## Nelson Hall Is Approved As Activity Center

By MARY ANN MINER

Nelson Hall has been obtained by the Student Activities Commission as the new Student Activities Center for next year, with the formal opening to the students set for Oct. 2.

All of Nelson Hall, with the exception of the east wing which houses the news service, psychology, and nursing offices, will be converted to make the new Student Activities Center.

"We feel that the main function of the Activities Center will be to serve as a unifying force for all student body, club, and organization activities here at Humboldt State College," Activities Commissioner Betty Bird, said this week.

For the first time in the history of HSC, the general activities of the student body, clubs, and organizations will be housed in the same area. The building will provide offices for the ASB officers, and it will house all of the representatives for the clubs and organizations on campus.

The center will also provide for an extended Student Activities Commission Program. Next year there will be more films, social hours, exhibits, lectures, dances, and games sponsored by the commission.

Besides this, the Activities Center will provide a general meeting place for the regular student, a place for him to relax, play games, or study.

It will provide an all-around recreational, educational and cultural program for everyone attending the college.

The Student Activities Center is something that everyone at Humboldt has been waiting for for quite some time. It is necessary to the college because it will meet many of the needs of the Activities Program, the student body organizations, the commuting and on-campus students, and the faculty and alumni.

## Nevada To Join HSC Retreat

The ASB Executive Council is planning to meet with student body officers of the University of Nevada for a retreat in May. Location of the retreat will be a resort about equal distance between the colleges.

The date is set in May so newly elected officers of both schools will be able to attend. Purpose will be to acquaint new officers with their jobs and discuss problems common to both colleges.

According to Ross Stromberg, HSC chairman for the affair, some of the discussion topics for the weekend meeting will be rallies and sports, budgets, representation in government, parking, assemblies and student-faculty relations.

### PLAY TICKETS

Tickets for the Arcata Community Players' production of "Fifth Season," which is scheduled next Thursday, Friday and Saturday in Founders Auditorium, may be bought from Anna Beck, Founders 118. Prices are \$1 for adults, 50 cents for children 12 and under.

## Two Complete Parties Announce; Filing Deadline Set For Tuesday

Making their second formal appearance this year will be the College Choir, under the direction of Dr. Leon Wagner, next Tuesday in the Sequoia Theater. Standing left to right in the bottom row are Sandra Ervin, Joan Iverson, Joan Bullock, Kenna Koenig, Dorothy Elliott, Lynda Erickson, Kay Callison, Margaret Moody, Joyce Taylor, Diane Freeman, Mike Richards, Billie Frasier; second row: Pat Olson, Carol Reddick, Pat Van Deventer, Nora Devereaux, Lynn Ricker, Karen Sundquist, Gwen James, Pat Miller, Judy Johnston, Judy Nilsen, Carolyn Doyle, Linda Woodruff, and Mary Lawson; third row, Bella Hammond, Darlene Garcelon, Mel Messinger, Don Westlake, Don Holmes, Pete Loquet, John

Bobell, Larry Westlake, Joe McAllister, Don Angst, Eugene Mullens, Pat Sanderson and Carolyn York; third row: Gary Still, Bill Shreeve, Leighton McCaske, Jesse Moon, Frank Alden, Ted Hamilton, Bill Turner, Ruben Segura, Jerry Flora, Jeff Simas, Will Dublin and Otto Holgersen. Not pictured are: sopranos Carole Cress, Marcia Herrala, Kay Magnuson, Janet Smith, Jean Stuart; altos Elaine Bux, Helen Hayes, Kittie Hemingway, Karla Kaski, Carla Munther, Iris Osborne, Martha McLaughlin and Rosalie Prince; tenors Rowland Nilson, David Shank, and Ken Vandusen; and basses Charle Bleything, David Beans, Ron Kear, Gordon Krines, Karl Nilson and Roger Olson.

## Choir's Spring Concert To Be Presented Tuesday

One of Bach's greatest motets for unaccompanied voices, "Jesu Priceless Treasure," will be featured by the College Choir in the Annual Spring Concert Tuesday at 8:15 in the Sequoia Theater, directed by Dr. Leon Wagner, associate professor of music.

"Jesu Priceless Treasure" is Bach's only known motet written for five voices. One of his biographers has said it is "far above anything else of its kind produced by any other composer whatever in scope, interest, artistry and nobility."

Portions of Brahms' "Gypsy Songs" will also be presented by the Choir. This is a group of Hungarian folk melodies of which Brahms was very fond and which he arranged for chorus with very difficult and colorful piano accompaniment. The piano part will be played by Judy Nilsen, sophomore music major for m Eureka.

In the choir's last group will be a variety of selections including a "White" Spiritual, "On My Journey Home" by Frank Ahrold, and a new arrangement of a Negro spiritual entitled "Hold On".

The Madrigal Singers will add (Continued on page 5)

## Physics Major Wins Scholarship

Bryan Seiber, a Physics major from Eureka, has been notified he has been accepted for a \$2,500 Health Physics Scholarship to Vanderbilt University, in Nashville, Tennessee.

The senior will graduate this June and will attend Vanderbilt in the fall. He will study there for a year. He then plans to go to Oak Ridge, Tennessee for summer study. Seiber has future plans of receiving his masters degree in Physics, and later, a doctors degree.

Vanderbilt, a coed college of 1,800, is a highly competitive school in its College of Arts and Sciences. The school offers 18 majors in the Arts and Sciences.

## Music Festival Being Held On Campus Today

Approximately 2,000 high school students are participating in the annual High School Spring Music Festival on campus today, under the sponsorship of the HSC Music Department.

The day long festival is the highlight musical event of the year for the singers and band and orchestra members from Eureka, Arcata, Ferndale, Hoopa, Fortuna, South Fork High Schools, and George C. Jacobs and Eureka Junior High Schools.

The 800 band and orchestra members and the 1,200 singers are performing musical numbers within their groups.

Appearing in the Women's Gymnasium are: 10 a. m. - Fortuna Union High School Orchestra; Eureka Senior High School Boy's Glee Club; 10:25 a. m. - Eureka Junior High School; Fortuna Union High School Girls' Chorus; 10:50 a. m. - George C. Jacobs-Eureka Junior High School Orchestra; Fortuna Union High School Chorus.

(CONTINUED ON PAGE 3)

Petitions for nominating Associated Student Body officers for the Spring election close Tuesday at 4 p. m. Anyone interested in seeking a student body office must file a petition with the ASB president no later than Tuesday. Petitions are available in the ASB Office, Room 206 in the Coop, or in the Dean of Activities Office in the Administration Building.

At press time, two complete parties and one independent candidate have filed petitions. Heading the Lumberjack Leaders is Paul Asp. While Joe Mayfield heads the Octagon Volunteers. The independent candidate running for Publications Commissioner is Hugh Clark.

Running with Asp on the LL Party is Dick Maynard, vice president; Nancy Mendes, secretary; Bob Merritt, treasurer; Betty Bird, activities commissioner; Roger Olsen, organizations commissioner; Gary Peterson, awards commissioner; Bud Kolding, rally commissioner.

Running on the same ticket with Mayfield is Ross Stromberg, vice president; Lynn Ricker, secretary; Joe Romero, treasurer; Linda Dolf, activities commissioner; Tony Karachale, organizations commissioner; Bill Crichton, awards commissioner; Donna Cleveland, publications commissioner; Pat Meneweather, assemblies commissioner; Bill Turner, rally commissioner.

Election will be held Friday, and Monday, April 22 and 25 and the runoff, if necessary, April 27.

In addition there will be two constitutional amendments on the ballot. The first amendment deals with a 2.0 average needed by students to hold an office or appointment within the Association, or to be an executive officer of any club or organization within the jurisdiction of the Association or to be even a candidate for an office. The second amendment deals with the presidents of the four classes be given a vote on the Executive Council.

In order for these amendments to become effective, they must be passed by a two-thirds majority of the Associated Students and at least one third of the Association must vote to qualify election results.

The constitution reads that, "any student who will be absent during the election period and who desires to vote, will register with a members of the Executive Council not less than four days before the election. It will be the duty of the Executive Council to draw up special absentee ballots which will be essentially the same as the regular ballot except that there will be printed at the top, "ABSENTEE BALLOT ONLY!". The absentee voter's signature shall be placed on the envelope. After the absentee voting has taken place, each voter will seal his vote in an envelope and place it in a locked ballot box set up for that purpose."

## Amendments On Ballot

During the Associated Student Body elections, Friday and Monday, April 22 and 25, two constitutional amendments will be on the ballot. The first amendment deals with the requirements of a two point cumulative average needed for any person to hold an executive office of a club and organization or any Associated Student Body officers or appointments. The second amendment would make a class president a voting member of the HSC Executive Council.

In order for these amendments to become effective, they must be passed by a two-thirds majority of the Association and at least one-third of the Associated Student Body must vote to qualify elections.

The amendments will read as follows:

ARTICLE II, SECTION 150, the paragraph, "No student shall be a candidate for, or hold office in the Association who does not have at least a scholastic average of C" shall be changed to read as follows: "No student shall hold office or appointment within the Association or be an Executive officer of any club or organization within the jurisdiction of the Association, or be a candidate thereof, who does not have at least a cumulative grade point average of 2.0."

ARTICLE 111 — EXECUTIVE COUNCIL, SECTION 160, the paragraph, "The Executive Council shall consist of the vice president of the Association, who shall act as the presiding officer of the Executive Council, the Secretary, who shall act as secretary to the Executive Council; the President and the Treasurer; the six Commissioners and the four Representatives at Large; and the faculty adviser, appointed by the President of the College. The voting members of the Executive Council shall be the six Commissioners, four Representatives-at-large, Secretary, Treasurer and the President; A quorum shall consist of a majority of the voting members," shall be changed to read as follows: "The Executive Council shall consist of the Vice President of the Association, who shall act as the presiding officer of the Executive Council, the Secretary, who shall act as secretary to the Executive Council, the President and the Treasurer; the six Commissioners, the four Representatives-at-Large, the Four Class Presidents; and the faculty adviser, appointed by the President of the College. The voting members of the Executive Council shall be the six Commissioners, four Representatives-at-Large, four Class Presidents, Secretary, Treasurer, and the President. A quorum shall consist of a majority of the voting members."

Article X, To add a new section, 376 to read, "The amendments to Article II and II of this constitution of April 1960, shall become operative September 1, 1960."

A near capacity crowd filled the new Sequoia Theater last Thursday evening to hear the Humboldt State Symphony. The

concert was the first program to be presented in the new theater. Here the crowd fills the lobby during intermission.

## Minutes of the Student Council

The meeting was called to order at 4 p. m. Thursday, March 24, by vice president John Burger.

Those present were John Burger, Joan Rasmussen, Helen Wilson, Ross Stromberg, Betty Bird, Mary Ann Miner, Dick Maynard, Jack McHenry, Delores Azevedo, Mary Lou Barnes, Joe Mayfield, Ray Smeltzer, Pat Miller, Rodger Olsen, Dr. Don Karshner, Dennis Cahill, Joe Romero, Neil Evans, and Bill Caver.

### Committee Reports

Spring Retreat — Ross Stromberg presented the agenda of discussion topics for the Spring retreat of HSC-University of Nevada. This agenda was approved by the council.

Float — Mary Ann Miner reported that the maintenance crew will work on the HSC Float for the Miss Eureka Pageant. Dick Maynard and Dennis Cahill will supervise construction.

WUS — WUS chairman, Will Dublin's letter was read stating there will be no World University Service Week on Campus this spring.

### New Business

Joe Romero introduced Mr. Cooper and Mr. Gabbert, representing the Balfour Co. They spoke about adopting a class ring system.

### Commissioner's Reports

Activities — Betty Bird reported the Activities Center will be in Nelson Hall next year.

### President's Report

Selection of Joe Romero as 1960 Frosh Camp Director was approved.

### Treasurer's Report

Joe Mayfield submitted the Mu Epsilon Psi Dance prices for approval. These prices were approved. A discussion followed on how the clubs are not submitting their dance prices early enough for council action. Dennis Cahill will investigate.

### Dean of Student's Report

Dr. Karshner read a letter from Dr. Lawrence E. Turner stating that the Dedication Week Committee would like the students to participate in a color guard at the banquet, as well as in a presentation of the new flag.

A letter from Dr. Joseph Forbes was also read stating that some students are not behaving properly at the pool in recreation night. Any student acting in an undesirable manner in the future shall be banned from the pool, the council decided.

Respectfully, Submitted,  
Joan Rasmussen,  
ASB Secretary.  
John Burger,  
ASB Vice President.

## Symphony Program Opens New Sequoia Theater

By SARA LEE HALLIN

The Humboldt State Symphony presented an outstanding concert last Thursday evening for a full house of enthusiastic, appreciative concert-goers. The performance initiated the new Sequoia Theater, HSC's ultra-modern eight hundred seat auditorium. Also being used for the first time was a newly acquired nine-foot Steinway concert grand piano.

## Beat Literature Lecture-Recital Pleases Audience

By BILL LIVINGSTON

Last Friday afternoon in Founders Hall Auditorium, a large, appreciative audience listened to Lee Roloff's lecture-recital on the literature of the Beat Generation. The program was co-sponsored by the Lectures, Assemblies Committee and the Speech Department. It was, among other things, a pleasing example of the best kind of literary exploration.

Mr. Roloff cut away the ragweed of pseudo intellectual, dilutant beatnikism and let in the light on the serious core of contemporary beat literature. He directed his attention to the small mainstream of legitimate writing; its relation to Existentialism and other recent movements, and dismissed the "college sophomore... in black leotards... who firmly renounce the Baptist Church."

As a performer, Mr. Roloff was always in control of the difficult medium of oral interpretation. His consideration of the beat world and word was essentially an experience, not a pronouncement — an insight rather than a judgment. His first concern was with the communication of the ideas, the feelings and the artistry of his material instead of the all too common condemnation or adoration often rained down upon the beat writers.

The dominant inflections of voice reinforced by the spare but effective use of gestures, transformed the sometimes incomprehensible orthography of Kerouac and Ginsberg into vivid pictures, suggesting the truth of a point of view held by many artists and scholars — that worthwhile literature is at its best when read aloud.

### BOOKS BEING RETURNED

The college bookstore announced this week that all surplus stock is being returned to publishers next week. Students who still have books to buy should do so immediately, said Howard Goodwin, graduate manager.

Lalo's Overture, "Le Roi D'Ys," the opening number of the concert, not only established the virtuosity of the symphony personnel, but also the A-1 acoustics in the auditorium. The music swept by as if played by a single virtuoso, ending with a brilliant four trumpet fanfare masterly performed. Tone qualities and dynamics were vital throughout the auditorium.

Selection number two, Suite in D, No. 3 (Air) by J. S. Bach, displayed further possibilities in sound that the new auditorium offers. The string sections executed the romantic theme and filled the room with harmonic subtleties.

"Romance," featuring the harp, was a welcome sampling of the fragility and diffusion peculiar to Debussy impressionism.

Symphony conductor Professor Charles Fulkerson then left the podium to solo in the Bach Concerto for Piano, No. 5. Although not up to his usual top shape, Prof. Fulkerson nevertheless delivered an unquestionably fine performance.

Beethoven's 4th Symphony concluded the program. A certain clarinet sounded particularly beautiful. The performance as a whole was the culmination of symphony and conductor coordination.

## WUS Week Moved To Fall Semester

The observance of World University Service on Humboldt State College campus has been postponed.

Plans are now underway to hold WUS next fall, with a full week of activities. There will be various contests, possibly an assembly when Dr. K. B. Rao, WUS regional secretary, will speak, movies, and many other activities.

According to Will Dublin, chairman, "it is necessary that each student become familiar with WUS and what it stands for. Also, it is hoped that the local WUS committee will be enlarged to include one representative from each living group and club."

### SCHOOL ART SHOWN

Paintings, batiks, and jewelry from Eureka Junior and Senior High Schools are on display in the audio-visual gallery and exhibit case of the Library. The exhibit will remain through Monday.

Nancy Foster, elementary education major from Ukiah, is the new president of Delta Zeta Sorority for the coming year. Her duties as president will continue until next March. Other officers to serve with Miss Foster are: Diane Freeman, recording secretary, Nancy Arguedas, vice president in charge of rushing; JoAnn Ferguson, vice president in charge of pledging; Sandra Turner, treasurer; Nancy Foster, president, seated. Not pictured are Ellen Sebeck, historian editor; and Gay Toroni, corresponding secretary.

## Hilltop Hallucinations "Reminise With This, Alumni"

By BILL HAYWARD

Election time is nearing, and it is with a great deal of anticipated pleasure that I await its arrival. Lo, and Behold! we shall have a two party system, and there will be no weak sister party, nor a dominant party. In short, it will be a whee of a race.

Thinking back over my past years at HSC, and there are many of them, just one fact stands out in my mind. One party slipped into the driver's seat so easily that everyone considered the whole thing a big joke! Elections were something of a farce, but the glint in several amateur politicians' eyes promises change for the better.

Roses are red, so are my eyeballs. It seems that the Keg (K225) did a landslide business after the Shorty Rogers Concert. I wouldn't know of course, but a little birdie put the news in my ear, which is how I found out.

WELCOME ALUMNUS, ALUMNI, ALUMNAE. Drop down to the Lumberjack office and see all the old Lumberjack issues from 1927 to 1960. A history of our fair school can be found in these files, and you might even see your name in print!

I have a note from the Editor that orders me to write a story on the Coop, formerly known as the College Commons. It is the same old place, with a few more holes in the walls, a 10 cent cup of coffee, and the same old topics of conversation. The times change, the fashions change, but a college student by any other name is still a college student (plagarize). Actually, college students of this day and age are a frantic lot of dog-eared beatniks. They eat without chewing, sleep on anything but a bed, and listen to anything that is loud.

That is why the Coop is such a noisy place, with the pinball machines going like machine-guns, women screaming when their ponies win, and professional gamblers crying when they get skinned by some of the more proficient students.

Life goes on in our little hamlet, or Shakespeare if you prefer, and we manage to live another day if we can borrow enough money to eat. Midnight oil is still a popular item with all our students, as well as some of the new innovations such as No-Doz. The profs are still as cranky, the tests just as bad, and the supply of chalk limits the amount of lecturing that goes on in one hour. Yes, dear Alumni, we know some of your old tricks!

The college has changed in several respects, however, with the addition of new buildings,

and parking meters on Pickle Hill. However, I am sure you will recognize yourself in some of the conniving, sneaky, little students that roam our fair hamlet, or Shakespeare if you prefer.

## Bruun Achieves Distinction as An Organist

Kathryn Corbett, associate professor of sociology, attended a concert last July at the University of Pennsylvania Summer School. The artist presented was none other than our own Lewis Bruun (ex-'57) of Eureka, who is achieving distinction as an organist.

The program from the Pennsylvania concert notes that he attended Humboldt State College for three years, and was then awarded an organ scholarship at Peabody Conservatory of Music in Washington. He has a bachelor of music degree from Westminster Choir College, in Princeton, New Jersey. He has studied organ with Richard Purvis, organist at Grace Cathedral in San Francisco! Paul Calla-Purvis, organist at Grace Cathedral in San Francisco! Paul Calla-Alexander McCurdy, organist of the First Presbyterian Church in Philadelphia.

Mrs. Corbett states that he is now attending the Westminster Choir School in Princeton and that his outstanding work on the organ led to the distinct honor of being invited to give a special concert at City Hall in Portland, Maine. She says, "I heard him at Penn and he was splendid." He makes his home at 6747 Irving Ave., Merchantville, N. J.

## Annual Spur Tea Held for Pledges

The Spurs held their annual tea for freshmen women interested in pledging Spurs for sophomore membership, last night in the Home Economics lounge.

It is not necessary to have attended the tea to be eligible for membership in the organization.

The deadline for Spur applications is next Wednesday, April 6. These may be obtained and turned in at the activities office.

## MUSIC FESTIVAL

(CONTINUED FROM PAGE 1)

11:15 a. m. - Eureka Junior-Senior High School Orchestra; Fortuna Union High School a cappella choir.

Appearing in the Men's gym are: 10 a. m. - Eureka Senior High School Band; Arcata Union High School Madrigal Choir; 10:25 a. m. - Fortuna Union High School Band; Arcata Union High School A Cappella Choir; 10:50 a. m. - Eureka Senior High School a cappella Choir; Hoopa Valley High School Band— 11:15 a. m. - Arcata Union High School Band; 11:40 a. m. - South Fork High School a cap-

pella Choir.

1 p. m. - Fortuna Union High School Concert Band; Eureka Senior High School Combined Chorus; 1:25 p. m. - George C. Jacobs Junior High School Choir; South Fork Senior Band; 1:50 p. m. - Fortuna Intermediate Band; Arcata Union High School Combined Chorus; 2:15 p. m. - George C. Jacobs Junior High School Band; Eureka Senior High School Girl's Glee Club.

The public is invited to attend and no admission is being charged. Prof. Paul Johnsen is general chairman.

## On Campus with Max Shulman

(Author of "I Was a Teen-age Dwarf" "The Many Loves of Dobie Gillis", etc.)

### WHO WENT TO THE PROM—AND WHY

"Hello," said the voice on the telephone. "This is Werther Sigafoos. I sit next to you in psych. I'm kind of dumpy and I always wear a sweat shirt."

"I'm afraid I don't remember you," said Anna Livia Plurabelle.

"I'm the one whose lecture notes you've been borrowing for two years," said Werther.

"Oh, yes!" said Anna Livia. "What do you wish, Walter?"

"Werther," said Werther. "What I wish is to take you to the Junior Prom next April."

"But this is November 27, Westnor," said Anna Livia.

"Werther," said Werther. "Yes, I know, but you are so round and beautiful that I was afraid you might have a date already."

"As a matter of fact I do, Wingate," said Anna Livia.

"Werther," said Werther. "Oh, drat!"

Anna Livia did not really have a date, but she was expecting to be asked by Stewart Stalwart, athletic and BMOC, handsome as Apollo, smooth as ivory, wearer of faultless tweeds, smoker of Marlboro cigarettes which even without his other achievements would stamp him as a man with know-how, with a pleasure-oriented palate. If you think flavor went out when filters came in, try a Marlboro. This one brims with zest and zip and the good, mild taste so dear to those who smoke for the pure joy of it. Get yourself a pack of Marlboros and listen to your friends say, "There, by George, goes a smoker who knows a hawk from a handsaw."

But I digress. Anna Livia waited and waited for Stewart Stalwart to ask her, but two days before the Prom, to everybody's amazement, he asked Rose-of-Sharon Schwartz, a nondescript girl with pavement-colored hair and a briefcase.

Anna Livia immediately phoned Werther Sigafoos. "My Prom date has come down with a dread virus," she said, "and I have decided to accept your invitation, Waldrop."

"Werther," said Werther. "Oh, goody ganders!"

The next day Anna Livia received a phone call from Stewart Stalwart. "My Prom-date has come down with a dread virus," he said. "Will you go with me?"

"Certainly," she said and promptly phoned Werther and said, "I have come down with a dread virus and cannot go to the Prom with you, Whipstitch."

"Werther," said Werther. "Oh, mice and rats!"

So Anna Livia went to the Prom with Stewart and who do you think they ran into? Rose-of-Sharon with Werther, that's who!

Stewart had felt obliged to ask Rose-of-Sharon because she always did his homework, but she had weaseled out because she really wanted to go with Werther with whom she felt a great oneness because they were both so dumpy. He fell wildly in love with her at the Prom, and today they are married and run a very successful five-minute auto wash in New Bern, N. C.

Anna Livia and Stewart are happy, too. They are still juniors and have not missed a prom in sixteen years. © 1960 Max Shulman

We hope you'll be smoking Marlboros at your prom—or if you like mildness but you don't like filters—Philip Morris—from the same makers.

## CASUAL CAMPUS

By DONNA

Yea, Easter time is fast approaching and Humboldters everywhere leap sprightly into the air, rejoicing at the very prospect of another vacation. A scant week of the old rat-race remains, so don't wait around, dorm-dwellers! Pack now and avoid the stampede to the luggage room!

Leanna Turner started packing last week and with the exception of a toothbrush and her new Smartee Cotton Knit pedal pushers everything's all ready to go home. Smart gal that she is, Leanna realizes that she daren't pack away the cotton knits as yet (she bought 'em at DALY'S of course) because undoubtedly she won't be able to resist wearing them before vacation gets here! DALY'S, by the way, is showing many such cotton knit pedal pushers, skirts and matching T shirts in both the new neutral solids and many-colored stripes. Prices are from \$2.98-\$8.98.

The Case of The Mysterious Birthday Cakes: Gary Petersen is baffled, Steven Shirk is bugged out of his mind! The reason? All because someone who signed her (?) self as "Clementine" had birthday cakes delivered to each of the boys last week. Nothing odd about that but for the fact that both Steve and Gary are September born. Who dunnit?

Who dunnit is the question the Delta Sigma Phi are asking about their copper covered Greek letters recently pilfered from their front lawn. Much work went into the construction of said letters and the fraternity is anxious for the thieves to replace them.

Cotton knits for men? No pedal pushers or skirts in DALY'S Men's Store, but Cotton Knit Jackets they do have plenty. Just the thing for Humboldt County springs and summers, said jackets have foam lining, new continental collar and cuffs and are (oh joy!) hand washable. Colors come in beige and gold and the price is \$22.95.

Last Blast: After reading W. H.'s scathing remarks of Friday last, I have come to the conclusion that nobody ranks ranker ranks than he, and before he gets much meaner, I want out! Victory is yours, Wayward, if you can call it that. Carry on, oh boy wonder!

Oh please do not forget to shop, At Daly's where you get the tops In dresses, playwear, shirts and ties, It's DALY'S for both gals and guys!

# Capacity Crowd Hears Jazz Concert

By DONNA CLEVELAND

Jazzman Shorty Rogers and his Giants performed here Tuesday night in the new Sequoia Theater, which was nearly filled to capacity for the show.

Rogers, a credit to his name, stands approximately 5 feet 6 inches tall. He is, in addition to being a jazzman, a business man who works with RCA Victor records in Hollywood, an actor, a husband and a devoted father to three children now at home in Van Nuys. He has also won much acclaim for scoring several top movies including "Kismet", "The

Wild One" and "The Man With The Golden Arm". All this, coupled with periodic show tours, makes for a very busy schedule and not much extra time for the diminutive musician.

The merits of the performance given Tuesday night has been debated by jazz enthusiasts, but everyone seems to agree that the most crowd pleasing pieces were "Martians Go Home", and "My Old Flame", a number featuring pianist Lou Levy, one time accompanist for Ella Fitzgerald, bass Buddy Clark and Frank Capp on drums. Frank Capp's sensational drum playing in the final number, a Latin-American piece, was certainly one of the more memorable parts of the show.

This was the fifth in a series of jazz performances given here at Humboldt State in the last three years.

## Club Dance Fees To Be Submitted

Tardiness of campus groups sponsoring dances to submit their prices to the Board of Finance is causing some concern to the ASB Executive Council.

Any club having a dance or event where students are charged admission fees is required to submit prices to the board at least two weeks before the event. Failure to do this may result in fines or cancellation of the event.

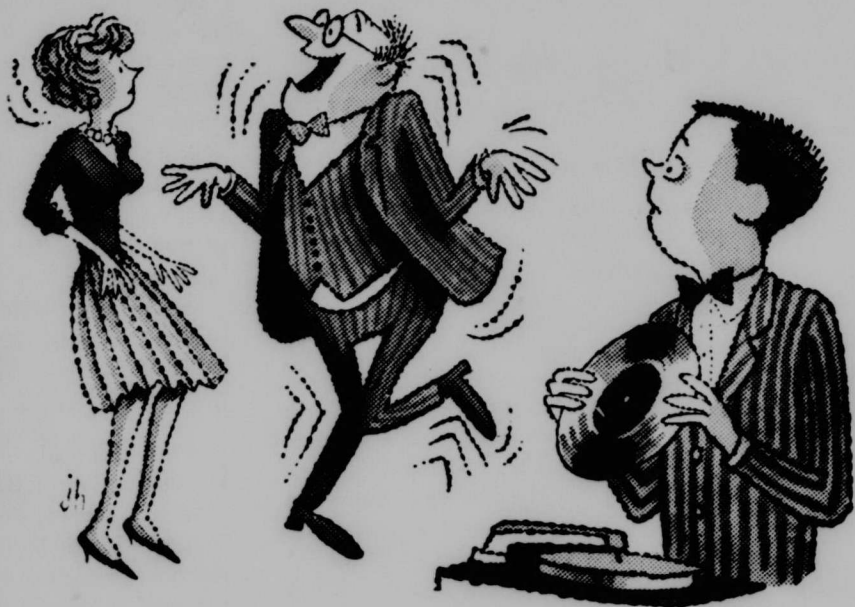

This rule has been violated to the extent of prices being submitted a few days before the activity. Dennis Cahill, ASB representative-at-large, was named by the council to notify sponsoring groups of this rule and to recommend any necessary action.

### STUDY CLASSICAL BALLET

Beginners and advanced students are invited to study with John Morell, leading dancer of the Calif. Ballet Co. last year and a pupil of Nijinska. \$1.50 a class. Call TE 9-2585

## Do You Think for Yourself?

(DIG THIS QUIZ AND SEE IF YOU STRIKE PAY DIRT\*)

"You can't teach an old dog new tricks" means (A) better teach him old ones; (B) it's hard to get mental agility out of a rheumatic mind; (C) let's face it—Pop likes to do the Charleston.

A ☐ B ☐ C ☐

When your roommate borrows your clothes without asking, do you (A) charge him rent? (B) get a roommate who isn't your size? (C) hide your best clothes?

A ☐ B ☐ C ☐

When a girl you're with puts on lipstick in public, do you (A) tell her to stop? (B) refuse to be annoyed? (C) wonder if the stuff's kissproof?

A ☐ B ☐ C ☐

If you were advising a friend on how to pick a filter cigarette, would you say, (A) "Pick the one with the strongest taste." (B) "Get the facts, pal—then judge for yourself." (C) "Pick the one that claims the most."

A ☐ B ☐ C ☐

It's a wise smoker who depends on his own judgment, not opinions of others, in his choice of cigarettes. That is why

men and women who think for themselves usually smoke Viceroy. They've studied the published filter facts; they know only Viceroy has a thinking man's filter. And Viceroy has rich, full tobacco flavor—a smoking man's taste. Change to Viceroy today!

\*If you checked (B) on three out of four of these questions—you think for yourself!

Familiar pack or crush-proof box.

**The Man Who Thinks for Himself Knows— ONLY VICEROY HAS A THINKING MAN'S FILTER—A SMOKING MAN'S TASTE!**

## Scott Gives Lowdown On Hollywood In Journalism Day Speech

By MARY LOU ROBERTSON

"Hollywood is a state of mind, not an actuality," Vernon Scott, Hollywood correspondent for United Press International, told more than 100 persons attending Journalism Day on campus Saturday.

Mr. Scott has been writing a six day a week column for United Press since March 1953. In that time he has rubbed elbows with all the top names in the entertainment field. He told of a number of his experiences at the Journalism Day luncheon in Nelson Hall.

Universal interest and great readership of Hollywood news were two reasons given by Mr. Scott for covering the "Hollywood Beat." His columns are usually feature stories about the stars, including lots of quotes. He gets the information for his columns through "interviews, breaking stories, contacts, and luck."

Mr. Scott was the last reporter to interview Mike Todd before his death in a plane crash. Scott would have been on the plane himself, but he couldn't get permission in time from his head office to go.

He also wrote a series of articles on Lana Turner during the trial of her daughter Cheryl for the death of Johnny Stompanato. The stories were true but not complimentary. Scott also covered the trial, during which time he broke his hand in a phone booth door. Miss Turner remarked upon seeing the cast on his hand, "You see, it doesn't pay to hurt your friends."

"You can't get too friendly with the stars," he said, they will expect breaks in the news or they will want unfavorable news kept out of the papers. On the other hand you can't make them mad or they won't cooperate.

Scott singled out Frank Sinatra as a star who doesn't need the press, but the press needs him. Generally, he said, the situation is the reverse.

The "Hollywood Beat" has its humorous side. Scott told of two prime examples: George Raft lost his "flunky" to Dean Martin in a dice game. The man still works for Martin; Maxie Rosenbloom once pawned one of his employees for \$500 so he could stay in a poker game.

"One of the saddest things in the world so see is a faded glamour girl." The life of a Hollywood glamour girl is short lived according to Mr. Scott. They last from 5 to 10 years and try to crowd everything into that short span of time.

For this reason, he said, "Studios can't build very many pictures on women. Therefore the

trend has gone to starring and co-starring men. "You have to do with what you've got," he pointed out.

Scott said that people have the wrong idea about the great wealth in Hollywood. "Stars live it up on the surface but underneath live close to the vest."

"Hollywood is full of screwballs." But, there are also many good-living citizens no one ever hears about. "There's no story in a quiet man living a quiet life."

A new type of star has appeared in Hollywood. The "pseudo-intellectual", Marlon Brando type. These new stars can't compete with television. "People won't watch Brando scratch when they can see a well dressed, well paced motion picture."

Vernon Scott hopes to be on the "Hollywood Beat" for years to come. "I hope to see the rebirth of motion pictures through pay television, where the viewer can put in a quarter or half-dollar and see the latest motion pictures in his own living room."

## Daniels Named Regional Viceroy

Don Daniels, Honorable Duke of HSC's Yurok Chapter of the Intercollegiate Knights, was elected at the regional conference in McMinnville, Ore. last weekend to reign as Viceroy of the five chapters in Region 9.

Daniels, a junior business major from Arcata, competed against representatives from Pacific University, Linfield, Lewis and Clark and Willamette University. A series of humorous stories and mannerisms by Daniels and Bob Canepa won over the votes of four of the five chapters.

The Region 9 Viceroy is elected to reign over all the IK's of Oregon and Northern California. Daniel's duties include supervising the activities of the chapters and offering any help they may need; presiding over all regional convention, making a minimum of one visit each year to each active chapter in the region; calling and making provisions for all regional conventions; sending semi-annual newsletters to all active chapters and gathering and sending in all Region 9 activities information to the "Shield," a national IK magazine.

In addition to Daniels, Bob Canepa, Jim Martin, and Dave Sandine made the long trip to Linfield.

The Region 9 convention was a gathering of the five IK chapters to draw up laws and make preparations for the national convention to be held this April in Pocatello, Ida.

### TEACHER TESTS

Personality tests for candidates to the teacher education curriculum will be given next week. Students should sign up beforehand in the Counseling Center, Administration 215.

ARCATA, CALIF., FRIDAY, APRIL 1, 1960

Life Memberships  
Available in  
Alumni Assn.

## Alumni Honor Two

### George E. Hogan Named First Alumnus 'Who's Who'

George Eldred Hogan will be the first alumnus "Who's Who". As such, he will be honored at the Founder's Day banquet to be held Thursday, May 12 in the HSC Gymnasium. The banquet will be preceded by a social hour under the direction of Leona Sims Carlson, John Van Duzer, and Dr. Walter Dolfini.

GEORGE E. HOGAN

### 1959 Homecoming Dinner Proves Huge Success

The annual Homecoming dinner honoring Elta Cartwright "Cinder Elta" Stromberg, who received the fifth Hall of Fame award, was held Oct. 24 at Baywood Golf and Country Club at Bayside and was one of the biggest successes to date. There were 219 persons served and many turned away.

A social hour from five to six was held at which time many old acquaintances were renewed as grads from far and near attended. Mrs. Elizabeth Odean acted as Mistress of Ceremonies.

We were very happy to welcome back to Humboldt for this occasion, Miss Laura Herron, physical education coach at Humboldt during the late 1920's and who coached Elta for the Olympic Games which were held in Sweden. Bettse Martin Phillips, who assisted Laura in physical education at Humboldt, accompanied her for the homecoming.

Leona Simms Carlson is to be commended for the fine work she did in organizing this dinner.

After the football game with Cal-Aggies many class reunions were held and many of the old grads feel that Homecoming this year was a big success.

Some of the old grads from distant places seen at the dinner were: Mr. and Mrs. Loyd "Nick" Carter, class of 1926, of Half Moon Bay where "Nick" is Superintendent of Schools; Mr. and Mrs. James Harris (Ginny Torp '39) now living in South San Francisco where they are in business; Mr. and Mrs. John McGrath, '40 (Beryl Unsoeld '39) from San Francisco; Mr. and Mrs. Louis Tallman, '34 (Eloise Aune '36) from Los Angeles; Mr. and Mrs. William Carter, '29, from Loelet; Mr. and Mrs. James M. Hemphill, '35 (Edith Nellist '39) of Sacramento, where Jim is with the State Department of Education.

Mr. Hogan, a native Arcatan, is the son of George and Loretta Hogan. He attended elementary school in Arcata through the fourth grade when the family moved to Loelet where he finished elementary school. He is a graduate of Fortuna High, and a former football star there. Coming to Humboldt State, he lived with the McConaha family in Arcata for two years.

When Mr. Hogan graduated from Humboldt, it was back "in the good old days" when each and every graduate fully expected his first teaching position would be in a rural school. George was no exception. He taught at Orleans on the Klamath River and later at a CCC Camp.

Coming back to the Eureka area in the late thirties, he decided to run for the office of County Superintendent of Schools. He was elected to that office, not only the first Humboldt graduate to hold that post, but one of the youngest. He so ably filled the position that before he had quite completed his second term in office he was asked to join the staff of the State Superintendent of Public Instruction where he is at the present time. He is now Deputy Superintendent of Public Instruction and Chief of the Division of Departmental Administration of the State Department of Education. There are six people in his department.

Mr. Hogan is married to the former Hazel Mackley and is the father of two children - Brian, now attending Stanford, and a daughter, Sandra, who is to be married this summer.

### Treasurer's Report

The last treasurer's report was printed in our May, 1954, issue of the Alumnus.

At that time cash reported was \$93.11. We now have \$1,067.42. Up to 1954 we had paid into our Loan Fund at Humboldt, \$1,005. We now have a principal of \$1,970 plus interest which has been collected from loanees.

In 1954 we had 262 life members. We now have 573.

Dr. Harry D. MacGinitie

### Dr. MacGinitie To Retire at End of This Year

Dr. Harry D. MacGinitie, who with Fred Telonicher is the second oldest Humboldt instructor in point of service, has announced that he will retire at the end of this academic year.

Dr. MacGinitie came to Humboldt in 1927.

Dr. MacGinitie received his AB from Fresno State, did graduate work and received his Masters from Stanford, and his Ph. D from the University of California.

Dr. MacGinitie is chairman of the Division of Natural Sciences. The Science Department has grown from a faculty of two to thirty members since Dr. MacGinitie has been here. He has seen the department grow from one which issued no degrees in science to one that issues four separate degrees.

During World War II, Dr. MacGinitie taught Meteorology for the United States Army in New Mexico.

Dr. MacGinitie will be greatly missed in the community as well as at Humboldt. He and Mrs. MacGinitie plan to move to their new home near Napa this fall. Dr. MacGinitie plans to do great deal of research work.

The MacGinities have two children, Gordon and Bea Ann.

MISS MARNA R. MURPHY, Class of 1949, was appointed a disaster representative for the Pacific area of the American National Red Cross this summer. Her mother is Head Resident at Sunset Hall.

### Franny Moore to Become Sixth Hall of Fame Member

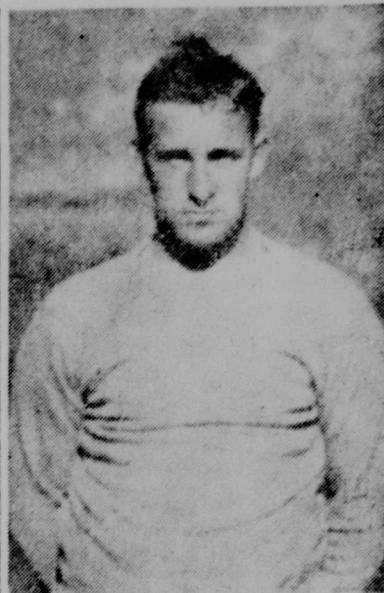

Joining the most exclusive society associated with Humboldt State College sports is the Hall of Fame's 1960 selection, one of the most durable sports of them all, Francis "Franny" Moore. He becomes the sixth HSC alum to be honored by the Hall of Fame selection committee. He joins Earl Meneweather—1955, Bill Lee—1956, Dobe Harrison—1957, Len Longholm—1958, and Elta Stromberg—1959, who welcome him to the group.

A product of the Eureka prep schools, Franny enrolled at Humboldt in 1931. He was a veteran footballer at Humboldt when Charley Erb master-minded the rebirth of the sport in the 1935-37 era.

Franny played regular guard on the 1935 club, then called the Thunderbolts, and was first string halfback on the 1936 team which defeated San Jose State 20-0. A press release of 1937 described him as "not only a great little bundle of dynamite crashing through the line, but he also passes and has one of those educated toes that are very necessary at times. Last year's performance stamped him as one of the best in the history of Humboldt State. He toed 17 out of 19 through the goal posts."

No one-sport man, he continued to score for Humboldt in basketball. One of Coach Fred Telonicher's regulars in the 35-36 season, Franny played during the era of the two-hand-set shot and the center tip. He was voted honorable mention on San Jose State's all-opponent team that year, the same year that they voted Hank Luisetti (anybody remember him?) on their Second all-opponent team. He was also an outstanding baseball catcher.

Franny was the head football, basketball, and head-everything coach at Arcata High School from 1939 to 1951 with time off for Navy service from 42-45. He left the teaching field for a few years but returned to it again after a

FRANNY MOORE  
As he appeared in  
the 1936 season

few refresher courses at — yes, Humboldt — in 1959. Franny is married to the former Jean Oglesby and they have four children, Rusty, Tom, Nancy and Bob.

### Class of 1950 Plans Reunion At Homecoming

Plans are underway for a reunion of the Class of 1950 at Homecoming 1960. Ralph M. Goldsmith has consented to serve as chairman of the reunion and so far "Goldie" has enlisted George Cornwell, Larry Dake, Marilyn Kelly Briggs, Roland Desrosiers, Henry Frank, John Klingenspor, and Eddie Oliveira to handle the organization work in San Francisco, Los Angeles, Sacramento, and other remote areas.

All members of the Class of 1950 are urged to plan now to return to Humboldt for this celebration of their tenth anniversary. This summer a more detailed statement of the activities planned for the class will be sent to each member.

The class of 1938 will hold a re-union at Homecoming this fall under the chairmanship of Franny Givins.

Not to be outdone, the upcoming class of 1960 will return to campus to its first re-union this fall with their Class President, Patricia Miller as chairman.

Jon Mitts is chairman of a reunion of all members of the Lumberjack Tin Hat Band. This includes any and all of you who wore the tin hats and lumber jackets as a band uniform. Any one interested in helping — Call Jon at HI 2-7991 or contact him at 2315 Togo street, Eureka.

ELMA TOWNER HURT makes her home in Colorado Springs, where Elma is Dean of Girls in the high school.

## What Ex-Faculty Members Are Doing

TED DeLAY is still teaching at Los Angeles State College, and reports that he has recently built a new home at 2230 Cavanagh Circle, Los Angeles 32. He is enthusiastic over a forthcoming production of "Annie Get your Gun" his first venture in the field of musical theater since 1953 when he achieved distinction for his production of *The Vagabond King*.

JOHN BAKER, his wife Mary and their four sons, now live at Wooster, Ohio (1380 E. Wayne Avenue), where Dr. Baker is enjoying his teaching at the College of Wooster, and Mary reports that they are all enjoying the snowy winters.

RUTH BESTOR continues to live at 32 S. University Avenue,

Redlands, where she enjoyed retirement to the full, engaging in a variety of worthwhile community enterprises.

HELEN GARVIN makes her home in nearby Hemet. She loves the desert, and has not lost her sparkling sense of humor.

DOROTHY ROMERO and her husband, Dr. Adrian Gentry, live at 2875 Shenandoah Drive in

Riverside. They have a daughter, and Dorothy acts as consultant for the county schools, giving numerous tests to school children in the area. Her husband is curriculum director for the Riverside schools.

KENNETH BAILEY is principal of Pacific High School in San Bernardino — and as usual, is doing a top-notch job there. His graduates have won a disproportionate number of awards in many fields, and he has been serving as a member of a State committee on secondary education. With his wife, Irene, and their two children, they live at 1407 Perris Hill Road, San Bernardino. Dr. Bailey still keeps in touch with innumerable former Humboldt students.

## To HSC Alumni Everywhere

The "Big Picture" on campus this semester is the culmination of a year of consolidating gains following several years of rapid growth and the task (and pleasure!) of moving into eight new buildings.

The emergence of a new master-planned campus together with the recent growth in our personnel, the expansion of our curriculum laterally as well as vertically, has convinced us that it is time to recognize these achievements by an appropriate celebration. This will occur during the first two weeks of May in which a campus dedication will feature a Festival of Arts in which faculty and students will play the major roles.

The climax of our dedication of progress program will occur on Thursday, May 12 at which time a special convocation will be held in the new Sequoia Theater to be attended by the State Board of Education, the Presidents and Executive Deans of the 14 State Colleges, and many other State dignitaries. On the evening of the same day, a public banquet, preceded by a social hour, will be held in the men's gym for 500 faculty, friends, and guests of the college. Following a brief banquet program, including two special Alumni recognitions, the Sequoia Theater will be formally dedicated de facto by a special performance of Shakespeare's Henry IV. Many other events during the period May 1-13 should be of interest to our Alumni.

But this isn't the end of our progress. Soon we will lay foundations for four large buildings to continue our steady progress toward the master plan of a campus for 5000. So, won't you make it a special date to join us in this observance which in many ways signifies the "coming of age" of your Alma Mater after these 47 years of growing pains and metamorphosis.

C. H. Siemens, President

## Many Activities Planned for Summer Session

Any person who is registered as a student of Humboldt State College and who has paid the membership fee is a member of the Associated Students. Therefore once you have registered on campus, you become a Humboldt, and you are cordially invited to share the traditions, activities, and particularly the friendly atmosphere of our campus.

The activities office, headed by Miss Kate Buchanan, has a full activities calendar awaiting for summer and post session students. We are not able to give you football games, baseball games or a yearbook, but we provide students with a three-act play, casted from the Associated Student Body. In addition there are special lectures provided. Last summer, Dr. Lois Higgins, head of the Crime Prevention Bureau from Illinois, was the guest lecturer.

One of the big events for the summer session students is the traditional watermelon feed held in the quad of Founders Hall. There is also a series of films shown to the students, and a number of free coffee hours sponsored by the ASB.

A full recreational program is also provided. Free swimming hours and the use of the HSC tennis courts are provided for students. In the past, trips to interesting places within the area of Humboldt, such as mills, fish hatcheries, etc., are arranged for interested students. This year again, traveling money has been set aside for this purpose.

As you can see, a full program is planned with the summer and post session students in mind. To those of you who are alumni, I urge you to return for the summer; to those who have never attended a summer session or post session, plan to attend, for it is a wonderful experience.

**PATRONIZE OUR  
ADVERTIZERS . . .  
THEY PATRONIZE US!**

## Well-Deserved Bouquets

Each year, Humboldt State College's Executive Council appoints several students to head campus activities. Once a person has accepted the responsibility of leadership, many hours of hard work and planning must go into making an event successful. On behalf of the Executive Council I would like to thank several people who have done a wonderful job in the activities area the past few months.

Persons who deserve recognition and thanks are  
 Fred Johnson ..... Frosh Camp Chairman  
 Joe Mayfield ..... Homecoming Chairman  
 Carol Johnson ..... Sno Ball Chairman  
 Joe Romero ..... High School Leadership Ch.  
 Linda Woodruff ..... Popera Chairman  
 Neil Evans ..... Dad's Day Chairman  
 Paul Asp ..... Jazz Concert Chairman  
 Jack Altman ..... Recreation Night Ch.  
 HSC's Rally Club and Song Queens and  
 Cheerleaders.

All the people mentioned above had the help of four wonderful and very capable advisers. To Miss Kate Buchanan, dean of activities; Dr. Don Karshner, dean of students; Dr. E. Nedd Girard, dean of counseling and testing; and Mr. Jim Cunningham, testing officer, I say thank you for your many hours of time and devotion to student activities.

Yes, all in all, the past few months have been filled with many different activities. I say to each and every one of you, "THANKS FOR A JOB WELL DONE!" Art Dalianes, ASB President

# Big Homecoming Weekend Set

As Chairman of Homecoming for the fall of 1960, it is my sincere pleasure to invite you all to make plans to attend Homecoming during the weekend of November 4-6.

## HSC Spurs Hold Reunion Breakfast

A new tradition at HSC is the annual Spur Reunion breakfast which is now an established feature of Homecoming. The breakfast last October was held at Hospitality House in Eureka, with the current members of the national service club acting as hostesses. Reminiscences, letters from absent alumni, and an outline of Spur activities planned for 1959-60 comprised the items on the program which was enjoyed by the alumni members present.

The size of the group makes a personal invitation impossible, and it was stated that hereafter, an announcement of the event will be carried in homecoming literature and each alumna is to consider herself personally invited. The Spurs hope to make this breakfast an outstanding event on the Homecoming program each year.

Letters were read from Mrs. Ben Zlataroff, (formerly Geri Baker), who now lives with her husband at 300½ S. 17th street, San Jose, 12. Geri is teaching school while her husband continues his education at San Jose State; Carol Sue Nichols (now Mrs. Donald Johnson), who graduated in 1958, now lives in Oakland at 2417 Humboldt Ave., Zone 1. She and her husband have a son, born last September. Also heard from was Mrs. Judy Shaw Bass, ('59) who now resides at 1795 Park Blvd., Palo Alto.

## More Honors For Meneweather

A recent edition of the San Francisco Chronicle states that Humboldt's Earl Meneweather has been nominated for the 1960 Hall of Fame election. Earl was chosen as Humboldt's own first Hall of Fame personality several years back. Earl's daughter, Pat, is now attending HSC and is an Art Major. Honors have also come to Pat. She was elected Freshman Sweetheart at the annual Sweetheart Ball in February.

**NEW and SENSATIONAL**

**The Hum-Dinger**

**Biggest and Best SHAKES and MALTS**

**Rich and Satisfying**

We fill 'em full of ice cream ... then whip 'em extra thick. You've never tasted anything so rich and satisfying.

**30c and 35c**

**JILL'S DRIVE INN**

I am sure that you will find a full schedule of events to occupy your time during Homecoming. Of special interest to the Alumni will be the reunions of the classes of 1938, 1950, and 1960.

On Friday afternoon we plan to open Homecoming with the honoring of the new member of the Athletic Hall of Fame, the Coronation of the Homecoming, the selection of new members of Green and Gold Key, and the annual variety show.

It is expected that the largest parade in history will lead off the Saturday schedule. Informal parties are expected to fill the time of the alumni until the annual dinner before the game to be played in Albee Stadium with the traditional rival, Chico State College.

The Saturday activities will close with the Homecoming Dance and further gatherings of returning classes.

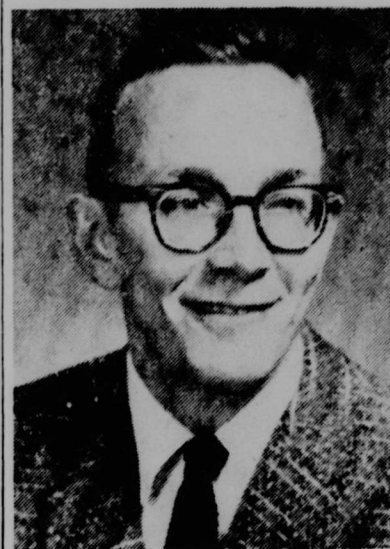

Although many changes have taken place in the campus in the last few years, the alumni can expect to find the same spirit and sincere welcome that has always been traditional with Homecoming at Humboldt.

Sincerely,  
Paul Asp,  
Homecoming Chairman, 1960

## Paul Asp Named to Direct HSC '60 Homecoming

Paul Asp, a senior in social science from Scotia, has been named chairman of the 1960 Homecoming celebration.

Asp has been in many activities

PAUL ASP

during his four years at HSC, having held offices in the men's residence hall, the Jazz Club, and is currently secretary of his class. He also serves on the Board of Control and the board of directors of the Activities Commission. He has served on numerous student committees, and holds membership in CU, CSTA( and the Jazz Club. He is probably best identified with the student sponsored professional jazz concerts which have been brought to the campus the last three years.

Asp will select his 1960 Homecoming Committeemen this spring and have definite plans outlined by June.

## New Buildings Are Enough To Bewilder Old Timers

If you return to the Humboldt Campus for a visit (and we hope you do) **BE CAREFUL!** You may get lost—or you may get a parking ticket which will cost you money. There is no free parking on the campus any more—a fact that did not bring joy to either the hearts of faculty or students—but it does bring coins to the coffers in Sacramento, and paid parking is unfortunately here to stay.

The campus is already so changing as to present a bewildering facade to an "old-timer" who in nostalgic mood, searches for his old-time haunts. This year, in use for the first time are the following buildings: the Administration Building; gigantic field house which makes the P.E. Department independent of Humboldt's moist climate; a swimming pool; two new dormitories, Sunset Hall for girls, and Redwood Hall for men; the new and magnificent Language Arts Building (John Van Duzer's pride and joy!), and the new health center to accommodate the 3500-6000 students under construction — extending

right in front of the old main building, now designated as Founder's Hall. New driveways, and buildings where familiar streets used to be further confuse the alum who seeks to find his way about the campus.

Dr. Siemens promises even further development ahead as the campus is being made ready to accommodate the 3500-6000 students expected in the next decade. (Present enrollment is a little under 2,000). He predicts that in ten years the present budget of two million will be doubled and lists the following buildings which will be started in 1960: a Physical Science Building to cost \$2,000,000; a Forestry Building and facilities, to cost \$500,000; an Education and Psychology Building to cost \$600,000, and a new Library at a cost of \$1,000,000. The present Library will be converted to class rooms. Redwood Bowl will be widened and improved, and other major landscaping and site development projects will be undertaken.

## New Rubberized Track To Be Built at HSC

An all-weather, quarter-mile outdoor running track and related facilities costing \$145,000 will be built at Humboldt State in the next year. Bids will be opened in Sacramento April 5.

Thought to be the first of its kind anywhere, the new track will be created from a rubberized, resilient asphalt composition consisting of nearly equal parts of asphalt, rubber and sand.

The asphalt-rubber-sand mixture has been tried and used satisfactorily for the approach lanes of such field events as the high jump, pole-vault and broad jump.

Its all-weather surface is uniform throughout and will not become spongy or soggy due to rain or lawn watering; it requires little or no maintenance; and it remains unchanged during a sports event, permitting better evaluation of each athlete's performance.

The non-skid qualities of the new surfacing may some day prompt the development of special shoes for track events without spikes. Spikes, however, are no problem inasmuch as the holes made by the spikes close automatically without sticking.

Painting of the lanes and other track markings is relatively permanent. This will be done in various colors which will facilitate handling of the meet by speeding up placement of equipment and positioning of officials for the various events.

A feature of the track is the absence of day-to-day maintenance that is required on the standard cinder type track. Track markings, normally a weekly chalking problem, will be eliminated at Humboldt State College. Re-working of the surface—essential for the cinder track—will also no longer be a maintenance requirement.

Rubber buffings for tire recapping establishments have been found to be excellent for the asphaltic mixture. For the Humboldt track, 150 tons of the buffing particles will be required. The material has been stockpiled by the college during the past several months in readiness for the project.

Other work includes widening the football field; installation of a sprinkler irrigation system; drainage, electrical and concrete work; and installation of conduits for a future automatically controlled scoreboard, a public address system and field telephones.

**ELSIE FREEMAN DE AVILA**, Class of 1923, has received high honors for her teaching service and service to her community, in Siskiyou County.

## First 'Festival of Arts' Planned for Dedication

Festival of the Arts, May 1-15, in conjunction with the 1960 Campus Dedication.

Sunday, May 1 **CONCERT** Sequoia Theater, 3:30 p.m.

## Life Memberships Are Available; 600 Enrolled

Anyone who has taken 16 units of work at Humboldt State is eligible for life membership in the Alumni Association by paying the \$25 fee.

Annual dues are \$5 and may be applied on a life membership if paid for five consecutive years.

We have nearly 600 life members now. Spread the word around to past and present students and help us recruit new life members. Fees should be mailed to Mrs. Jessie T. Woodcock, treasurer, 1837 K St., Arcata.

## COMMENCEMENT RECEPTION

The Alumni Association will sponsor its annual Commencement Reception immediately following the commencement exercises June 5. Mary Biehn will serve as chairman of the reception committee and will be assisted by the Board of Directors of the Alumni Association.

Through group living, Sunset Hall for women and Redwood Hall for men offer students opportunity to develop as integrated personalities. In a wholesome, professionally supervised atmosphere, students acquire constructive social attitudes, emotional maturity, alertness, sensitivity to the rights of others, and an abiding sense of personal values.

From the Decade of Progress just past, the Master Plan for the Humboldt State of 1970 emerges and takes shape. The new buildings, new equipment, increasing staff and expanding curriculum being recognized in the Campus Dedication in May, are significant milestones on the way toward the Master Planned goal of 5,000 students in the '70s. First of the present Master Plan unit to be completed was the Athletic Field House and Natatorium. The field house is of wood, and is supported by nine laminated wood girders, each weighing 12 tons. Architects say these are the largest

Since communications play such a vital role in today's world, in the Language Arts building there are opportunities for varied experiences for students majoring in the communications areas. The building is equipped with journalism and forensics laboratories, campus radio and TV studios, and a Speech Therapy Clinic. A Studio Theater permits drama students to experiment with intimate production techniques of the "Little Theater." The larger Sequoia Theater is engineered for efficiency and versatility.

Eight new constructions are being featured in the May Campus Dedication. These include The Field House, Natatorium, Language Arts and Administration buildings, Sunset and Redwood Halls, Student Health Service and Cafeteria. The Administration Building houses the Division of Business Education on the first floor and College administrative offices on the second. An unusual feature of this building is that the two-level open-window design of the lob-

bies give them an airy, spacious feeling while actually using a minimum of floor space. An item of special interest in the conference room on the second floor is a 16-foot-long conference table of cherrywood and redwood burl. The table was designed and built by Dr. Arthur Stegeman with help from the Industrial Arts department, from a burl donated by George Hale of Bella Vista Inn.

## Formal Campus Dedication in May Will Note Humboldt's Progress

As spring semester, 1960, draws to a close, Humboldt State is completing an unprecedented decade of progress, growth and expansion.

Look in any direction, and there will be evidence of the new role of mature leadership being assumed by the college in the region it serves.

Curriculum-wise, the college now offers 30 baccalaureate and 20 master degree programs. Beginning next fall semester, these programs will be administered by nine Divisions. An increase of permanent buildings to 21 gives the campus facilities for the academic and activity programs. The total college employees, now numbering 350, provide the necessary man-power to keep these programs functioning. The new library, as provided for in the current state budget, will permit the academic heart of the institution adequately to nourish the coming increases in students and faculty.

To recognize these achievements as well as to re-dedicate itself to the task ahead, Humboldt State College, its student body, faculty and staff have planned a Festival of the Arts scheduled for the first two weeks in May as a public showcase of college accomplishments.

A formal Campus Dedication, featuring a Dedication Convocation, Reception and Banquet has been scheduled for Thursday, May 12. At this time, members of the State Board of Education, presidents of the 14 state colleges and executive deans of the state colleges, who will be meeting on campus May 11-13, will take part in the formal dedication ceremonies.

President Cornelius Siemens has issued a cordial invitation to alumni and friends of the college to attend the various Festival events.

### SENIOR REPRESENTATIVE

For the past two years it has been the policy of the Alumni Association to have a member of the HSC Senior Class on the Board of Directors. Jon Mitts did such a fine job last year that he has been retained on the Board. The Senior Class representative this year is Patricia Miller, an education major, and president of the Senior Class.

# Here Is News of Where Alumni Are

**MR. AND MRS. DAN PEZ-ZOTTI** (Zelma Woodcock) live in Vallejo where Dan teaches.

**FRED DORING AND HIS WIFE** (Pat Johnson) live at Lancaster, Calif., where Fred is working on the Minute Man Project.

**MR. AND MRS. FRANK BETTENDORF** (Joline Killinger) now live in Santa Barbara where Frank teaches drama at Santa Barbara High School. Joline, dramatic and singing star of many a Humboldt production, is still continuing her work in this field, having been asked to direct a play for a private school in Santa Barbara.

**CLAUDINE AND LARRY WEST** are now in Pensacola, Florida, where Larry is a second lieutenant in the Marines, taking flight training. Claudine has given

## ADDITIONAL NEWS OF ALUMNI ON PAGE 8

up school work for the time being and is keeping house for Larry. But don't forget how to sing, Claudine! We always predicted real success for both Joline and Claudine.

**JOYCE JACOBS** is teaching school at Walnut Creek and reports that she is enjoying her work immensely. No doubt they enjoy Joyce, too.

**WALLACE SINCLAIR** is in the army stationed "Somewhere in California".

**JOYCE WEAVER** is now married and living in Glendora, California.

**JACK THROPP** is now an Ensign in the Navy, after graduating from the University of California.

Many of the above items were provided for the Alumnus by **JIM NAMETH**, who is now serving his time in Washington, D. C.,

as a clerktypist for the Army. They won't find many clerk-typists with Jim's ability, and we wouldn't blame them if they kept him there indefinitely. While putting in his eight hours a day for the Army, Jim enriches his bank account by working for a private secretarial agency. He also kept in trim as a baton twirler by serving (without pay) as the featured twirler for the Washington Redskins this last season. No doubt Jim's superb artistry which so delighted Humboldt County audiences during his four years at Humboldt, added a spark of pleasure for the fans during an otherwise disastrous season for the 'Skins.

**ANN HITT** has purchased a house in Carmichael and lives at 5932 Beaumere St., in that city. She teaches physical education at Grant High School in Sacramento.

Also in Sacramento are **LESLIE LAHR** and his wife (Jackie Stein-'53) and their baby daughter. Leslie is working for a teaching credential at Sacramento State.

**MARION CONNICK** teaches physical education at Sunnyvale Union High School, where **MARTY MATHIESEN** is principal. Mr. Mathiesen was formerly on the staff at Humboldt in the physical education department.

**MARTIN CABALZAR** is now county superintendent of schools in Yolo County and resides in Woodland. He formerly taught at Lodi.

**DICK HARMER** (1953) suffered severe injuries last fall when his car was struck by a driver who ran a red light. Now, we are glad to report that Dick is back at work again at his job with a local lumber firm.

**PAUL SMITH** ('50) has recently purchased the Bledsoe School Supply business in Arcata. He was formerly principal of the Jacoby Creek Elementary School. His wife, Marianne ('56) is now registrar at Humboldt State College. Paul and Marianne make their home at Moonstone Beach. They were members of the contingent of students who came to Humboldt State College from South Bend, Indiana.

Another member of that group was **DON STEPHENS**, golden-voice tenor, who now teaches at Elk River. With his five children, he lives in Ferndale. His wife, **BETTY REES**, was killed two years ago in a tragic automobile accident that also cost the life of **HENRY COOPER'S** wife, the former song queen, **JOANNE McALLISTER**.

## In Memorium

**MISS ADELLA JOHNSON**, associate professor emeritus of Modern Languages at Humboldt State from 1931 to 1953, passed away in Portland, Ore., March 1.

**MORRIS NELSON**, known as "Morrie" and one of our earlier athletes, in the 1920's, passed away last fall.

**MABLE LANINI BOYNTON**, Class of 1917, was killed in an automobile accident last August.

**FRED L. OGILWY**, superintendent of buildings and grounds at Humboldt for many years, passed away last fall.

Three of the 31 founders of Humboldt State College whose contributions are commemorated on a bronze plaque were present at ceremonies that officially named the old Administration Building as Founders Hall

last November. Left to right, they are Elenore Brizard Holcombe, Berenice W. Bull, and Len Yocom. The plaque has been mounted just outside the building entrance.

A third South Bend alum is **DICK LAWITZKE** who teaches at Carmel. With his wife, Milliecent, and their four children, they live on Rio Road in Carmel, their address being Route 1, Box 21.

**DR. ROBERT WALKER** ('50 and doctor's degree from USC) teaches business administration at San Jose State College. His wife, Helen, was formerly secretary at the College Elementary School. They have two children.

**JACK PIERSALL**, ex-Humboldt, has moved to Scott Valley where he is operating a cattle ranch in the center of a fine hunting area. His many friends from Humboldt County are taking advantage of the opportunity to expel that region under his expert guidance. With his wife, the former **HILDA BIASCA**, who graduated from Humboldt in elementary education, live near Fort Jones with their four children.

**MARIE NORDQUIST SEIDELL** and her husband, **MARLIN**, live with their two children in Susanville. Marlin is with the Department of Agriculture, and Marie keeps busy in community activities and teaches music on the side.

## Open Letter to Alumni

## Sarboe Tells of Plans For 10-Game Season

## Alumni and Friends:

It's 1960 and before we realize it, September will be here which means ten tough football games to look forward to.

Linfield, a Wing "T" Team whom we meet in the opener on Sept. 17 at Albee Stadium (because Redwood Bowl is undergoing a refacing program) is a very strong aggregation. Last season one week before we played Oregon College of Education, they riddled OCE 52-6. Our score against this common opponent was 18-7. Their head man, Paul "Bull" Durham, is a very competent coach and his teams are always contenders for their conference honors. We are looking forward to an exciting contest with them.

The next week your Lumberjacks will fly to Spokane, Wash. to engage with Eastern Washington College. This is a new opponent for HSC. Eastern has always had excellent athletic teams in all sports and both Bob Doornink and I are aware of their possibilities. As you all know, Bob and I are "Washington Oakies." This fine school will return as our guest in 1961 so you people will get to see them later. They operate out of an Unbalanced "T" with some Single Wing plays.

Number three on our '60 slate has San Diego University as our guests. Two years ago they were a very powerful football team in Southern California's smaller college circles. They will appear here on the first of October with their Pro "T" Offense — a wide open attack.

This brings us up to our first conference contest and the opponent is Verducci's San Francisco

Gators. We all know of their reputation and successes. Joe's Multiple "T" Teams have been the perennial Oklahoma of the Far Western Conference. He has won or tied for the title the last five consecutive years. The Verducci fan club of San Francisco held a testimonial dinner in his honor this past winter and over 600 of his former players and friends showered him with praise and affection for his great successes as a coach, politician, and friend. A very fitting tribute to a great fellow. This exciting get-together takes place in our back yard on Oct. 8.

We will hardly have a chance to cool off as the next opponent will be the up and coming dangerous Sacramento State Hornets, coached by one of the finest football names in USC's athletic history, none other than Johnny Baker. He was the "Golden Toe" of his era. Today he is equally adept at coaching this great game and we expect him to come up with a championship contender this season. John's teams are exponents of the Spread "T" and variations. This second conference contest will also be played at Albee Stadium. Mark down Oct. 15 for another exciting date of grid ball.

The California Aggies will operate out of the "Power T" formation featuring off tackle slants and short gainers. They host your Humboldters on Oct. 21. We will have to be at our very best to score against these always defensively-tough Mustangs. Will Lotter's boys seem to have the "Indian Sign" on us, especially in "Aggieville".

Next on our busy ten-game slate, after a welcome week-end off, on Nov. 5 at Albee we will celebrate our annual homecoming with the Wildcats from Chico as our guests. Chico is always a most dangerous foe and is coached by an All-Time Wildcat Great George Maderos, recently of '49er fame. George is one of the most capable young coaches in the game and will in this humble writer's opinion, undoubtedly, reach the heights as a coach he received as a player in due time. This could be George's year to reach that maturity. They use a multiple offense of "T" and Spreads — a

The coaching staff that guided Humboldt's football team to its greatest season last fall was composed of, left to right, Gor-

don Schroeder (defense), Jim Ingram (defensive backs), Bob Doornink (offense), and the head man, Phil Sarboe.

very interesting brand of kick ball.

Our Reno trek takes place on the following weekend. The last time we were their guests, they skinned us out of a possible Far Western Conference Crown. Mark down Nov. 12 at 2 p.m. as a nice place to witness another rough go with the Wolfpack. They have a Very Capable young alumnus as coach, Dick Trachok. He has had tremendous success as the high school coach in the Biggest Little City in the world, and last year broke in with a very fine offensive and defensive show in the extremely well-balanced Far Western Conference. They play the wide-open Spread or Pro "T" Offense. Long gainers are their specialty.

This concludes our travel schedule for 1960 and we come home to Albee Stadium for our two remaining games. On Nov. 19, Oregon Tech returns to our schedule after an absence of a few years. The Owls enjoyed being Oregon Collegiate Conference Champions in 1959. They have a very fine coaching staff headed by Rex Hunsaker, who has been with the Owls for ten successful years. Rex does his graduate work at Humboldt State during our cool summer months.

For Turkey Day, the Kiwanis Clubs of the area are sponsoring one of the outstanding dishes of the season. Lewis and Clark will be here and are to be remembered for giving our 1957 crew its only Holiday loss since the game's inception. Their great left-handed quarterback Royce McDaniel will be playing his final game and in Coach Joe Huston's words, "he is the very best." This young man has been compared with Frankie Albert of Stanford and '49er fame.

As you have now concluded, this '60 season should be one of the most exciting and thrilling in our athletic history as judged by this grueling schedule. All of these schools and their fine staffs have enjoyed great seasons in the past and are looking forward to 1960 as the beginning of more successful years to come.

Six and possibly seven '59 favorites of yours and mine will not be wearing the Green and Gold this coming fall. We will surely miss these wonderful gentlemen who were most excellent football players in every respect, namely Dick Donley, center; William Hicks, tackle; Rich Ames, guard; Darol Foster, end; Joe Beeson, halfback; Jerry Flynn, end and tackle. One or two others may not suit up in the fall due to an unfortunate ruling which will make them ineligible for future competition. It seems that Pete Carpino, for one, may decide to take his degree and forego future competition even though he has another season of eligibility coming.

On the brighter side, we are all looking forward to a spirited Lumberjack Team and some great individual performances from members of the Green

Chain (defensive unit) and Gold Chain (offensive players). These stalwarts will line up in these familiar jersey numbers: 86 Ray Flemming, 84 Sal Siino, 85 Drew Roberts, 83 Victor Hietala, 71 Vester Flanagan, 74 Bill Nichols, 77 Manuel Simas, 61 Al Frakes, 63 Bill Kuhlman, 64 William Love, 65 Urvan Rodriguez, 66 Dan Herrera, 67 Pete Carpino, 51 Parker Pollock, 53 Matt Kelley, 55 Morrie Gross. These linemen will fight to open the gates and help close them, whatever the occasion demands, and with these following backfielders: 93 Fred Whitmire, 95 Ike Petersen, 97 Jim Barker, 48 Jim Walker, 44 Frank Aiello, 40 Ed White, 39 Earl Love, 35 Woodson Foster, 33 Manuel Vasquez, 31 Tom DiMercurio, 26 Dennis Giuntini, 22 Ron Peterson, 20 Cecil Stephens, plenty of assistance should be forthcoming.

Other former players are planning to return to competition this fall and some fine boys from the Junior Jacks will also add strength along with a few junior college transfers and some very exceptional local high school players who will be allowed to participate

as varsity players for at least one more freshman year. This latter statement was made possible by the conference fathers at the last Far Western Conference Meeting held in San Francisco last December.

Before signing (30) for today and speaking for my very capable assistants and the returning players, we are all eagerly looking forward to September, October, and November. We hope you are able to join us on those Saturday nights at Albee in Eureka.

With kindest and best to all of you, I am

Sincerely  
Philip J. Sarboe  
Athletic Director and  
Head Football Coach

## TEAM FINISHES 9-1

A sensational season in football was climaxed by a victory over Whittier College on Thanksgiving, giving this year's wonder team a 9-1 record. They lost only the first game of the season to San Francisco State's powerhouse which went on to win the Far Western Conference championship, with HSC in second place.

# Complete and Varied Summer Session Includes 110 Classes, Many Workshops

Dr. Ivan Milhous, dean of extended services, this week issued the schedule for one of the most complete and varied summer sessions to be offered at Humboldt State.

The schedule lists 110 classes in eight Divisions ranging from business through water safety and including such varied areas as marine biology, photography, Spanish, psychology, personal health, spelling, speech correction and philosophy.

In addition, Dr. Milhous said that several new short courses, special institutes and workshops would be added to both sessions. Dates for this year's regular summer session are June 20 through July 29. The post session will be Aug. 1-26. Dr. Milhous emphasized that his office is constantly surveying the needs of the area and that new courses are continually being added in response to requests or other evidence of need. The summer session schedule is tailored to meet the in-service training needs of teachers and other professionals in the area as well as to augment the regular studies of undergraduate and graduate students.

## Sequoia Music Camp

One of the outstanding new offerings of the June 20-July 29 sessions, the Sequoia Music Camp for High School Students, is the result of some three years of planning, and resulted from numerous requests from area teachers and students. The camp instruction is brass and wind instruments and

voice, plus a class in baton twirling, will supplement the instruction offered in the now-three-year-old Chamber Music Workshop offered Aug. 8-12.

Another "first" is a two-week workshop in Elementary School Science July 25-Aug. 5 being offered by the California State Department of Education under the provision of the National Defense Education Act. The workshop will assist elementary teachers to identify science concepts, plan grade level continuity, and to evaluate science curriculum patterns, under the guidance of top-level curriculum supervisors in the state.

Other science offerings will be a repeat of both the National Science Foundation Institute for High School Teachers and the NSF Institute for High School Students which proved so popular last summer.

New during the post session are a workshop for school bus drivers August 8-12 and an Institute on Marriage and Family Life Aug. 15-26. Dr. Homer Bronson of Chico State College, widely recognized authority on driver-safety education, will conduct the former. Mrs. Kathryn Corbett, HSC as-

sociate professor of social science, will supervise the latter. Mrs. Corbett was one of 16 west coast teachers who spent last summer studying at the University of Pennsylvania under a fellowship for graduate study in family relations.

Other offerings being repeated by popular demand are the Conservation Institute for High School Teachers, Elementary Music Workshop, special programs for teachers of mentally retarded, credential work in pupil personnel services, workshops in Methods and Curriculum, Forestry and School Lunch Management.

The popular Television Drama Workshop, again under the direction of Dr. Dale N. Anderson, will feature the staging and public presentation of James Thurber's "The Male Animal."

Summer session students will reside in the new Sunset and Redwood Halls and will have the use of all campus recreational facilities, including the new swimming pool.

Complete information and a summer session bulletin can be obtained from Dr. Milhous' office or by writing to the Dean of Extended Services, Humboldt State College.

## Dr. and Mrs. Griffith in Jordan, Visit Humboldt's Arab Students

Dr. and Mrs. Harry Griffith are spending a two-year leave of absence from Humboldt State College in Amman, capital city of the Hashemite Kingdom of Jordan.

Dr. Griffith is engaged in a program of Jordan's education system and Mrs. Griffith is doing her bit by teaching classes in nursing

at the local training school for nurses. Without pay, of course. Their daughter, Susan, is continuing her high school education at a secondary school in Switzerland. Dr. Griffith has recently returned from a trip to Tunis, and with Susan at home for the holidays, they planned a trip to Bethlehem to witness the Christmas rites in that city.

### Visit Humboldters

A highlight of their stay in Amman has been the opportunity to visit with Humboldt's contingent of Arab students who are now back in their homeland. Abdul el Qadi, who graduated from Humboldt with a major in Economics in 1956 and received a master's degree from the University of Oregon in 1959, is now back in Amman, holding a government position under American advisers looking toward the economic development of Jordan. Kamal Yunis, who attended Humboldt State for three years, but received his bachelor's degree in Chemistry from San Francisco State College, is now married and working in Amman. Mohammed Jaber transferred from Humboldt to the University of California where he received his degree in engineering, is also living in his country's capital city. Ali Abdul-Latif is a teacher in a Junior High School in Jerusalem. He received his B. S. degree at Humboldt State in 1957 in Physics.

### Tells of Evening

Abdul el Qadi relates the events of a recent evening in Amman as follows, in a letter to Dr. Karshner:

"It gives me a great pleasure to greet you all and all the faculty of Humboldt State from the Holy Land. I thank God for giving me the opportunity to study in the United States and for returning me to my country safe and sound."

"Last night in Beit Sahur, near the Shepherd's Field, the following people gathered together under one roof. Dr. and Mrs. Harry Griffith, Kamal Yunis and his lovely wife, Mohammed Jaber and his sweetheart, Abdul El Qadi and several other Arabs. The hostess was Mrs. Yunis. Outside the house was a vox wagon with California license plates. The Griffiths spoke English and Arabic and so did everyone else. There was the exchange of ideas and feelings in the friendliest atmosphere. A Professor and his wife sat with his stu-

The Board of Directors and Officers meet the first Monday of each month and all members are welcome to attend and bring us new ideas. We need your help in making our Association a success. Send us names of non-life members so we can tell them what we are doing. Keep us posted on what you are doing and any change in address. You girls who get married please send in your new names.

## MORE NEWS OF ALUMNI

**RUDOLPH FREEMAN**, Class of 1923, who has been superintendent of schools in Stockton all these years, has announced his coming retirement.

**WARD FALOR** and his wife, the former **JEAN SCHUSSMAN**, live in Arcata with their four children. Ward operates Falor's Pharmacy in North Arcata and has recently opened a new store at the

new shopping center in McKinleyville. He has just announced his candidacy for a seat on the Arcata City Council.

**CAPTAIN AND MRS. R. F. EGGERS** (Pat Flocchini '55) and daughter Rhonda live in Minden, Nev. Bob is still in the Marines, and we hope Pat is continuing her work in piano.

**CAMERON WOODS** is teaching school in Fowler.

**C. J. "HAPPY" HILL** has been named as a member of the Humboldt State College Advisory Board. Hill, a retired Arcata businessman, was also named to the College Improvement Foundation. He is the father of **ROSEANN HILL FRANK**, wife of **DR. HENRY "HANK" FRANK** who has recently opened his medical offices in Arcata. Roseann and Hank both attended Humboldt State before he went on to take up his medical training at the University of California.

"In concluding I should like to say we are very proud of the Griffiths and the other Americans who are here to help us. They are the ones who make it possible for East and West to meet."

# 'Jacks To Host Gators

## Thinclads, S. F. Tangle Tomorrow in Home Meet

The HSC tracksters will host the powerful Golden Gators from San Francisco at Redwood Bowl tomorrow morning at 11 a. m. The Gators will be fresh after handily defeating the Cal Aggies last week while the Jacks will be out to get back on their winning ways after their defeat at the hands of Nevada last week.

Coach Bob Doornink said that the meet will be very close all the way and the last race of the day, the mile relay, could very possibly be the deciding factor. The Jacks have won the relay in their three meets this season and have recorded a time of 3:29.3. The Gators also have a powerful relay team and have recorded a time of 3:30.7. This is a little more than a second slower than Humboldt's time. However, it should be noted that the Gators were not pushed hard by their opponents.

Freshman Ken Simmons will not be participating in the action tomorrow because of an old knee injury which he re-injured last week at Chico. Simmons is the school record holder of the two mile.

The Gators are particularly

strong in the hurdles and the distance events. Far Western Conference champ, Tom Skinner, will be the favorite in both hurdle events this week. The Gators will also be strong in the distance event as Allen Gripenberg and Paul Van Zandt will be strong contenders in the 880, the mile, and the two mile.

Lumberjack Keith Weidkamp will be the favorite in the quarter mile. Weidkamp is undefeated thus far this season and he will be out to better his last week's time of 49.4.

Vaulter Roger Biffle will be out to take a first in the pole vault. Biffle almost cleared 14 feet last week and he will be out to top that mark this week.

Vester Flanagan will have his eye on the 200 foot mark in the javelin this week. He has thrown the spear near the 195 foot mark several times this season.

Bill Crichton and Larry Krupka, Sophomore highjumpers who have tied for first in all of the previous meets, will be out to repeat their performance this week at the expense of the Gators.

## Golfers at Chico For Tri-Match

The Humboldt State Golf team is drilling this week in preparation for a Saturday match with the Cal Aggies, Chico State, and the University of Nevada at Chico.

The team has not teed off against any other schools this season, but has had two encounters with the Alumni. Coach Phil Sarboe has announced that sophomore John Yingst has latched the number one berth while Bill Caver, Dick Visser, and Jim Strong round out four out of the five travelling berths.

An intra-squad match between Marv Wagner, Steve Sherk, Milt Ragsdale and Ed White will determine who will fill the number five spot.

Other team members include Russ Ashburn, Gerry Griffith, Ted Hamilton, Gaylen Jesmer, Jim Marvel, Mel Matusko, and Ernie Schorlig. These members may challenge the number five man for a spot on the squad.

The Saturday's meeting will be held at Bidwell Park and will begin at 2 p. m.

## Stars Trample Humboldt 14-9

By DUANE ONETO

The College All-Stars evened their series with the Humboldt State nine when they took a 14-9 decision last Saturday. The Lumberjacks held a 9-1 edge after three innings, but the All-Stars bounced back with two five run rallies to overcome the Jacks.

The Stars jumped to a quick 1-0 lead, but the Jacks scored three in the bottom of the first to take a 3-2 lead. The Jacks scored on a hit batter, Dennis Pontoni's single, Ike Peterson's double, and three walks.

In the second, consecutive doubles by Ron Reynolds and Joe Beeson after a fielder's choice and an error gave the Jacks three more runs, and a 6-1 lead.

The Jacks widened their lead to 9-1 when they scored three runs without a hit in the third. Two walks, two hit batsmen, and a star error were all the Jacks needed.

The roof fell in on freshman pitcher Larry Taylor, who held the Stars to only two hits two weeks ago, when the Stars had their first five run inning. A walk, a hit batsman, two singles by Woodson Foster and Bob Tomasini, and Bob Lawson's double made the score 9-6.

The other Star five run rally came in the sixth on two walks, singles by Tomasini and Jack Altman, and Don Carter's double. This rally ended Taylor's stint on the mound, and Tom Leitz replaced him.

The Stars continued their scoring off Leitz as they tallied three more in the seventh on a single by Foster, a double by Bill Matson and Lawson's single.

The winning pitcher was Lawson as he struck out nine and walked eleven. Larry Taylor was the loser. Taylor's only real trouble was control.

## Humboldt to Host WAA Playday

A ninth grade playday will be held tomorrow from 10 a. m. to 1 p. m. in both HSC gyms, under the auspices of the Women's Athletic Association.

The students will play softball and volleyball, with the teams being made up of a few girls from each school. The mixed teams will play-off, with WAA members officiating. Entertainment will be provided by the WAA after the games and lunch.

Schools participating in the playday are: St. Bernard's, Eureka Junior High, George C. Jacobs Junior High, Fortuna, South Fork, Ferndale, Arcata and Hoopa.

## Trackmen Lose to Nevada But Upend Chico State

By RICH MACHADO

The Wolfpack from the University of Nevada used their power to walk away with top honors at the tri meet at Chico last Saturday. Nevada scored 85½ points to Humboldt's 49½, and Chico State's 27 points. Nevada also won the dual meet against Humboldt 86-45.

Coach Bob Doornink viewed the Nevada team as the strongest dual meet team in the Far Western Conference in several years. The Wolfpack will be among the strong contenders trying to dethrone the Lumberjacks in the conference meet this year.

Keith Weidkamp remained undefeated as he won the 440 yard run in a time of 49.4 seconds. This is a tenth of a second faster than the time he won the conference crown in last year. This time is only three tenths of a second away from the school record held by Paul Williams at 49.1. Weidkamp also placed third in the 220.

Roger Biffle kept his unblemished record intact as he soared 13 feet 11¼ inches to win the pole vault. The other vaulters also cleared the 13 foot mark.

Bill Crichton and Larry Krupka tied for first place in the high jump for the third time in a row. Both men cleared the bar at 6 feet 2 inches. Lumberjack Loran August placed third to give Humboldt the first three places in this event. August also placed second in the broad jump.

The mile relay team won its third race in as many tries, as Frank Alden, Ron Remington, Marshall Stevens, and Keith Weidkamp won the event in 3:29.3. The Jacks lead from wire to wire for the first time this year. In previous meets the Jacks had to come from behind to win.

Vester Flanagan was beaten for the first time this year as Chico's Bill Millis threw the pavelin 211 feet 6 inches. Flanagan placed second and Jim Barker placed

third. Millis' toss bettered the conference record set by Flanagan last year by more than 14 feet.

100 yd. dash—Strunk, N; Ritchie, N; Alden, HSC; Guild, C; :9.7.

220 yd. dash—Strunk, N; Winchell, N; Weidkamp, HSC; Ritchie, N — :21.4.

Shot Put—Cook, N; Lommori, N; Crawford, C; Lickley, N—48' 10¼".

Team Standings—Nevada 85½, HSC 49½, Chico 27.

## Tennis Team Travels to Chico For Encounters

The HSC tennis team will have a busy weekend at Chico. The Lumberjack netters will face the Wolfpack from Nevada on Saturday afternoon. In the last match of the day, the Jacks will face the Cal Aggies.

Sophomore Gary Peterson will lead the Jacks in their first match of the year. Peterson will be the number one man this week. He was number three last year. Bob Weddell, returning after a two year absence, will be number two man. Weddell was number two man in 1958.

Scott Holmes, a transfer from Pasadena JC, will play in the third spot and Bruce Paige will be the fourth man. Paige has moved up as he was the fifth man last year. Bill Bender will take over the fifth spot.

Coach Larry Kerker is going to take six men to Chico with Jim Malone, Stephen Harrow, and Glenn Brackett vicing for that sixth position.

In previous years the Jacks have fared well with both Nevada, and the Cal Aggies, and are expected to do well again this year. The Wildcats from Chico are among the top netters.

## Bush Leaguers BY 'ROOK' KUNSTAL

Next week will be the end of the 1960 intramural basketball season. After the final calculation the top four teams in each league will go into a double elimination tournament to determine the winners of the respective leagues.

I will hold off on the final standings until next week when all the games are tabulated and the positions are determined. As was done during the other intramural sports, points will be given to the winning teams which will count to their total.

At the end of the school year an individual winner will be crowned. The winner will have the most number of points during the overall season.

Why aren't there any more

recreation nights? No one seems to know why faculty supervision cannot be obtained for at least one night a week.

We have eight new buildings on campus to start with. Included in these buildings are the new men's and women's dormitories. In these dormitories are housed over 350 students.

It was pointed out earlier in the year that as part of the dorm life the students would be given a recreation night. Since the advent of the recreation night or more recently I should say, there has not been any such activity.

What is lacking in the administration to help with the matter of recreation to both dorm students and other college students?

I feel that this type of activity is essential to student life and that it isn't asking too much to have some faculty supervision for one night a week.

I hope that this little blurb will create some interest in the faculty ranks with hopes that the program will be resumed.

## What's What!

by Hugh Clark

As you already know, at least you should be the time you've reached this sports section, this is the special Alumni issue and we'd like you to bear with us as we attempt to give the Alumni a brief glance at the sports scene.

Bill Hayward, columnist and alumni hopeful, has named Mr. average HSC Alumnus, Allan. So, for consistency's sake, we'll call our Alumnus, Allan and Jeffery.

Allan is the former HSC athlete. He was never any great shakes, made the all-FWC Team once as an honorable mention in hopscotch and probably was the all-time great in field cricket. Allan was a good friend of many of the better-known former Lumberjack stars.

Why he and Earl Meneweather and Billy Lee were friends and he knew Franny Moore. Long after graduation he can remember Len Longholm and before he arrived here he had heard of Roy Harrison.

He was an athlete and remembers Humboldt in the good old days. Jeff? Well Jeff was somewhat less of an athlete in his undergraduate days at the Hilltop. In fact, the closest he came to seeing action was as a freshman when sitting in the old gymnasium one of the opposing plays threw a ball into the stands and he caught it. Oh yes, it was his junior year when he was watching HSC winning in football one day at Redwood Bowl and was actually blocked by an opponent. He was on his way to the hot dog stand and wandered too close to the sidelines. The opposition had an extra wide end sweep play.

Jeff and Allen were discussing the old alma mater a few days back and decided they'll take in homecoming this fall and just see what the campus looks like since they have heard it's changed a little.

Both want to get a look at the wonderful team that compiled a 9-1 record last football season which was the best in Humboldt history. Jeff who was staunch supporter during his four-year stay at HSC said he thought most of the players were coming back and Allen said he'd like to see how well they would stack up against the teams of old.

All we can tell our Alumni friends is brother if you haven't been around the past few years, you're in for a shock because the campus, she ain't what she used to be. (Physically speaking, of course.)

In just the past year alone, eight new buildings have been completed and are now in use. Athletically speaking, there's a new gymnasium which has been used the past three or four years, a new Field House, a natatorium and Redwood Bowl is undergoing renovation.

A couple of weeks back the state announced an all-rubber track would be constructed in the bowl. Future plans call for an enlargement of the seating capacity and all kinds of changes.

As for the quality of the teams, we can't say. However, football for instance is just about tops as far as most everyone is concerned. Next season could be better and with any kind of luck, the 'Jacks might even better last fall's record.

Basketball is on the upswing with three starters and some promising reserves returning. HSC won its first track title a year past and while the thinclads aren't doing quite as well, they're in the thick of it this season. The baseball team is still trying to open its season, and it will, if the weather man will only come through.

There's a wrestling program on campus now. The sport is only two years old and already grapplers have the Far Western Conference crown. The cross country team has been doing well and won a string of five dual meets last fall. Naturally, there's tennis and golf and we'll all get a peek at the two before long.

No, there's not a swimming team or boxing team, yet. But we'll bet the athletic department has something in mind for the two sometime in the future.

We can't say about the quality of athletics, but the quantity is really here. Actually, the alumnus should be the best judges of quality since they are in the best position to compare the two.

First there was Harrison, then Meneweather, Lee, Moore and Longholm, all Hall of Famers except Moore who is 1960 elect. More recently there's the Warren Baker and Earl Barnum and countless others before and after as well as in between.

One thing we'll all agree upon is that Humboldt doesn't ever have to take a back seat to any school of its size when it comes to athletics, individually or team wise.

That wasn't too bad was it? We can review HSC's progress and history whether Alumni or student with a good feeling and pride.

Speaking of track, the Lumberjack cindermen tell us we goofed, and goofed badly, when we picked the results last week. We've lost our Prognosticator's Union card anyway, and chances of getting another are pretty remote.

Lumberjack baseball captain Joe Beeson in recent action against the College All-Stars. The Jack nine travelled to Oregon today where they will tangle with the Southern Oregon Red Raiders and the Oregon Tech Owls.

## P.E. Major Gets National Rating

Bernice Finley, P. E. major, achieved her National Rating for Basketball Officiating here last Saturday. After passing a written examination on basketball rules, Miss Finley had to referee an actual basketball game.

This rating qualifies Miss Finley to officiate at any women's basketball game in the United

States.

The official ratings were open to all women students in the Humboldt area. Three women took the ratings, but failed to earn them.

Members of the WAA assisted in this event by playing the basketball game. Dr. Louise Watson and Miss Leela C. Zion, physical education professors, supervised the affair.

**PATRONIZE OUR ADVERTISERS . . . THEY PATRONIZE US!**

The Humboldt State baseball nine travelled to Ashland, Oregon this morning for a game scheduled for 1:30 this afternoon with Southern Oregon. The squad will then travel to Klamath Falls where it will tangle in a twin bill on Saturday afternoon with the Oregon Technical Institute Owls.

The Jacks have had their share of the bad breaks this year as they have been unable to play any other college teams. The team has played four games, but these were with the College All-Stars.

Both of the Oregon schools are untested this season which should make the games tossups. Both of the games are still on the doubtful side though as the Oregon schools have also been hampered by the bad weather conditions.

Southern Oregon coach Ted Schoof said the grounds were quite dry at Ashland( but it was very windy. At Klamath Falls the word was snow. OTI coach Jim Cordial relayed the message that there is still a considerable amount of snow on the ground and unless the weather breaks the game will have to be cancelled.

Meanwhile at Humboldt State, coach Ced Kinzer has been working with the team on the College Field in infield practice and has been putting the pitchers through their paces in the Field House.

Freshman pitcher Dick Turner has dropped from school and Kinzer has named another freshman, Ron Stammer to take over mound duties. A 16 man travelling squad has been named including Ron Reynolds, Ike Peterson, Bill McConnell, Monty Feeckes, Rich Tomasini, Bill Perry, Ken Matias, Dennis Pontoni, Joe Beeson, Jerry Hale, Leroy Orozco, Jack Maze, Ken Bird, Larry Taylor, Tom Leitz and Stammer.

In competition with the All-Stars the Jacks split 2 and 2.

## SUMMER JOBS

Standard Stations, Inc. is looking for nine or ten fellows to work in their stations in Crescent City, Eureka, Fortuna, and Garberville. They are interviewing today from 1-4 p. m. at 234-5th street, Eureka.

# New Health Center Occupied

## Building Has Most Modern Facilities, Rooms

The new Health Cottage is now open to Humboldt State College students, with the most modern equipment and services available to the Student Health Service, Dr. Donald E. Bux, college physician said.

The Health Cottage is set up so that three doctors can work at one time; each has his own private offices and examining rooms in the building.

In the X-ray room, there is a complete X-ray unit, with the best X-ray machine available. There is also a photo-roentgen unit, which takes miniature chest X-rays for survey films. All new students who enroll at Humboldt State next year will have their chest X-rays taken with this new machine.

The new Health Center has a completely equipped medical laboratory and clinical laboratory.

The emergency room is well-equipped with equipment to handle patients who have been injured at college. There is adequate equipment to take care of minor emergencies that may arise on campus.

The nurses have a large work area and supply room. They also have a complete medicine supply room.

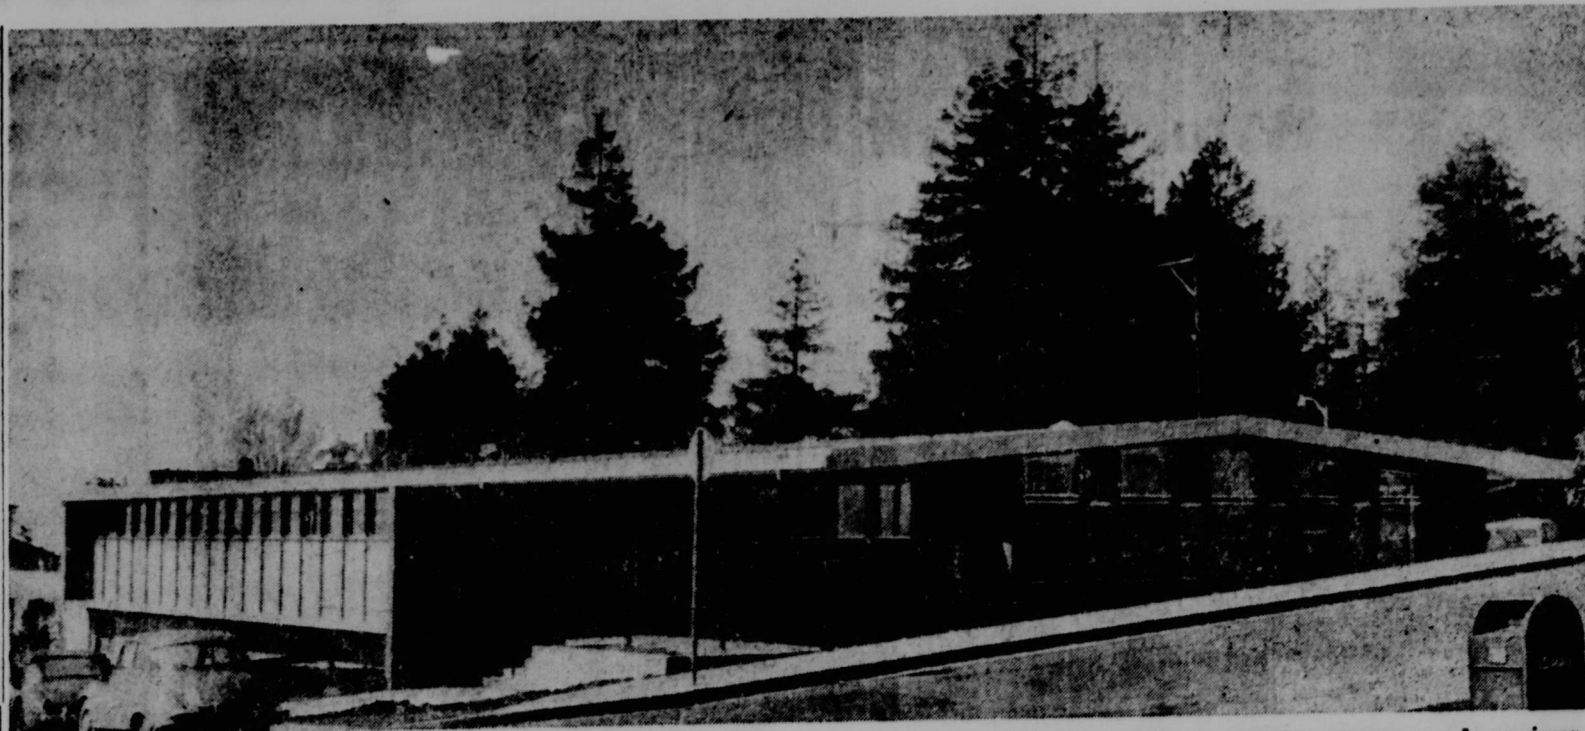

Two day wards are being set up for the men and women who are regular students at HSC. Four beds will be available for the women in their room and two beds are being set up for the men. These rooms are to be used by all regular students during the day who feel ill and would like to lie down and rest.

The equipment is now being set up in the new Physio-Therapy Department of the Health Cottage. Some of the equipment in this room will be a wheel chair, a whirlpool, and a knee strengthener. There are many other necessary items to be established in this department.

Some new machines to the Health Service are the suction machines for the stomach and throat and the resuscitator, housed in the linen room.

The Health Cottage will also have a basal metabolism machine and an electro-cardiograph machine. These machines will be a great aid to the medical staff at Humboldt.

Many infirmity supplies have been purchased for the Health Cottage for the infirmity soon to be established on campus. The infirmity will make it possible for students to remain in the Health Cottage overnight, if necessary.

Latest of eight new buildings to be completed in the past year at Humboldt is the Health Service, located at the top of College Hill at Plaza and Sequoia Avenues. Included in the ultra-modern facility are small wards for both men

and women students, offices, supply rooms, and various rooms for examining and treatment. The health services previously were housed in recent years in the Coop, and in converted houses on campus.

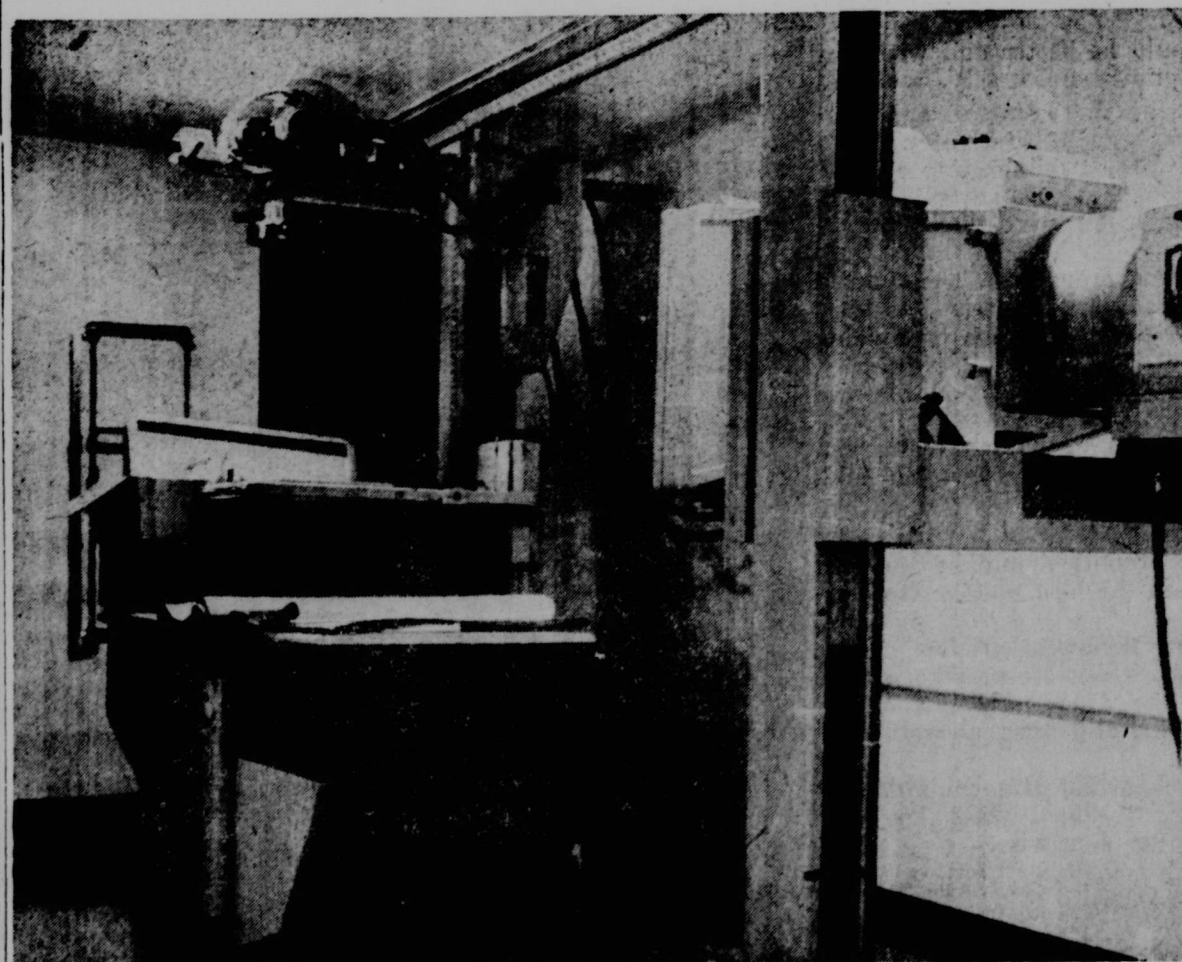

It was moving and assembling time at the new Health Service building last week as the old Health Cottage was vacated and the spanking new building was occupied. Here Marvin Woodruff, foreground, and Art Baumgartner, college carpenters, put a table together.

Mrs. Jeanne Hickman, R. N., college nurse, stocks the store room.

Photos by Tom Shepherd

The X-ray facilities in the new building are housed in a room shielded with lead-lined walls. Related facilities for storing

and processing films are included. A control room is at the left.
