will be planned during the coming semesters.

Miss Meneweather, who is the daughter of HSC's first Hall of Fame honoree, Earl Meneweather, was elected from a field of eight other candidates by her classmates. The other candidates were Sue Albrecht, Carolyn Doyle, Ingrid Guerke, Ellen Kilgo, Nancy Mendes, Ellen Milhouse, and Kati Mineer.

Also announced at the dance were eight new members of the Green and Gold Key senior honoraries and 30 students to be listed in the 1960 edition of "Who's Who Among Students in American Universities and Colleges," a national publication honoring people active in campus affairs.

Seniors Janine Ford and Richard Donley, and juniors Paul Asp, Donna Cleveland, Neil Evans, Kathleen Katri, Joe Mayfield, and Joan Rasmussen were selected for the Green and Gold Key societies. Mona Armstrong and Ray Smeltzer conducted the ceremonies during which new members were invested with the black robes and gold pins of the honoraries. Membership requirements call for high grades as well as outstanding participation in student affairs.

Each member of the group who were selected to appear in "Who's Who" received an engraved certificate. A brief summary of their activities and their names will appear in the book, which includes students from schools throughout the United States.

Three juniors, Delores Azevedo, John Burger and Joe Mayfield; six graduate students, James Adams, Charles Bleything, Oliver Burris, James Ingram, Charles McAninch and Iris Osborne, and twenty-one seniors, Mona Armstrong, Roger Biffle, Clarence Brodie, Roger Cinnamond, Art Dalianes, Richard Donley, Ron Edwards, Janine Ford, Janet French, Don Harris, Gerald Hathaway, William Hayward, Dorothy Johnson, Judith McCall, David Maxon, Pat Miller, Ralph Sibley, Sal Siino, Ray Smeltzer, Clayton VanDeventer and Barbara Wilbur were selected.

Professor Plans To Appeal His Parking Case

Dr. James Householder this week lost the first round in his court battle against the state college parking regulations, but immediately announced that he was carrying it to the higher courts.

The decision in the test case brought by the HSC mathematics professor was handed down late Wednesday by Judge Ernest V. Sweet of the Arcata Justice Court.

Judge Sweet stated that the \$13.50 semi-annual permit charge leveled for on-campus parking at state colleges is a matter to be corrected by proper legislation at the state level rather than through any ruling by the inferior courts.

"Parking regulations at Humboldt State College became effective Oct. 1, 1959. These were required by the State Board of Education by statute authority. Inasmuch as the present rules and regulations adopted by the administrative officers of Humboldt State College nullify any prior parking privileges on the campus, one in violation or noncompliance subjects himself to citation," the judge ruled.

SENTENCING SET

He specified that Dr. Householder is to appear next Wednesday at 10 a. m. in court for passing of sentence. "It is the judgment of this court that the defendant in choosing to park his car back of the old Administration Building without permission is guilty of a misdemeanor as defined in the vehicle code. The fact that a salaried employee of the state does not exempt him from the penalties prescribed," the ruling stated.

On Tuesday Judge Sweet accepted a "stipulation of fact" prepared by Dr. Householder's attorney, Clayton O. Rost of the firm of Hill and Hill, Eureka and signed by John L. Quinn, representing the District Attorney's office. The stipulation enabled the case to be submitted to the judge without testimony.

CITES USE OF FUNDS

Dr. Householder contended that he is willing to secure the parking permit but is not willing to pay the fee because monies received for parking fees go into a fund which colleges can put to uses other than parking improvements.

After getting the decision, Mr. Rost declared, "We shall appeal this case to the Superior Court following pronouncement of sentence. We will ask for a stay of execution of the penalty and also that Dr. Householder be released on his own recognizance. We feel the state has given the state colleges the right to regulate traffic on campus but not to charge a fee that will be used for things other than improvement of parking conditions."

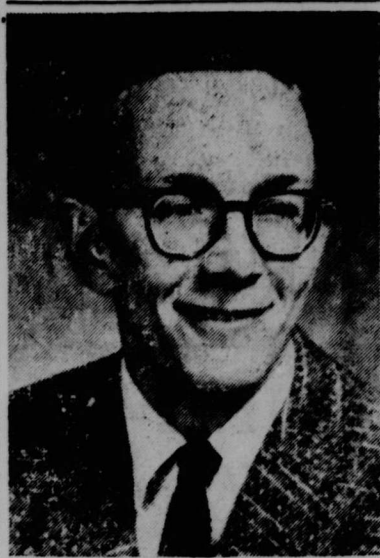

The local chapter of the Association of State College Instructors and its state council are backing Dr. Householder.

AFTER GAME DANCE

The last after-game dance of the basketball season will be held Saturday after the HSC-Sacramento game. The dance, sponsored by the Comus Club, campus organization for veterans, will begin immediately after the basketball game in the Women's gym.

Green, Gold Key Select Eight New Members

Two seniors and six juniors were admitted to the Green and Gold Key honorary society on the HSC campus at Saturday night's Sweetheart Ball.

PAUL ASP

Selected were Janine Ford, Richard Donley, Paul Asp, Kathy Katri, Neil Evans, Joan Rasmussen, Donna Cleveland, and Joseph Mayfield.

The students were chosen by members of the society after a list of nominees were presented to them by a board of faculty members. The Green Key society is for men while the Gold Key is for women, with membership calling for a combination of high grades and active participation in student activities.

The two seniors selected were Miss Ford and Donley. Miss Ford is a member of CSTA and was both a Sempervirens Sweetheart and Homecoming Queen, while Donley is a member of the student body Board of Control and on the varsity football squad.

(CONTINUED ON PAGE 3)

Health Cottage Nears Completion

The new Humboldt State College Health Cottage should be ready for occupancy some time next month.

The floor is now being completed and there are a few minor details that have to be finished.

The new Health Cottage will have a better laboratory with more facilities, physiotherapy, a complete x-ray unit with a new part time x-ray technician, men's and women's day wards, and a great deal more room.

Nelson Hall Closed; Residents Vacate

Nelson Hall, one of the old Humboldt State College dormitories, was officially closed as a residence hall last week.

Jack Altman, housing coordinator, stated that all of the Nelson Hall residents had to move into Redwood Hall because of the lower enrollment this semester.

With the 35 Nelson Hall residents, there are now 198 men living in Redwood Hall; this leaves only four empty beds in the dormitory.

Approximately 138 women now live in Sunset Hall, the women's dormitory. This is only about two fewer than last semester.

COMING EVENTS

Friday, Feb. 19
HSC-Sacramento State basketball game on campus. Junior Jacks at 6:30; Varsity at 8:15.

Saturday, Feb. 20
HSC-Sacramento State basketball game on campus. Junior Jacks at 6:30; Varsity at 8:15. After-game dance in Women's gym. Sponsored by Comus Club.

Sunday, Feb. 21
Feature movie "Giant" starring Elizabeth Taylor and James Dean. Presented by the Student Activities commission. Admission 25 cents with ASB card. Showings at 4 p. m. and 7 p. m. in the Founders Hall auditorium.

Monday, Feb. 22
On campus observation of Washington's birthday.

Saturday, Feb. 27
Costume dance Mardi Gras, sponsored by the Newman Club. Women's gym at 9 p. m. Faculty King and Queen to be crowned.

HSC Enrollment Reaches 1728 Mark

According to Mrs. Mary Ann Smith, registrar, enrollment has reached the 1728 mark with final tabulations not yet completed as the final date for late registrations is today.

The Academic Regulations Committee is going to meet Monday to approve or disprove petitions sent to them by students who wish to add classes.

SCHOOL SPIRIT

The Humboldt State College cheerleaders do not attend the basketball games to put on their own little variety show—their job is to lead the student body in yells to give the team the much needed moral support which is necessary to help them win the game.

The team can't be expected to feel that "extra surge of power" if they don't have their fellow students backing them up all the way through the game. With only a few of the spectators assisting the cheerleaders in the various yells, the team tends to feel that they have been let down.

Th majority of the audience just sits on the bench, never uttering a word unless they think that the referee has called the wrong thing against the HSC team. And then, look at the crowd yell; they simply go wild, booing and shouting uncouth remarks at the referee.

I realize that avid basketball fans are much more interested in viewing the game than in yelling their lungs out, but the cheerleaders can't do all of the yelling. They may yell as loud as they can, but without the student body to aid them they don't make a very loud noise in that big gym.

Humboldt State College has a good, strong basketball team, and with the support of the entire associated student body it can be even better.

Basketball season will come to an end this weekend when the Humboldt team hosts Sacramento State.

So, here's your last chance to prove to the team that you really do have school spirit. Come to the game, cooperate with the cheerleaders, and yell!

Hilltop Hallucinations

"The Art of . . ."

By BILL HAYWARD

It is spring and Herk, being a freshman, has decided that the season for spooning has arrived. It is Leap Year, the moon is in the correct cycle, and his horoscope says there will be good hunting this week.

Of course, for every special occasion there must be a girl, and after all, you only make this step once. Unless, of course, you can figure some way to dispose of her. Of all the important dates in a man's life, this is the most important of all and Herk is deciding how to pop the question. "Let's see, how is this? I was walking by the jeweler's shop the other day, and I bought . . . some-how that just isn't right. Umm, let's try the direct approach. See

here Lola, this isn't exactly my forte, but under the circumstances I feel that I had better . . . no, that doesn't sound right? How is this. There comes a time in every man's life when things other than bicycles and beards are of paramount importance and my time has arrived. I feel the need of . . . no good?"

"Well then," says Herk, "you try it." "All right," says Sigafreud, "I will." "Try this for size.

Costume Dance Scheduled For February 27

Do you have a secret yearning to be a bold, swashbuckling pirate? An Arabian prince with a large harem? A demure eighteenth-century English princess? Or would you like to impersonate your most un-favorite professor, Mickey Mouse or a plain old hobo?

If any of these desires are yours, then you should make plans to attend the Mardi Gras, annual costume dance sponsored by the Newman Club, Saturday, Feb. 27.

A faculty Queen and King, selected by student vote from candidates nominated by the Newman Club, are crowned at the dance and prizes are awarded for the best costumed students and teachers.

The dance is usually a big success with the professors, according to chairman Bob Giuntoli. They really relax and have some fun for a change and so can you. Saturday, Feb. 27 in the Women's gym at 9 p. m.

New Members For Lumberjack Staff

The Lumberjack staff has been reorganized for Spring semester with 21 students producing the student weekly.

Kay Gerdes will continue as business manager and the editorship will be rotated in the forefront of the semester among students in the journalism laboratory, which produces the paper. An editor-in-chief to serve for the remainder of Spring and next Fall semester will be appointed later in the semester.

Ron Kunstal becomes sports editor, replacing Hugh Clark, who will continue to write his popular "What's What" sports column. Other sports staff members are Jim Dimmick, Will Dublin, Duane Oneto and Rich Machado. Dimmick also will act as distribution manager.

Bill Hayward will take over as feature editor, replacing Pat Baker who has graduated, and will continue with his "Hilltop Hallucinations" column. Douglas Wilson continues as photo editor and Barbara Oberdorf as exchange editor.

Other staff members are Sue Albrecht, Donna Cleveland, Bill Buimond, Cliff Hawthorne, Betsy Joyce, Mary Ann Miner, Hugh Motlagh, Spelvin, Sandy Wilbur, Vicky Williams and Diane Anderson.

\$91,000 Asked For Loan Fund

Humboldt State College has asked for \$91,000 to finance the National Defense Student Loans.

Thus far, Humboldt has loaned out \$58,000 to about 125 full-time students.

The college has also loaned out \$8,000 in short term loans.

"The day is soon coming that the colleges and universities will be making more loans than the banks," stated James Hoffe, HSC placement officer.

When in the course of human events it becomes necessary . . . no? I've got the perfect line!!! Listen to this. My Soc. 6 prof was explaining love to us yesterday, and the fact finally struck me that I . . . no good? Let's try the intellectual approach. Sex isn't everything . . . what, you don't believe it? Well, I won't argue semantics with you, but believe me that is a true statement. Well, I just don't know how you are going to work the problem out.

"Listen," says Herk, "I have a solution." "You know that English major on the second floor that quotes Jac Kerouac all the time? Well, that fellow could probably do the job without any . . . no, he's not too cool?"

I guess the easiest thing is just to go borrow the \$5 from the loan fund and forget Lola.

Minutes of the Student Council

The meeting was called to order at 4 p.m., Feb. 11, in the Student Activities office by vice president John Burger.

Those present were John Burger, Joan Rasmussen, Betty Bird, Mary Ann Miner, Mary Lou Barnes, Ross Stromberg, Art Dalianes, Dr. Karshner, Neil Evans, Dick Maynard, Joe Mayfield, Mona Armstrong, Marty Hessel, Ray Smeltzer, and Joe Romero.

The minutes were approved as corrected. Correction: Dec. 14, 1960, corrected to Jan. 14, 1960.

Correspondence

A letter from Mrs. Everett, college librarian, was read stating that the library staff took a survey of the number of students using the library during final week. It was determined from this survey that less students used the library during final week than during the previous two weeks before finals began.

Committee Reports

Class officers—Ross Stromberg stated that his committee is consulting class advisers, members of the faculty, and the general student body on the matter of the importance of class officers. They are compiling the reports now.

Road—Joan Rasmussen reported that she consulted Dr. Turner on the road leading up to the girl's dormitory. This road will be paved as soon as the title to the road is obtained by the state. She will talk to Bill Johnson about temporary repair of the road for now.

Old Business

Hazing Law—Art Dalianes reported that District Attorney Len Conry gave his approval of the hazing law as submitted to him. The council will now submit the law to the president's cabinet for approval.

In Memorium Page—Whether to include an In Memorium Page in the Sempervirens in future years will be discussed by the Sempervirens Staff at their regular meeting.

Questionnaire on Campus voting—The questionnaire submitted to the students during registration, on campus voting locations, will be tallied this weekend.

Leadership Conference—Joe Romero reported that the leadership conference booklets are completed and will be sent to all the participating high schools. Council members may pick up their copies in Mr. Jim Cunningham's office.

New Business

Fraternity Rules—The president's cabinet authorized the revision of the fraternity rules, and the student council accepted them.

Commissioner's Reports

Organizations—Neil Evans reported that an ICS meeting will be held Monday, Feb. 15. The problem of after-game dances next year will be discussed.

Activities—Commissioner Betty Bird, stated that the first social hour sponsored by the Student Activities Commission was held Sunday, Feb. 7, at Sunset Hall.

Rally—Ross Stromberg stated that the last home basketball games will be held Friday, Feb. 19, and Saturday, Feb. 20, against Sacramento State. Saturday's game will feature a half-time show of a two man volleyball team against a six man team.

President's Report

Art Dalianes submitted the names of Paul Asp as chairman of Homecoming 1960 and Gledynne Baldwin as 1960 Lumberjack Days chairman to council. Both of these names were approved.

Treasurer's Report

Joe Mayfield recommended and it was moved and passed that: (1) The Associated Women Students fashion show have the purposed prices of 50 cents with ASB card and 75 cents without ASB card. (2) That the ASB pay the Mendenhall transportation bill of \$239.50 from the unallocated fund for the breakdown of the bus transporting the JV team to Chico. (3) That the ASB office typewriter be transferred to the Student Activities office, and a new typewriter be purchased for the ASB office. This new typewriter will be pur-

chased from money taken from the ASB equipment fund. (4) That the price of the 1960 season tickets be raised from \$12 to \$14. The reason for this is an additional home game. The stub of the ticket will have the holder's name on it. (5) That the Board of Finance's action on the Student Activities Budget (\$125 to be taken from unallocated) be approved.

Dean of Student's Report

Dr. Karshner suggested a telegram be sent to the HSC basketball team wishing them luck in their games against the Cal Aggies. The council will send this telegram. A summer school advertisement to be run in the Lumberjack was discussed. It was decided not to run the ad.

There being no further business the meeting was adjourned.

Respectfully Submitted
Joan Rasmussen,
ASB Secretary

SONG of the SPELVIN

I am a great lover of animals, human and otherwise. Sometimes this can lead to difficulties, such as the time I told my late lamented about the cat who took a tennis racket to the psychiatrist and said, "Doctor, I wish you'd examine my brother. He hasn't been himself lately." The good doctor dutifully examined the tennis racket and handing it back to the cat, remarked, "There's nothing radically wrong with your brother. He's just high-strung, that's all."

With that the late lamented threw a cup of coop coffee at me, and as I had conveniently dodged, the coffee splattered all over the wall, and the resultant explosion is now being investigated by the district attorney's office. Now then, as I was saying . . .

Speaking of cats and such, one time I was practicing the piano, and the cat was in the house, peacefully asleep, dreaming of mice. Even before I'd hit too many wrong notes, the cat was leaping through the air and at the door, yowling to go outside. This I took to be a sign of sheer musical unappreciation, and I thought rather seriously of having another tennis racket made.

Now I know that many people don't like cats, just as some people don't like dogs, or snakes, or general education courses. But we must take the good with the bad. Cats really aren't so terrible; the only time I turn into one is at midnight when there's no moon.

Foreign Languages Progress At HSC

A class in Italian is being offered at Humboldt State for the first time this spring. Most of the students in this class have Italian backgrounds, are music majors or are planning to travel to Italy. The class which is a mixture of grammar and conversational Italian, has an enrollment of nineteen students while only ten were expected. The class is taught by Dr. Frank Wood.

In the course in elementary Russian, which was first offered last semester, 26 students were enrolled this fall, most of whom are either science majors or are interested in Russian literature and culture. Second year Russian will be taught along with first next year.

French is the only majors program in the language department now, but there are minors available in French and Spanish and possibly German this fall.

Glenn Long Drugs PRESCRIPTION HEADQUARTERS

1091 H St. Arcata

Newly-elected members of Green Key and Gold Key honorary societies for junior and senior men and women, were tapped at the annual Sweetheart Ball last Saturday night.

Front row, left to right, are Janine Ford, Kathleen Katri, Joan Rasmussen, Donna Cleveland. Back row, Paul Asp, Dick Donley, Neil Evans, Joe Mayfield.

Green, Gold Key

(Continued from Page 1)

Six juniors were chosen so the society may continue into next year. They are: Asp, who is chairman of the Board of Control, chairman of next year's Homecoming and president of the Jazz Club; Miss Cleveland, an inactive member of Spurs, a cheerleader and Homecoming Queen; Miss Rasmussen, student body secretary and an inactive member of Spurs; Evans, student body Organizations Commissioner, president of Circle K and chairman of the recent Dad's Day; Miss Katri, president of the Home Economics Club and a member of Spurs and the Newman Club; and Mayfield, student body treasurer, chairman of last year's Homecoming and a former class president.

Other members of the society are Judith Bequette, Janet French, Mona Armstrong, Dorothy Johnson, Pat Miller, Ray Smeltzer, Art Dalaines, Ronald Edwards and Barbara Wilbur.

Miss Armstrong and Smeltzer made the presentations.

New Professor Joins Soc. Staff

J. Morris Forbes has joined the Division of Social Science this spring semester as assistant professor of sociology. He is teaching three sections of Soc. I and Cultural Anthropology as a replacement for Dr. Louis Gasper who was forced to resign due to serious illness in his family.

Mr. Forbes took his undergraduate work at Redlands University and spent 12 years in India as a teaching missionary. After WWII, he helped with a restoration project in mission fields in the Philippines. He is presently working toward his doctorate from the University of California.

HSC Graduate Is Navy Officer

Ken Cornelius, who graduated from HSC last June in wildlife, was stationed in Alaska with the Department of Fish and Wildlife last summer. In September, 1959, he entered naval officer's candidate school, Newport, R. I., underwent 16 weeks of intensive training and was commissioned as Ensign with the U. S. Naval Reserve. He will serve for the next three years, and is presently stationed at the naval amphibious base at Coronado, Calif. He spent last week on campus while on transfer leave.

Political Science Profs Assess Hopes of Presidential Candidates

By WILL DUBLIN

The first attempt to form a Young Democrats and Young Republicans club on the Humboldt State College campus was successful last Tuesday in the Founders' Hall auditorium as professors Wilmer Bohlman, Ross Koen, and Gilbert Abcarian participated in a round table discussion of impressions of the 1960 presidential campaign.

For those who didn't want to commit themselves to either one of the two major parties, a third club of Independents will be formed.

Dr. Koen started the proceedings with a report of the Republican party and what their plans will probably be. He started off with, "Everyone seems to think that vice-president Nixon has the Republican nomination all sewed up. This is not necessarily true. There is a good chance that Nixon has secured the nomination, but there is a slight chance that Rockefeller could receive the nomination."

He continued, "The right wing has felt left out for quite a while now, as the left wing has gotten the nomination for president for the past 20 years. Nixon was the nomination of the right wing in both the 1952 and 1956 presidential campaigns for vice-president. Now he is sliding toward the left wing, especially on issues concerning international policies. However, he hasn't lost any of his support, because he will be controlled easier if he is chosen as the next president of the United States."

Dr. Koen said, "Rockefeller hasn't disbanded his organization! I feel that he will make his bid at the convention. He knew that he couldn't beat Nixon in several of the primaries because of his prominence in several of the large states. It shapes up to be either the whole works or nothing at all at the summer convention."

Dr. Bohlmann talked on two of the Democratic possibilities, Sen. Lyndon Johnson and Sen. Stuart Symington. He gave several reasons why each one of the two could possibly get the nomination.

"Senator Johnson isn't actually sure whether or not he is a real candidate for the Democratic nomination for the 1960 election. He has a nationally recognized name. He could resolve the Democratic dilemma, which is a split between the conservative south and liberal north. However, as a southerner, he has little chance to win. Then, there is the health issue. He had a heart attack some four years ago, but has apparently recovered from it 100 percent."

"Symington," he said, "is going to play a wait and see game.

That is all he can do. Actually, what the senator from Missouri will do is let each of the major candidates cancel themselves out, and then hope to get the nomination. This will be hard to come by, but it might actually happen. Symington has a longer voting record of voting liberal, which gives him one advantage over Johnson. He opposed Johnson's motion on the filibuster issue. Symington also has a built in military issue of long standing - military preparedness, which will be one of the issues for the 1960 campaign."

Dr. Abcarian closed the discussion with his interpretations of Senator John Kennedy and Senator Hubert Humphrey. He discussed two major items which he felt would make a difference between the two in the coming election - campaign finance and religion.

"Humphrey," he said, "doesn't have organizations behind him and is too committed on certain bills. His shortcoming is that he has no political organization in the same league as the other candidates."

"Kennedy has plenty of money and success in political organization. However, the Catholic issue is one of intangible importance. Many people feel that this shouldn't be an issue, but this will be the downfall of Senator Kennedy in the 1960 election, much to many people's dissatisfaction."

Study in Guadalajara, Mexico

The Guadalajara Summer School, a fully accredited University of Arizona program, conducted in cooperation with professors from Stanford University, University of California, and Guadalajara, will offer July 4 to August 12, art, folklore, geography, history, language and literature courses. Tuition, board and room is \$240. Write Prof. Juan B. Rael, P. O. Box 7227, Stanford, Cal.

Forestry Review Scheduled Here

The annual Forestry Research Review of the Pacific Southwest Forest and Range Experiment Station will be held at the Sequoia Theatre in the Language Arts Building next Thursday and Friday.

On Thursday, from 12:30 p.m. to 5 p.m. a number of talks will be heard. W. W. Spinney, supervisor of the Six Rivers National Forest, will give the introductions.

The first subject is entitled, "Toward Greater Timber Production," by chairman M. J. Reed. In accordance with this, talks will be given by Paul Zinke, R. E. Stevens, C. M. Countryman, D. F. Toy, and K. N. Doe.

A no-host dinner will be held in Eureka Thursday evening, with I. T. Mirow as speaker.

Friday, from 8:30 a.m. to 11:30 a.m., chairman George Frazier and N. Erickson, H. H. Smith, and I. O. Fleischer will speak on "Advances in Timber Utilization." From 12:30 p.m. to 4:30 p.m., chairman John McGuire, with Henry Hellmers, William Critchfield, Lowell Adams, Lee Paine, and W. S. Hopkins will speak on "A Look Into The Future." C. A. Connaughton and R. K. Arnold will give the summary talks.

The Wildlife department has also announced that J. C. Springer, state forestry and Larry Richy, U. S. Forestry were on campus Feb. 15, to interview forestry students for summer and permanent employment.

Business Day Set April 22-23

The fourth annual business day is set for April 22 and 23 this year. On Friday, April 22, there will be an open house and machine displays in the Business Building. The banquet will be held at the Baywood Country Club on Saturday, April 23. There will be a speaker at the banquet.

The co-chairman for business day are Loran August and Darlene Spann. Mr. Paul Hansen is the faculty advisor.

Robert Close resigned as president of the Business Club because of schedule conflicts. Vice president Robert McCord has taken the presidency.

Symphony Concert Scheduled March 24

March 24 is the date of the second formal appearance of the HSC Symphony Orchestra and the first formal use of the Sequoia Theatre. Conductor Charles Fulkerson will lead the orchestra through pieces by Bach, Debussy, Beethoven, and Lalo. He will then relinquish his baton to Dr. Floyd Glende and will play a Bach concerto on the piano.

CASUAL CAMPUS

By DONNA

Greetings and "salutations" fellow classmates. It looks like we're all back together for another grueling semester of books and binders; all, with the exception of a few dear departed ones who didn't manage to emerge unscathed the flurry of finals. Farewell, then, to those who fell by the wayside (sniff, sob) and welcome to all the new frosh and transfer students.

Valentine's Day has come and gone and the freshman class has a new Sweetheart, namely Pat Meneweather, who was crowned last Saturday night at the Sweetheart Ball. Congratulations Pat!

Speaking of Valentine's Day, Judi Crivelli and Jan Reynolds gifted their respective boyfriends (Forrest and Ross) with beautiful pairs of (blush) red and white, heart covered shorts. I can't speak for Forest, but Ross has decided the best place for his gift is on his bulletin board.

A gift that no fella would ever hang on his bulletin board would be a new shirt from Arrow's International Collection in DALY'S Menswear Dept. The big new color in these imported short sleeved sport shirts is "pewter green", a truly handsome shade indeed. Shirts are priced at only \$5. Wash 'n wear, too!

Oh yes, better give now lest I forget, a welcome back once AGAIN to old "Wayward" Bill Hayward, professional student, now in his tenth year of elective graduate work here at HSC. We really had a scare at the end of last semester when "Wayward" threatened to graduate!

A "designing woman" is Jackie Hampton, who last Saturday designed and made a beautiful black silk cocktail dress for Betty Bird. Mary Ann Miner and Mary Gold assisted with the day long project. Where did they buy the material? I knew you'd ask! DALY'S of course. In case you didn't know, DALY'S main floor stocks millions of yards of really fine fabrics for the do it yourself girl.

I sure thought it was funny about Doug Kane's narrow escape from San Quentin during the debate squad visit. That'll teach you to get stamped on the right hand, Doug!

Don't forget to come to the big Sac. game tonite and tomorrow night. It's your last chance to see the Jacks in action this season, and rumor has it that Benny Hawkins and Pete Dye, ace volleyball champs are challenging a six man Delta Sig team to a half time game. See you there!

Concert Features Contemporary Music

By SARA HALLIN

Three distinguished musicians, Phalen Tassie, soprano, Eugene Lawrence, baritone, and Leroy Miller, pianist, appeared Monday evening in a lecture recital on "The American Contemporary Composer and His Status in America Today." The concert was sponsored by Mu Epsilon Psi, Humboldt State College music organization and the Northern District California Federation of Music Clubs. Some sixty persons attended the concert and then later gathered for a reception honoring the three artists.

Mrs. Tassie began the program by explaining the reason for her absorbing interest in contemporary songs. She said that some of her friends insist that she is wasting time studying contemporary music, but Mrs. Tassie has steadfastly remained faithful to modern composers.

She said that eight years ago, after much searching, she had a repertoire of fifty contemporary songs which included as wide a variety as any good repertoire of classical masters. This was indeed an accomplishment, as one astonished British singer remarked. Mrs. Tassie said that only about one-third of her collection has been published.

Mrs. Tassie, a teacher at the San Francisco Conservatory of Music, is regarded as the foremost authority on the American Contemporary song repertoire. She is also Federation Chairman of the Northern District of American Music and a member of Mu Epsilon Psi.

Mr. Lawrence, of Palo Alto, presented a striking set of contemporary songs, also. He is a member of the San Francisco Opera Company, Cosmopolitan Opera Company, Opera Stage Company,

General Director of the Peninsula Artists and Opera Company and Federation Chairman of Opera.

Mr. Miller, accompanist and pianist from Mill Valley, also displayed his solo virtuosity in the suite: "Poems of the Sea" by Ernest Block.

National Federation of Music Clubs of which California Federation is a part, sponsors the presentation of American Music and composers and has set aside the month of February as a fitting time to present these programs.

PASSES CPA EXAM

Mrs. Carolyn Falkenberg, instructor in the Division of Business, has successfully passed her examination for Certified Public Accountant. Upon completion of the necessary qualifying experience she will be eligible for state licensing as a registered CPA.

Intercollegiate Knight Dennis Cahill greets National IK Royal King Gordon Chester on Chester's recent tour of IK Chapters. The IK Chapter here is considering re-affiliation with the National.

Intercollegiate Knights Royal King Visits Humboldt State Chapter

The HSC Yurok Chapter of the Intercollegiate Knights was host to Gordon Chester, Royal King of the National Intercollegiate Knights on Feb. 6.

Chester is a pre-law major at the University of Idaho at Moscow, and he, along with other top officers of National, was making a tour of all the Intercollegiate Knight Chapters. By doing this, the National hopes to build a closer tie with the chapters.

Chester arrived by plane Saturday morning. Bob Canepa, Dennis Cahill, Rick Stromberg, Jack Moore, and Dr. Chester Collins, the chapter adviser, made up the welcoming committee. After breakfast the group went to Trinidad to meet with the Honorable Duke, Don Daniels.

At the meeting the group discussed the chapter and Chester explained how each chapter fits into the picture with National.

He remarked, "For the size of your college I think you are to be commended on the quality of your membership and the activities of your organization." The Yurok Chapter has not been affiliated with the national for the past few years and the group was happy to have the chance to talk with Chester concerning their reinstatement.

After the meeting the group enjoyed Humboldt crab at the Dan-

iel's home in Trinidad. Chester was then taken on a tour of the campus and was shown the high spots of interest in Eureka. The day was concluded at the Bella Vista Inn for dinner.

Former Humboldt Wins Her Wings

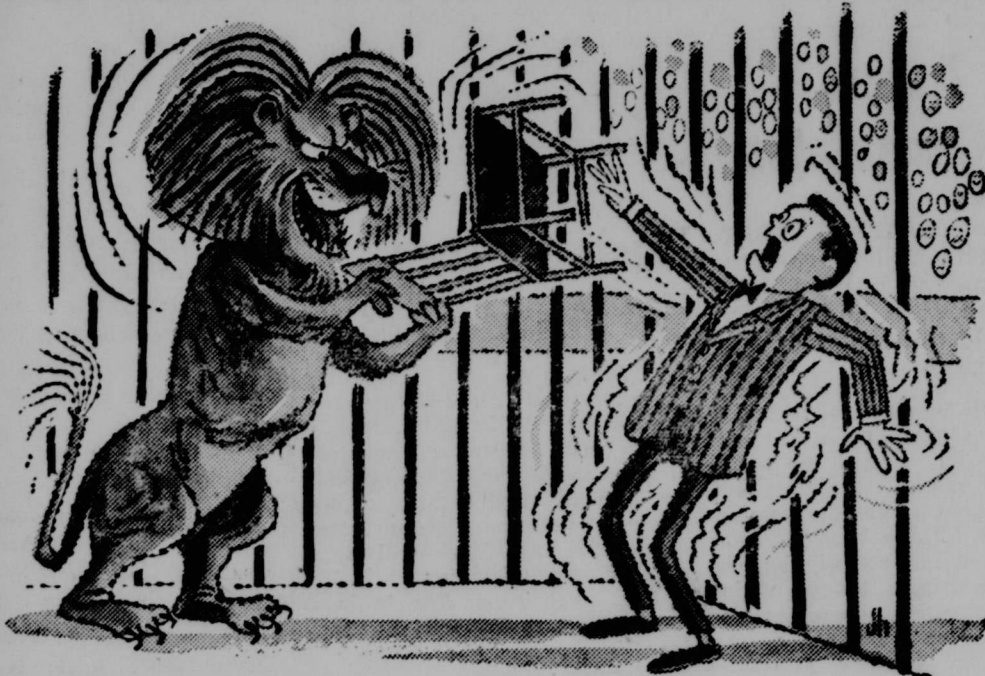

Bonnie Montgomery, a former Lumberjack staff member, has completed her preflight training and has now received her wings as a stewardess for United Air Lines.

Miss Montgomery completed her Stewardess training at United's Training Center in Cheyenne, Wyoming. The educational background that Miss Montgomery received at Humboldt was very helpful to her in being selected from the large number of applicants seeking these positions.

"We were sure you would be happy to know about her success and how pleased we are that she selected United Air Lines," said William A. Looney, manager of personnel for the Southwestern region.

Do You Think for Yourself?

(TAKE A CRACK AT THESE QUESTIONS AND SEE IF YOU CONNECT*)

If you were offered a high-paying summer job as an animal trainer, would you (A) insist on small animals? (B) ask for pay in advance? (C) find out why professionals won't take the job?

A ☐ B ☐ C ☐

"Time heals all wounds" is a statement (A) denounced by antiseptic manufacturers; (B) as true as "Time wounds all heels"; (C) that means your mind can build its own scar tissue.

A ☐ B ☐ C ☐

In traffic, when a driver behind you blows his horn, do you (A) go and sock him? (B) wonder what's wrong? (C) hope it'll settle his nerves?

Sequoia Masque To Present "Candida" Here

If you were a married woman asked to choose between your husband and a dashing young lover, whom would you choose? Such is the situation Candida Morell finds herself in G. B. Shaw's delightful "Candida," to be presented by the Sequoia Masque, directed by Dr. W. L. Jerry Turner on March 3, 4, 5, 10, 11, and 12 in the Studio Theatre, Language Arts Building.

Actually, Candida Morell is not presented with a choice; what happens, according to William Irvine, is that "in the course of the play, husband and wife come for the first time genuinely to understand each other and their actual relationship."

What kind of woman is Candida? Anne Weiss, who portrays Candida, describes her this way: "Some people would describe Candida as the 'perfect wife. Others would rather stay single." Mrs. Weiss, a faculty wife, and who hails from Minneapolis, Minn., has had previous acting experience at the University of Toledo in "Elizabeth the Queen" and "The Crucible," plus several other plays at the Toledo Community Players and the University of Minnesota.

Her young lover, Eugene Marchbanks, is described by his portrayal, Robert Graham, as having "a shrinking, haunted, tormented expression and manner that shows the painful sensitivity of the very swift." Graham, a sophomore drama major from Arcata, has appeared in four previous HSC productions. Marchbanks is a young man in love with the love of love, and "has all the obvious weaknesses and will eventually succeed because the world cannot prevent him," states Irvine.

There are other characters in Shaw's study of human relationships: the Rev. James Morell (Bernard Mouton), Burgess, Candida's father (William Livingston), Lexy, Morell's curate (Reginald Randal Minty), and Prosperpine Garnett, secretary to Morell (Diane Gillespie).

Tickets for "Candida" are one dollar for adults (student body card holders free) and may soon be obtained at the Language Arts box office for the 8:15 p. m. performances.

Extension Classes Offered In Four Localities

The Office of Extended Services of Humboldt State College has announced the following locations for its various Extension Courses.

These are in Arcata, Humboldt State College and Arcata Union High School; in Eureka, at either St. Bernard's High School or Eureka Junior High; in Fortuna, at Fortuna Union High School; and in Rio Dell, at the Rio Dell Elementary School.

Many of the classes have held their first meeting but those who are interested have until the third class meeting to register.

Included in the classes to be offered this semester are Spanish 4B, Conversational French; Art 27, 127, Water Color Painting; Sociology 6, Marriage; History 148, Recent World History.

The tuition fee is \$8.50 per unit value of the course. Extension courses are open to any adult who can profit by them. Students seeking to apply them to degree or credential programs should consult the Registrar's Office to make sure of their applicability to particular objectives.

A complete schedule of the various courses and their location is available from the dean of extended services.

Wins One of Three

The Humboldt State Lumberjacks won one out of three games last year from the Sacramento State Hornets. HSC won the first contest 53-36, and then suffered 67-59 and 56-51 defeats.

Burgess (William Livingston) questions young Eugene Marchbanks (Robert Graham) in a rehearsal scene from the forthcoming production by the Sequoia Masque of G. B. Shaw's delightful "Candida," to

be presented March 3, 4, 5, 10, 11, and 12 in the Studio Theatre. Others in the cast, directed by Dr. Jerry Turner, are Anne Weiss, Diane Gillespie, Reginald Randal Minty, and Bernard Mouton.

Four Home Ec Majors Move Into Home Management House

The Home Management House is currently being occupied by four junior and senior home economics majors who are putting into practice the techniques and skills they have learned in Foods and home management courses. The four women now occupying the house which will be their home for the next six weeks are Kathy Katri, Deanna Kaster, Karen Turner, and Shirley Nelson.

While they are living in the house the women are expected to do their own meal planning, bud-

geting, buying and serving. Positions of cook, assistant cook, hostess-housekeeper and laundress are rotated so that each girl has a chance to apply all her home management techniques. An instructor, Miss Emilia Tschanz, lives in to help the girls with any problems.

This part of the Home Economics curriculum is a degree requirement for the four, who will be replaced at the end of six weeks by another group of four majors.

Wildlife Dept. Gets Rare Duck

Dr. Stanley W. Harris, assistant professor of game management received an Eastern male black duck from the University of Maine recently. The duck is the first of its kind received by the department. It is to be stuffed and mounted for display at the Wildlife building.

Henry Froehlich, associate professor of forestry, and four students recently went to Redding for a two-day meeting that dealt with fire and insect stands of timber.

Sorem Receives 'Man of Year' Circle K Honor

C. M. Sorem, superintendent of Arcata Union High School district, was presented the "man of the year" award at an annual banquet in Eureka last Saturday evening.

The yearly Humboldt State Circle K award was presented to the veteran educator who is leaving his duties at the Arcata school this spring.

Gene Currier was formally installed at the club's 1960-61 president along with three other new officers. Three new pledges received full membership rights at the affair.

Outgoing president Neil Evans presided as master of ceremonies at the banquet attended by members, their guests, and advisors.

See The Dinah Shore Chevy Show in color Sundays, NBC-TV—the Pat Boone Chevy Showroom weekly, ABC-TV.

Get the quiet proof of Chevrolet's superior performance on the road—

No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts

further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Now—fast delivery.

HSC Wrestlers Whip Chico State

'Jacks in Back to Back Pins For Third Victory

In a duplicate copy of an earlier meeting, the Humboldt State Wrestling team scored a come-from-behind 18-16 upset victory over the Chico State Wildcats at Chico last week.

After Chico had built up a seemingly insurmountable 16-8 lead the "Chain Gang" duo, Al Hagerstrand and John Bobell came through with clutch victories to post the grapplers third win in four starts this season.

Jerry Davis, Humboldt's 123-pound newcomer opened up the evening's card by pinning Tony Angeles of Chico in the third round to give HSC a quick 5-0 lead. Davis used a half nelson, pinning his foe after taking a 10-3 lead.

Wildcat Jim Neff knotted up the score at 5-5 when he pinned another newcomer to the HSC squad, Ron da Silva in the second round. He was leading da Silva 4-0 at the time of the pin.

Paul Sengo, Chico 137-pounder moved the Wildcats into an 8-5 lead with a hard fought 4-1 decision over the Green and Gold's Ron Kunstal. Sengo used a take-down and reversal for the three point decision.

HSC's Howard Covington was a victim of hard luck in the 147 pound class virtually pinning himself. Covington was working for a hold on Chicoan Miles Turner when he ended up on his back with Turner on top of him. The win gave Chico a 13-8 lead with three matches remaining.

HSC footballer Fred Whitmire started the Jacks rolling as he won an 8-0 shutout victory over Chico's Jim Russell in the 157-pound class.

Whitmire had control of his man throughout the entire nine minutes and came close to registering his second pin of the season.

Gene Van Horn wrestling for the first time at Humboldt dropped a 5-0 decision to Chico's Bruce Bechtol in the 167 pound event. At this point the hopes for a Humboldt win seemed pretty dim as Chico held a strong 16-8 lead.

But Hagerstrand showing his speed and skill which has kept him undefeated, built up a 2-0 lead in the first round with a takedown over Chico's 177-pounder Bill Hubbard. Using a stackup, Hagerstrand pinned his opponent in 1:30 of the second round to make the score 16-13.

Humboldt's heavier half of the "Chain Gang" duo John Bobell lost little time in posting a pin to give his team the 18-16 upset win. Bobell easily maneuvered his Chico opponent Gene Landry into a bar half nelson in 1:54 of the first round. Bobell was leading 2-0 at the pin, scoring with a take-down.

St. Mary's Downs Jacks

In a game with St. Mary's last year the HSC basketball squad dropped an 84-49 decision after trailing by one point at halftime, 35-34.

Wrestlers In Two Match Stand in Oregon

The surprising young wrestling team of Coach Gordon Schroeder will be travelling to Oregon today in hopes of evening up an earlier loss to the Oregon Tech Owls at Klamath Falls.

The hustling grapplers in their first year of competition will be involved in a rarity in intercollegiate wrestling circles as they will wrestle two times in less than 24 hours.

This afternoon at four o'clock the Jacks will tangle with the Southern Oregon College of Education at Ashland. This Oregon squad boasts several strong wrestlers including an NAIA Regional champion in the 177-pound class. The Red Raiders should be a real thorn in Humboldt's side as they also suffered a close loss to the Owls.

After the SOCE match the Green and Gold will travel to Klamath Falls where they will meet the Owls on Saturday at 11 a. m. In an earlier contest at Humboldt the Oregon powerhouse nipped the Jacks by a 15-13 score. HSC came close to a tie as 177-pounder Al Hagerstrand narrowly missed a pin on Oregon high school champion Wendell Winterbottom, which would have given Humboldt five points and a 15-15 tie.

After the Oregon contests the Jacks will be working in preparation for the Far Western Conference Championships which will be held on Saturday, Feb. 27 at Davis.

HSC has a 3-1 overall record so far this season with two upset vic-

Basketballers Split Series With Surprising Cal Aggies

By WILL DUBLIN

The Humboldt State College Lumberjacks split a pair of basketball games with the Cal Aggies last weekend at Davis. The Aggies shot a torrid 49 percent on Friday night, to win their first FWC game in two years, by trouncing the 'Jacks, 73-49. Humboldt came back the following night to eke out a 55-52 win in the last seconds of play.

Senior guard Mike Freeman was the main reason for Aggies breaking into the win column. Freeman tanked 12 of 15 shots from the floor, along with six charity tosses for a total of 30 points. This was the best performance turned in by a FWC player this season.

It should be noted that the Aggies' hot shooting wasn't the only reason for the 'Jacks defeat. Meshing only 19 of 35 free throws on the part of Humboldt State proved to be fatal.

The Lumberjacks had their task ahead of them, being behind seven points at the half. Realizing that this might be the night for the Aggies, Franny Givins' crew pulled within two points, 32-30, after the start of the second half. This is when the Aggies caught fire and ran away with the contest.

Felix Rogers, top scorer in the FWC, Larry Krupka, and Eddie Thomas, all scored in double figures. But it went for naught, as the three totaled 37 of the 'Jacks 49 points. Rogers had 16, followed by Krupka with 11, and Thomas with 10. Caver, Crichton, and Krupka all fouled out, which did-

not help them either. tories over rival Chico State and an impressive victory over the Cal Aggies. The lone loss was to the Owls of OTI.

n't help them either.

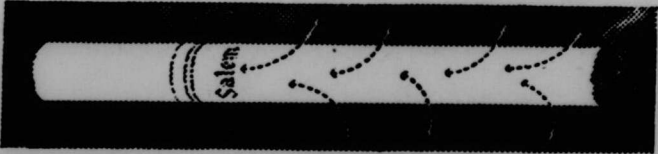

It was a sad night for the 'Jacks on Friday, but the following night, Humboldt State took advantage of that old bugaboo, the sixth time out. This has lost many games for teams that would have ordinarily won the game. The Aggies called their sixth time out in the last thirty seconds of play, with the score tied at 52-52. Rogers stepped up to the charity line and sank his one free throw to put the 'Jacks ahead, 53-52. Now Humboldt had control of the basketball and only needed to stall out the final seconds.

In a last second desperation, one of the Mustangs fouled Thomas, who stepped up to the free throw line in complete confidence and sank both shots, to put Humboldt State ahead 55-52, and thus put the game on ice.

Thomas' fourteen markers was a definite asset to the Lumberjacks, but the 21 point output by post Krupka, was the decider. The Aggies jumped to a quick lead, but the 'Jacks caught the Mustangs at the half, down only one point, 26-25. Then the Lumberjacks caught fire and upped their lead to seven points. However, the Aggies were not to be denied and again closed the margin to a couple points, but to no avail.

'Jacks Host Sac. State

What's What!

by Hugh Clark

Come on Humboldters Don't Give Up The Ship, Yet!

When Humboldt suffered an unexpected but convincing upset last Friday at Davis most Humboldt fans said, "Well, that does it for another year."

And we were first inclined to go right along with that statement since Humboldt's 4-3 record seemed to put our Jacks right out of the Far Western Conference championship picture.

However, that picture has changed considerably and now we beg of you to give the HSC quint one more chance. What kind of reasoning are we using after saying the Hill-toppers were out of it for all practical purposes?

For one thing a 55-52 victory the following night, Saturday, at Davis and then two games played earlier this week, which makes it quite possible for any of five member schools to capture laurels.

Sacramento, the defending champion, finally hit its stride with a win over Chico two weeks back and proved it was no fluke Tuesday when they lowered the proverbial "boom" on San Francisco State, 72-58.

When the dust cleared from the battle, the two were tied for first place with Humboldt just a game behind. Then another game changed the complexion of this year's race. Cal Aggies, the awakening giant, turned away Chico State by a large margin that kept another contender at least one more game away.

Glancing over the loop's standings we find Sac and SF tied at the top with 4-2 marks, Humboldt trailing at 5-3, followed Nevada at 3-3 and Cal Aggies at 2-5. Chico is 1-4. Only the Aggies which have resolved to being the spoilers are out of title contention. Certainly, the top four schools are very much in the race, going into this weekend's full slate of games.

If our Lumberjacks are fortunate enough to come back for the title, they'll have to enter the magic winner's circle by both the front and back door.

The Gators have a 4-2 record and must lose at least one of their four remaining games. Cal Aggies get a double crack on Friday at San Francisco and Saturday at Davis. And, the way the Mustangs have been going, they just might earn a split with the Gators.

Then there's Chico, which has already beaten San Francisco in non-conference play. A two game series with the Wildcats might also prove fruitful for HSC. That's the back-door method.

Knock, knock. Oh yes, there's Sacramento wanting in at the front door. They'll be in town tonight and tomorrow evening, and when the battle is over, one of the two teams will probably be eliminated.

A split for Humboldt would probably be disastrous. The Jacks have been bouncing back all season, but the Sacramento State series is the end of the road and there just isn't any room to bounce after this weekend.

On the other hand, a split for Sacramento might be enough for the Hornets to remain in contention. Thus, the Capitol City five will be going all out for at least one win while the Jacks will be fighting for a series sweep.

In the meantime, Chico and Nevada will be knocking heads together in their two-game battle at Reno and if Nevada wins a pair it will be very much in the running.

The first horse to finish may not win, but that's the one we're most interested in - Humboldt State. What looked bleak less than a week ago can be brightened this evening if the Lumberjacks can, and we think they can, sweep a series over the Hornets.

Tonight, Ev Shelton, famous and infamous pilot of the Hornets makes his debut in Humboldt county. The former "big-time" mentor left Wyoming where he was regarded as one of the top coaches in the Skyline Conference.

His early success at Sacramento this season was practically nil, but since star center General Lee "Gent" Davis got his eligibility restored after transferring from Gonzaga University, the Hornets have appeared as a new team.

Shelton is said to have contributed many of his own innovations to the game, both offensively and defensively. His stepdown to Sacramento caused some concern in the conference as to Sacramento building toward a basketball power, particularly since they have been FWC mainstays the past few seasons.

Shelton once was quoted as saying he has a couple of Hornets capable of playing first string at Wyoming which is one way of saying Sacramento shouldn't be lightly regarded, even though Humboldt clipped them during the Far Western Christmas tourney.

Regardless, Humboldt students and fans will get a look at the fiery coach in Humboldt's and Sacramento's most important and decisive games of the season.

'Jack of the Week

AL HAGERSTRAND

Getting the nod for this week's Lumberjack of the Week is 177-pound grappler Al Hagerstrand. Hagerstrand came through with another clutch performance on Friday night against Chico as his pin enabled the Jacks to nab an 18-16 upset win. In an earlier encounter this season Hagerstrand pinned his man to aid the Jacks in an 18-16 victory. The freshman standout was the Northern California 177-pound prep champion at Mt. Diablo High School last year and is 4-0 with the Lumberjacks this year. As the smaller member of the "Chain Gang" duo, Hagerstrand is currently a definite contender for the Far Western Conference 177-pound championship. This weekend he faces a tough schedule as he meets last year's Oregon 177-pound state champion at OTI, and an NAIA regional champion at SOCE. Much of Humboldt's hopes for the conference crown lie with this brawny freshman's outstanding performances.

Tweedy Paces Junior Jacks To 6th Straight

By DUANE ONETO

The Humboldt State Junior Jacks won their sixth straight basketball game last Friday night as guard Walt Tweedy sank a jump shot with 46 seconds remaining in the game to defeat Appels of Crescent City 53-52.

The game opened with a very slow pace as both teams were cold. After the first ten minutes of play the score was tied at 7-7. In the remainder of the first half the action picked up with Ron Hintz leading the visitors to a 23-22 half-time edge.

End Season in Battle With Hornets in Home Finale

Humboldt State College Lumberjacks (5-3) will close out their 1959-60 campaign by hosting a rough Sacramento State College five (4-2) tonight and tomorrow night in the men's gymnasium.

With both teams still in the running for the FWC title, a complete sweep by both teams will be necessary. The Hornets, coached by Ev Shelton, met league leading San Francisco State last Tuesday night and won easily, 72-58. This put both clubs in first place in the FWC with 4-2 records.

In other action this week, the Cal Aggies played the role of the spoiler again beating Chico State, 69-57. The Aggies won their first league game in two years last Friday night at the expense of the Lumberjacks.

It is quite apparent that the number one team at the close of this year's basketball race will have four losses. Sacramento has to play Humboldt and the University of Nevada. San Francisco plays the Aggies this weekend and travels to Chico State the following weekend. Meanwhile, Chico plays Nevada this weekend. The remaining game finds Chico and Cal Aggies tangling with each other.

The series with Sacramento will no doubt prove to be a battle of the boards. Sacramento boasts the number one rebounder in FWC play, Gent Davis, who has been declared eligible after sitting out four games. Meanwhile, the Jacks have Larry Krupka as their number one rebounder, who ranks second behind Davis.

Krupka also has a sharp eye from the corner and free throw line, while Davis has a beautiful jump from outside the key. Both are key players and can be counted upon for additional spark when needed.

On the front line, the Jacks have Felix Rogers and Bill Crishton. Rogers is currently the top scorer in the FWC with a 15.0 average for eight league encounters, and is also fourth in rebounds in league play. Crishton has improved with

every game and is also a strong man on the boards.

Sacramento has a pair of 6'3" forwards, Fred Scott and Dennis Cole. Scott is a good outside shooter and rebounder while Cole is second for the Hornets in FWC scoring with a 10.7 average for four tilts.

At guards, Humboldt State has the best combination in the league in Eddie Thomas and Billie Caver. Both are seniors and three year veterans. Thomas is second in FWC scoring with 105 points in eight games for a 13.1 average, and fourth in overall scoring with a 12.0 average. Caver was third in league scoring until last weekend, but scored only six points to fall behind Krupka.

Sacramento boasts Bob Brenning 5'10" and Al Smith 6'1" at the guard positions. Both are juniors with experience. Brenning is the top point maker for the Hornets and is a sharp left-handed shooter from the outside.

The contest should prove a thriller as it was this same school that upset the cart on the Lumberjacks FWC crown hopes last year.

Junior Jacks Finish Season This Weekend

The Humboldt State Junior Jacks wrap up the 1959-60 basketball season this week-end when they play two teams from the Eureka Men's League.

On Friday night they play LaSalles, and Saturday they play Bernie Anderson. Action will start at 6:30 p.m. both nights, and the games will precede the FWC contests between Humboldt State and Sacramento State.

Coach Tom Schubert of the Junior Jacks lists probable starters as Bob Halverson and Doug Riedmiller at forwards, Ron Stammer at center, and Walt Tweedy and Pat O'Brien at guards.

The time: Valentine's Day, 1960. The place: Humboldt County. The fishing situation: poor. This week, the fishermen among us are sitting at home, reading fishing stories or dreaming, not so much about "the big one that got away" but about the big one that might have gotten away if we had ever had a chance to try our luck at catching him!

One by one, the rivers — the Mad, the Eel, the Klamath, Redwood Creek — have yielded to smothering masses of high, silty water, until only the Smith was offering any fishing at all. Then came last week's storm and now even that "last chance" stream seems to have given up the ghost. Perhaps by the time this column reaches you, the situation will have improved but, as of now, the fishing picture is bleak, indeed.

Another bit of bad news for the fishing fraternity: Cedar Creek Hatchery, at Leggett, was badly damaged by last week's storm and flood. All the eggs and most of the fish in the hatchery were destroyed.

Still another point of rather alarming interest is the very small number of fish going up the Mad River. As of Jan. 2, only 55 steelhead and 19 king salmon had passed Sweazy Dam, compared with approximately 300 steelhead and 500 king salmon at the same time last year. This is certainly a strange situation, considering that the Mad used to be classed as one of the best streams around. Now its qualities seem to be all negative. The reasons for this drastic change are probably related, not to lack of fish which might use the river, but to changes in stream use. One article that I read recently stressed the polluting effects of the mills along the river, and their effect on the fish. Another offender is the company that dumps the wastes from their gravel works into the river.

A study of these gravel operations, made recently by the California Fish and Game and the Pollution Control Board, showed the turbidity of the river below the gravel works to be twice that of the river upstream from the operations. This increased turbidity probably had no direct killing effect on the fish but, as a result, many of the food organisms consumed by the fish are destroyed. Let's hope that further studies and operations will bring the Mad back to its former position as a great salmon-steelhead stream.

Perhaps the brightest spot on a somewhat bleak horizon is the bill just passed by the State of California, authorizing the construction of \$28,000 worth of access roads in southern Humboldt's "Unknown Coast" area. The twenty-seven miles of road will open up an area around King's Peak that should offer some excellent surf and abalone fishing. The area, 21,000 acres of rugged public land, also has a considerable deer population.

Tip of the Week: The Boot and Blister Club hiking trip at Prairie Creek State Park, Saturday, Feb. 20. If you like hiking, photography, nature study, or just company, come along.

Models Wanted For AWS Fashion Show

All women interested in modeling for the AWS-spring fashion show are urged to tryout Tuesday at 4:15 in the Sunset Hall lounge, according to general chairman Helen Wilson.

Girls who tryout should be able to wear sizes 8, 10, 12, or 14 and be between five feet two inches and five feet six inches in height and should wear heels. Previous experience is not necessary.

The fashion show, annual money-raising project sponsored by the AWS, is scheduled for March 17 and there will be an admission charge of 50 cents for ASB card holders and 75 cents for those without.

Decorations will follow a St. Patrick's Day theme. Decoration chairman will be Jackie Neely. Other chairmen are Sue McArdle, refreshments, Barbara Hammer, publicity, Susan Messner, tickets, and Joann Ferguson, program.

HSC Debate Team Returns

The debate teams have recently returned from a tournament which, with the results of the Linfield tournament on March 2-6, will select the best teams to be sent to the championship tournaments at Reno and Pasadena over Easter week.

The senior division tournament in debate only held at the University of San Francisco was handicapped by the illness of both members of Humboldt's best potential team. Tony Karachali was ill while Ron Edwards had laryngitis. The team of Gary Goble and Karl Harber also failed to score.

Larry Moogerman and his partner Roy McKeag beat Stanford three times, but lost to San Francisco State, College of the Pacific and St. Mary's in the Tyro or lower division tournament held at the College of San Mateo. Moogerman also won a trophy in oral interpretation. Other teams who competed there include Frances Padgett and Steve Turner, Jo McBeth and Dick Turner. The purpose of the tournament was to enable the beginning teams to gain experience for coming varsity tournaments.

Siemens Leaves On Trip to East

President C. H. Siemens recently left on a recruiting tour of Eastern colleges in the United States for professors for the next school year.

While recruiting for between 10 and 15 persons he will visit the University of Ohio in Columbus, the Wayne and Detroit Universities in Michigan, and colleges and universities in Philadelphia and Chicago.

Before starting his campaign through the colleges, President Siemens attended an AASA convention in New York City and a National Education Association convention in Atlantic, Georgia. He will return March 10 from Chicago.

Paul Volkening, new pottery instructor from Berkeley applies his skillful hands to the potter's wheel. He is teaching at HSC this semester as replacement for Prof. Reese Bullen, who is on sabbatical leave. An exhibit of Volkening's work is on display in the Art Gallery.

Potter Paul Volkening is Spring, Summer Replacement in Art Dept.

By DONNA CLEVELAND

Paul Volkening, associate professor of art, is currently replacing Prof. Reese Bullen as instructor of pottery for the months including in the spring semester and summer session.

Prof. Volkening, an accomplished potter, is a graduate of the California College of Arts and Crafts, where he received his BA degree and Mills College in Oakland, where he received his MA. He also spent a year in Finland as a Fulbright scholar in pottery. His past teaching experience includes years spent at the California School of Fine Arts, Berkeley Evening High School (adult education), and the Oakland Recreation Department.

A Bay Area resident for the past twelve years, Prof. Volkening lives in Berkeley and has his own studio there. He has exhibited nationally and statewide and at various Bay Area stores including a one man show at Gump's gallery in San Francisco. Other places of exhibition include museums in Syracuse, New York and Wichita, Kansas, the De Young Museum in San Francisco, the California State Fair, and the Miami, Florida Art Gallery.

Prof. Volkening believes that "pottery should be an object of simple beauty or one that has some sense of the materials that were used." In looking at pottery he

looks for the "clay quality" and does not like pieces glazed to such an extent that it hides the clay underneath. His views are reflected in the direct, simple elegance of the works in his current pottery exhibit in the HSC Art Gallery. This exhibit will remain on display through Feb. 26. Students and faculty should avail themselves of this opportunity to see some really fine examples of clay work.

Business Seminar Now In Progress On HSC Campus

The second small business management seminar is now in progress at HSC. The seminar started on Feb. 9 and will continue until March 29, when there will be a dinner meeting and presentation of certificates. This seminar for the businessmen of the area was started last year. It met with such approval that the seminar is being repeated this year.

At first it was scheduled for Tuesday evenings only, but there was such a turnout that two sessions were formed. The first session is on Tuesday evenings with a duplicate session on Wednesday. At the present time there are 58 businessmen attending the sessions. These businessmen come from the small business as well as from the larger firms in the area.

The main purpose of the seminar is to help the businessman by discussing his problems and reviewing the new developments in the vital areas of business management.

The seminar is being coordinated by Edwin Caplan, CPA, and assistant professor of business at HSC.

There have been and will be various speakers talking about the various phases of business activity. They will cover such topics as essentials of good management, by Richard M. Odie, director, small business advisory service, Bank of America; legal and tax problems of management by Richard H. Kent, CPA, Ernst & Ernst, Certified Public Accountants, Oakland; financing the small business by Harvey G. Brown, vice president, Crocker-Agnlo National Bank and Edwin Caplan, CPA, assistant professor of business, HSC; using accounting records for profit by William F. Jackson, CPA, chairman, Division of Business, HSC; the management of sales by Dr. Carl Strand, associate professor of business, HSC; human relations in business by Dr. Pete Zidnak, associate professor of business, San Jose State College; advertising as an aid to profits by John O'Rourke, president John O'Rourke Advertising, San Francisco.

NAMED INSPECTOR

Gary Lee Beard, biological science major from Compton, California, has been appointed Food and Drug Inspector by The Food and Drug Administration. Beard is a January graduate from Humboldt State College.
