Reagan Stumps For Republican Candidates Here

Screen Actor Ronald Reagan spoke on behalf of Republican candidates and principles at an outdoor gathering in front of the Administration Building here Tuesday afternoon.

Drawing an interested and enthusiastic crowd of over 300 students, Reagan made a brief address in which he declared "liberal policies had failed to solve the problems for which they were created."

He noted that in the case of agriculture and welfare particularly, purposed solutions had merely aggravated the problems.

Following his address he opened a question and answer period, during which he was requested to discuss Goldwater's civil rights stand. Reagan pointed out that the Arizona had voted for every piece of civil rights legislation offered in Congress except the latest bill.

This one he felt had two sections which violated the constitution. Reagan stated that as a legislator President Johnson had a 100 per cent voting record against civil rights.

Reagan arrived at HSC from Crescent City and Trinidad where he spoke to large groups. Following his appearance on the campus he addressed a \$25-a-plate fund-raising dinner gathering of over 300 people at Redwood Acres Tuesday evening.

Student Council Adds Amendment On Next Election

Executive student council held its fourth meeting of the fall semester last Tuesday night in council chambers.

The legislative group voted to add an amendment to the constitution in the next general election to allow the council to change by-laws without going through a general election.

Delose Mace, who sponsored the bill, said that the by-laws are basically procedure for council meetings and that this would allow for better administration of the legislative branch and for better student government.

During the treasurer's report, council entertained information which showed that the Associated Student Body cleared \$1,500.00 on the Smothers Brothers performance.

In other council action, an argument of short duration led to the defeat of a motion for the purchase of two student body flags for future use on campus.

Two appointments to the Board of Control were approved by Council. Filling the vacancies on the board are Tom Amen and Leo Sears.

Council also approved a \$0c charge for the use of the pool tables in the CAC. The revenue will be used to keep the tables in good condition.

Reagan Speaks on Campus

Screen actor Ronald Reagan spoke for Barry Goldwater and the Republican party in a 40 minute appearance in front of the College Commons here Tuesday.

Seniors, Juniors Select Class Officers, Sophomores Vote Today

John Ammon was selected to lead the senior class through the 1964-65 school year and Don Rubin was selected junior class president in last week's elections.

The sophomores pick officers today in the cafeteria to complete the round of elections.

Sal Nygard won the vice presidency of the seniors with Paula Brink as secretary and Ken Davis selected as treasurer.

Roger Schmitt took the second in command position for the juniors and Janice Banducci and Mike Miller won the secretary and treasurer's jobs respectively.

Concerts Slated To Begin Here Oct. 25

Floyd Glende of the Music Department has announced a concert, featuring chamber music groups, to be held in the Humboldt State Music Building at 8:15 p.m., Oct. 25.

This will be the first of the monthly concerts in which members of the faculty, advanced college students, and community people will participate.

Glende said he hopes the concerts can be held on the last Sunday of each month. He stated that the classes in Chamber Music would probably have separate "student concerts."

All concerts will be free. Everyone is welcome to attend.

Festival Planned For Shakespeare

The Theatre Arts department will join in world-wide commemoration of the 400th birthday of William Shakespeare with the presentation of a festival here on campus according to Mrs. Lois Goodrich of Sequoia Masque.

The festival gets underway with five performances of "A Midsummer Night's Dream" starting Oct. 30. A film, "Richard III" will be shown Nov. 3 in Sequoia Theater at 8 p.m.

The music department will offer a program of Renaissance music Nov. 8 at Sequoia Theater, 8 p.m. The following night another film "Julius Caesar" will be presented at 8 p.m.

Another feature of the festival will be a weekly broadcast series, "Shakespeare's 400th" under the direction of the HSC radio department. The program will be heard Thursdays at 7 p.m. on KHSC.

Student Group To Discipline Code Offenders

A first offense student discipline committee has been formed by recommendation of ASB President, Chuck Freitas.

The initial student action came from the interim government minutes where it was felt that an all student committee could handle the responsibilities of discipline following violation of the ASB constitution and its proposed conduct code.

Drinking at ASB events and other violations will be reviewed and acted upon by a committee composed of the ASB president, vice president and a member of the board of control.

Duplicate files of the offenses would be kept by both Freitas and Dr. Don Karshner, Dean of Students. If a student should become involved in a second violation of the same sort, he or she would automatically go to Dr. Karshner.

It is hoped that this policy would eventually lead to complete student participation in handling our own problems and thus enlarging a self governed association.

The success of this first all student committee will determine further action and recommendations. It should be understood that there will be no "spying" in order to force compliance of good conduct, but rather a desire building from within students themselves.

Women's Service Group Slate 'First' National Conference on HSC Campus

Humboldt State campus will host a "first" this month when Spurs, national sophomore women's service organization, brings the group's national convention here October 23 and 24.

Three national officers flanked by delegates from 16 colleges and universities will dress-up the event, following the theme "Oh, Them Golden Spurs."

The national trio are Judy Baker, regional director; Kathy Pautler, first vice-president; and Tina Irami, national editor.

The convention swings into action following registration Friday night with activities planned for all day Saturday and winding up

Sunday with a Spurs' breakfast.

Delegates will be housed in the campus dorms and the various advisors and deans of women will stay in faculty homes.

Local committee heads are: Dede Boemker, area region one chairman; Kathy Monahan, secretary; Shirley Nicholson, get-acquainted party; Mary Sanchez, meals; Pat Sutro, discussions; Cheryl Steward, banquet; Louise Bonomini, registration; Laureen Daly, housing; and Linda Sparks, program.

Six HSC women recently attended another National Spurs confab at Arizona State University in Tempe.

Delegates were Janice Banducci, last year's president, Kris Peterson, current president, Nancy Etherton, Miss Bonomini, Miss Boemker and Miss Sanchez.

The local women joined more than 150 at the bi-annual convention, representing nearly 40 chapters.

Traveling to Arizona, the HSC group stopped at the Grand Canyon and in San Francisco at the Hilton Inn where they saw President Johnson.

Of special interest in their findings the women noted that the Lumberjack is also the mascot of Arizona State College at Flagstaff.

Art Faculty Exhibit Work

An interesting and stimulating Faculty Art exhibit is presently being shown in the Art Building.

Reese Bullen has an outstanding display of pottery while Leendert Kamelgarn has three oil paintings on display.

Thomas Knight has added a photograph sequence and Albert Barela boasts an oil painting.

Melvin Schuler's sculpture skills are exhibited along with Glen Berry's oil paintings.

Policy Holder.

Richard Hafendorf cashed in on his college health insurance policy just two days after paying the \$21.00 yearly rate when he was admitted to Trinity Hospital two weeks ago with acute appendicitis.

College officials encourage students to protect their investment in education by taking out health insurance.

HSC Band Joins Student Body Rooting Section

The HSC Band has once more become a part of the HSC rooting section.

The Band last Saturday moved into the section from its former home further South in the Bandstand. "The Band now participates more fully in the rooting activities, and the members enjoy being with the students," said Dr. David Smith, Band Director.

Difficulty arose last year when the Band could not be heard in the rooting area, thus curtailing the activities of the song queens.

Additionally, HSC Band has accepted an invitation from the University of Nevada to march in their homecoming parade, according to Dr. David Smith.

Besides the Band, the cheerleaders and song queens have been invited to participate in the parade which also celebrates Nevada's Centennial year.

"Any other HSC groups who would like to march in this parade may see me," said Dr. Smith.

'Dad's Day' Planning Past Initial Stages

Dad's Day, to be held November 14, is already past the initial planning stages, according to Nancy Etherton, publicity chairman.

Sign-up sheets have been placed on bulletin boards throughout the campus. Those who sign up will have a letter sent to their Dad explaining the various Dad's Day activities, and inviting him to participate.

Only the first two hundred paid reservations will be accepted, and Miss Etherton advises interested students to sign up soon.

Dad's Day Activities for this year include a tour of the campus, a social hour, a banquet, and entertainment.

After the banquet, Dads will attend the HSC-Chico game, and sit in a special section on the rooters' side of the stadium.

1963 Sempervirens Selling at Bookstore

Copies of the 1963 college yearbook, The Sempervirens, are currently on sale at the college bookstore.

They may be obtained at the counter for \$4 each from 9 a.m. to 3 p.m.

Confusion Reigns

A lot of confusion has resulted from last week's decision by the Homecoming Committee to change the rules determining the selection of a queen to reign over the Homecoming weekend activities.

On Thursday, with the entry deadline just five days away, the committee decided to switch from a traditional popular vote contest to a panel selection.

The panel of "outside judges" would impartially select the queen on the "basis of her charm, poise, sincerity and attractiveness" at a social affair open to the public.

The switch was made because the committee felt, "the result of the vote in a large student body can be swayed by any large organized group. Thus the candidate would be chosen strictly because of her popularity."

Who else would the students want to represent them but the most popular girl on campus. Isn't popularity based on "charm, poise, sincerity and attractiveness?"

The large organized group referred to is obviously the Forestry and Conservation clubs. Candidates from these groups have won the queen contest for several years in a row and many smaller groups have become discouraged and had abandoned plans to sponsor a candidate this year because they felt "they didn't have a fair chance."

Each organization picks a candidate they feel best meets the queen standards. Therefore it should be an honor for any girl to represent a group who feels this way about her.

There are two sides to the domination of queen selection, either this large group swayed the vote or their candidate most fully met the qualifications of ideal or dream girl. It was probably a little of both.

Many Forestry and Conservation majors belong to religious service and fraternal organizations that also sponsor candidates, thus splitting the group's vote and effectiveness.

However, the committee is now reconsidering switching the contest back to a popular vote and was supposed to make a final decision last night, too late for publication in the Lumberjack.

The new idea is to have each voter pick three selections with the first selection receiving three votes; the second, two; and the third, one.

Whatever the decision, it will be the best for our campus.
Dale G. Potts

The Inhumanist

By E. G. Brundin

"I WONDER WHAT EVER BECAME
OF HUMAN BEINGS?"
(A Liberal Answer)

The World is crying. . .

What is the way of humans, when every face is blank, the light and joy gone? What is the way, when we are all in this slow perishing? What is it in the air that grabs at my guts and brings tears to my heart? I am not angry, not afraid, but tired and sad. Tired of the memories of days that are at once bitter and tasteless. Tired with thoughts of atom bombs, the cold war, and the Birch society.

"People sit in the darkness with rifles across their knees" . . .

Aye, lad, we're bleeding away deep down inside somewhere. Human solipsism is an empty thing.

Just Another

The College seal was placed on the wall next to the steps leading up to Founders Hall, the cornerstone of the campus and center of learning, honoring Dean Homer Balabanis who devoted 41 years of his life to HSC. Although officially retired, the dean still teaches an Economics class.

There can be no truth as long as man stays in his position of self-adoration and fails to realize that he is not alone in existence. The only reason man is the central issue in this universe is because he thinks he is.

A particular and admittedly unpopular brand of truth. There can be no compassion for the merciless; no catastrophe can touch the doomed and despicable. And THIS we are.

"That the world should be so dark and cold for many! . . . that there should be maimed and broken and mad in every land on this beautiful earth." Our crimes have offended the universe.

The veneer of civilization is thin indeed. Time has warped it. The history of this world will be written in blood and ashes. The vision of tragedy is one of our time. The emerald thread is slipping from our grasp. We must not let go; if we do. . .

"I had not thought death had undone so many."

The politician's antics never cease to horrify me. They have these shiny little instruments, and with these they're trying to tear the guts out of the world. "The American Way," they say, "is a helluva good way." Oh? . . .

"I want you boys to shake hands and when the bell rings come out fighting."

While public funds evaporate in feasts of fraternity, a bell of rose fire rings in the clouds.

Man is an over-complicated organism. If he is doomed to extinction he will die out for want of simplicity.

Know thine self. Know who and what you are. Know your limita-

LETTERS to the EDITOR

Cheerleader Reply

Dear Sir:

I am writing this letter in regard to the recent criticism of the HSC Cheerleading Squad.

The cheerleaders at HSC have been traditionally faced with two big problems: 1.) The problem of trying to please everyone, and 2.) The problem of promoting school spirit at a school where spirit is almost non-existent.

As far as the first problem is concerned, I think everyone realizes that it is impossible to please everyone, and that we should strive to please as many as possible, and offend as few as possible. After the HSC-OTI game I personally received many comments of a complimentary nature concerning the cheerleaders, and heard very few complaints. So I would say that we were successful in this respect.

And as far as school spirit is concerned, I felt that the spirit displayed by the student body at the HSC-OTI game was better than any I'd seen at this school for quite some time, considering the nature of our opponent and the score.

Whether or not the remarks made by the cheerleaders helped generate this spirit is difficult to determine, but I sincerely believe that they increased the audience's response.

Concerning the nature of these remarks, I feel that while a few of the jokes told by a few of the cheerleaders weren't especially funny, they weren't too off-color for a sophisticated college audience. And concerning jokes about drinking in the stands, I realize that drinking at football games is frowned upon by the student body and the administration, but still, it does exist, and not talking about it won't make it go away.

I felt that the jokes concerning drinking in the stands were not of a condoning nature; rather, they ridiculed those doing it, and increased the spirit of the whole crowd, which was our primary goal.

In conclusion, I would like to say that in the past, when cheerleaders "played it straight," the crowd ignored them. But when they made an effort to be part of the show, they received an enthusiastic response and school spirit was increased. I hope that future cheerleaders at this campus will follow in that direction.

Sincerely,

(s) Don Rubin
Head Cheerleader

Impartial Committee

Editor:

Now really, gang, just what is an "impartial committee?" Whether it is composed of three or three hundred members, there is no such animal. And even if a committee could be "impartial", could it actually assume to be a representation of 2,900 potential votes?

I refer, of course, to the recent decision to deny the student body its right to select a Homecoming Queen from those candidates nominated by Humboldt's clubs and organizations.

The supposed reason for this decision is that the nominee from one particular organization always

tions and your potential. Know that you are just human, and humans are basically evil and wretched beasts. Then accept the responsibility for knowing this. THIS is the conscience of the world. This is the truth. But when no one listens the truth becomes a lie. When they have nothing better to do, why do men turn to hate rather than love?

Father forgive us. We know not what we do to this earth.

wins, and that this is unfair to the other clubs and their candidates.

But let's consider the fact that the club whose "candidate always wins" is about the largest organization on the campus; that its members put in many hours working in support of their nominee; and that their "candidate always wins" because the majority of the people who take the time to vote are convinced that she deserves the title of Homecoming Queen.

I am convinced that an unintelligent decision such as the one in question could only have been made under pressure from some students or in ignorance of the mechanics of a popular election. I recommend that the decision be reconsidered by those responsible for its passage, and in reconsidering, the following questions be answered:

1. Who will be found "impartial" enough to choose the committee of four "impartial" judges, and on what basis?
2. What is an "average" freshman? Or sophomore? Or junior? Or senior? I am assuming that the four chosen will attempt to be a representation of a "cross section" of the student body. If there is any other means of representation it is even more of a farce than the one proposed.

But even if one from each class is selected for his "impartiality," whatever that means, who is to know whether or not he represents a mean level of the partiality or impartiality of his class members?

3. Whatever happened to the rule of the majority? If a body of people vote a straight party ticket, or in this case a straight organization ticket, that is their privilege. No matter what the reason for their vote, it is indicative of their desires and wishes, as nothing else can be. If the majority of ASB members are affiliated with a certain organization and wish to vote by that affiliation, this is fair. The election expresses the vote of the majority.

If the students responsible for this decision can consciously and

Step Forward

The Class of 1963 presented HSC with a plaque commemorating the college's 50th Anniversary which was celebrated in 1963. Located on the wall next to the steps leading up to Founders Hall, the plaque depicts the HSC's rise in the land of the redwoods.

purposely avoid the questions raised in this letter, then we must abide by the "impartial" selection of their committee of four.

The campaign will have been wasted and the electorate will have been ignored, but we'll have our figurehead—er, Queen of Homecoming HSC, 1964!

Odd that this decision should be made in an election year. . .

Sincerely,

(s) Karen Lyman

President Speaks Out

By CHUCK FREITAS

GO TO ----- O. T. I.

The Associated Student Body government is a representative organization of the student character, philosophies, and image at Humboldt State.

This body is formed from within the student electorate and by the electorate majority. The actions, service and programs performed by these ASB representatives, no matter how large or small, reflects the student image 'on the hill'.

Prior to a recent football game, lapel ribbons were worn by students, expressing certain sentiments towards the visiting team. This may or may not have been in poor taste, according to your own moral opinions. The ribbons, certainly, did not gain us a thing.

In answer to many questions, this venture was not financed or coordinated in any way by the Association, that being the ASB governing bodies or their subcommittees. This venture was truly not indicative of the highest image possible befitting an HSC student.

It is safe to assume that a similar project will not be repeated. The group promoting the ribbons have been approached on the matter, and I was assured that similar slogans will not be repeated. However, ribbons may again appear on campus, but in a more respectable fashion.

Conduct at our football games has been excellent to poor, again, according to personal opinions. For some individuals it is rather amusing to utter foul slogans, words, and signs.

For the majority of students, faculty, and the community members, it is inappropriate, ill-conceived and damaging to our college reputation.

I cannot, and do not condone such vulgar action within the stands personally, and as President of the Association.

What can be done to remedy this immature conduct? For most individuals—a number of things; for some individuals—nothing.

In the near future, a student questionnaire will be distributed concerning matters of this nature. Students will be asked to judge themselves on their own conduct or misconduct, as the case may be.

This questionnaire will form the general basis from which the Student Disciplinary Board will, in return, judge the student on cases brought before it.

The new Disciplinary Board is comprised of the ASB President, Vice-President and the Chairman of the Board of Control. Actions of the Board are confidential, and are filed with the Dean of Students office.

Any further violations would be

referred directly to his office. Any student, faculty member, or administrator is free to request action from this Board on disciplinary matters.

One, seemingly obscure, remedy to disturbances in the football stands is preventing nonstudent spectators from sitting in the rooting section. This would prevent nonstudent disturbances from occurring within the main section.

The Assemblies Commission has attempted to enforce this restraint, but it needs student approval and acceptance for any appreciable effect.

The Association strives to promote the highest possible student image, considering both majority and minority groups.

The student, himself, must govern his conduct and discourage others from detracting from his own image. Otherwise, he may hear, GO TO ----- the Disciplinary Board.

Former Grads Now Attending Forestry Schools

Four former graduates of the Humboldt State College School of Forestry are now doing graduate work at some of the finest forestry schools in the country, according to Dr. Harry Wiant of the HSC Forestry Department.

Attending Yale University this fall is Carl Yee, who is working toward his masters degree in silviculture. Yee will be studying under Dr. Dave Smith, who has written the standard text in that subject.

Also expected to attend Yale following his completion here is Dave Cottrell, who was involved in a serious automobile accident last spring, causing him to miss a year of school.

Other students attending graduate schools are Lloyd Keefer, Richard Kuehner and Ed Schnider.

Keefer is starting his masters work this fall at the University of California at Berkeley according to Dr. Wiant.

Schnider is expected to begin his graduate work at the University of Washington next spring in the field of wood technology, according to Dr. Wiant. He has been accepted there as well as being accepted at Duke University in Durham, North Carolina.

In addition to the students doing graduate work at these universities, three students are working on their masters degree here at Humboldt. They are Robert Ettner, Douglas Jaeger and Dennis Porter. The latter two are in the early stages of data analysis toward their thesis.

SPUR Leaders

The SPURS, national women's sophomore service organization, will host a national convention on the HSC campus here October 26 and 27. Pictured are: first row (L to R) Janice Banducci, past president; Kris Peterson, president and Nancy Etherton. Second row: (L to R), Louise Bonomini, registration; Dede Boemker, convention chairman, and Mary Sanchez, in charge of meals.

Dorm Hall News Year's Activities For Forestry Club Now Under Way

Both Nelson and Redwood Halls are reported full this semester with 202 men in Redwood and 36 in Nelson.

Dorm elections were held last Monday in Redwood Hall. Craig Egberg and Bill Georgi were vying for Vice-president and Darius Adams and Ken Townsend were competing for Standards Chairman.

The first dorm meeting was held on Wednesday, September 30. At the meeting Mrs. Neva Slacks introduced herself and her Resident Assistants to the new students and welcomed all newcomers to Redwood and Nelson Halls.

Jack Altman, Humboldt State Housing Manager, was also present at the meeting. He explained the standards, policies, and facilities of the dormitory.

Dr. Don Karshner, Dean of Students, gave a general orientation on such subjects as Lumberjack Enterprises, placement, loans, medical facilities, and other items of interest to the students.

He also announced that new dorms were now in the planning stage and that ideas would be accepted for consideration.

Sunset Hall held their first dance of the semester on September 25. The "Get Acquainted Dance" was labeled as very good by Sunset Hall president Sandy Lovrich.

Most of the action taking place during October in the girls' dorm is the planning for Homecoming as they are in the process of choosing a queen candidate, finding a place to work on their float, and trying to locate a large flat trailer.

The new officers for this semester at Sunset are Sandy Lovrich, President; Sherry Marquis, Vice-president; Mickey Brizard, Secretary; Gay Lawrence, Treasurer; Barbar Moon, Historian; Terry Schwartz, Fire Marshal; Bonnie Gates, Head of Standards; and Sandy Markley, Honorary Members.

Year's Activities For Forestry Club Now Under Way

The Humboldt State Forestry Club opened its activities for this year one recent night when it held its annual bean feed at which time new and returning foresters were welcomed back to school, according to Roland Robison, public relations director for the club.

The college forestry department has reached an enrollment of 330 majors for the fall semester. All of these forestry majors as well as any natural resources major may join the club, said Robison.

New officers for the fall semester for the club include Ron Gillespie, chief forester; Roy Ashbrook, assistant forester; Bob Gratton, fiscal forester; Murray Taylor, recording forester; Roland Robison, reporting forester.

Among the various activities that the forestry club will sponsor and participate in this year are the Forestry Bean Feed program sales (football games), the Homecoming Queen and float contest, the forestry club Christmas tree sales, the Red Hot Prof. contest, the Popera King contest, the Senior Dinner, the Forestry Clam Bake and the annual Associated Western Forestry Clubs conclave.

It will also be active in or promote conservation week, the Annual Foresters Ball, the Forestry Steak Feed, the Annual Ring and continued work on the construction of the Forestry Hut in the school forest.

The forestry club holds its meetings every other Monday night at 7 p.m. in the college commons. The next meeting is scheduled for Oct. 12.

Freitas, Henry Attend Student President Confab

ASB president Chuck Freitas and vice president Bob Henry will attend the California State College Student Presidents Association at San Jose State College Oct. 9, 10 and 11.

Freitas will serve as secretary-treasurer at the program. He was appointed to the position this summer by Bob Paisano, president of the group.

The CSCSPA is the only group officially recognized by the State College Board of Trustees to whom recommendations of policy pertaining to and affecting students are made. A recent success of the group was the board's acceptance to establish a new wage floor for student assistants.

Other resolutions by the group have been tutorial programs, campus international programs, student fees, admission policies and study of the master plan.

Two Professors At State Senate

Two Humboldt representatives are attending the Academic Senate of State Colleges today being held on campus at L.A. State.

Doctor Hyman Palais, professor of history and Doctor R. E. Peithman, professor of physics are among spokesmen from all 18 state colleges in California.

The meeting is concerned with the policies behind our present academic system.

This is the first of a series of meetings for this year and they will "operate on nearly the same basis as our own campus senate at Humboldt" according to Doctor Peithman.

Tennis, Handball Courts Set For Use By Monday

Humboldt State College, to meet the needs of its increasing student body, must constantly be expanding.

Six tennis courts and four handball courts have recently been completed. They will be in use by Monday, according to Dr. Dale Rea, Building Co-ordinator.

"These are outdoor courts on the east side of the men's gym," Dr. Rea explained.

The first floor of the men's gym is undergoing a major re-modeling, Dr. Rea continued. There is a new training room, an additional locker room and more storage space.

According to Dr. Rea, new art, music buildings will probably be the next major construction on campus. Dr. Rea stated: "The present art and music buildings are insufficient to give a complete program."

Mystery Car at C.E.S.

This car wasn't the loser in daily battle for a parking spot on the HSC campus.

The accident occurred one half mile south of Arcata on U.S. 101. The CHP has no record of the vehicle being towed by a local firm. The question thus becomes "just how did the car reach the HSC campus?"

Marks left by one of the wheels would indicate that the owner drove the tiny car to the CES parking lot and left it to be picked up the next day.

Says Ample Spaces For Parking With Permits On Campus

"Contrary to student opinion, ample parking spaces exist on campus," said Holger Holgersen, campus security officer.

Holgersen cited figures of 1,284 spaces on campus with only 580 student and 239 staff permits issued to-date.

He explained that his staff has found that such lots as Jolly Giant are seldom used, and in fact remain virtually empty.

Citations are now being issued to drivers using marked spots without proper permit, he reminded. More than 400 citations have been given this semester said F. E. Devery, business manager.

Professors Here Lauded For Work On Almanac

Many thanks and congratulations were given to three Humboldt State professors, in a Humboldt Standard editorial this summer, for their "great contribution" to the county.

In the September 17 edition of the local afternoon newspaper, Professors Robert Dickerson, Robert Kittleson, and Theodore Ruprecht recieved praise for the compilation of "The Humboldt County Economic Almanac," a statistical study of our county's economy.

The study was hailed by the newspaper as being far away the most complete and useful reference work ever compiled in Humboldt County, filling the deficit of economic information, so vitally important to the businessmen and governmental agencies in the area.

Extensive plans have been made by the County Supervisors for the distribution, employment, and maintenance of this 52-page document. When used as a supplement to the "Economic Survey of Eureka and Humboldt County", a publication put forth by the Greater Eureka Chamber of Commerce, virtually all information on Humboldt's economy is made available.

Copies of the folio can be procured through the Department of Economics on the campus for one dollar, a price necessary to cover printing and further research.

Additionally, the Standard editorial commended the administration of Humboldt State for making "these men available for outstanding public service."

The Greek Way

By JON BURGESS

With the dominant theme of the weather being as it is very unpredictable, those of you who worry about the weather should be able to keep pretty busy.

Those of you who don't worry about the weather may be surprised to know that you don't have to worry about the Greeks either. Based on tradition, the Greeks are quite predictable.

On Mondays, for instance, the fellas are all decked out in coats and ties so they will be dressed for their weekly meetings on Monday night. Wednesday is pledge day, and Delta Sig Green and Teke Red Ties can be seen all over the campus.

On the overall Greek scene, last Monday saw the first meeting of this year's Inter-Greek Council, a representative body composed of members from the TKE and DSP Fraternities and the DZ Sorority.

Teke Phill Hubbs was chosen president for the coming semester, while Steve Potter, a Delta Sig was made vice president, DZ Carolyn Iskra, secretary, and DSP Rich Stewart, treasurer.

The IGC will sponsor a dance October 24, in the women's gym with music by the Intimates. Admission will be 50c per person.

The Tekes have had another busy week. Last weekend, the men of 317 Laurel Drive held their annual Roaring 20's Party at Danish Hall in Arcata.

In accordance with the party theme, the girls were dressed as flappers and the guys wore either knickers or double-breasted Al Capone suits. A "speakeasy" atmosphere was prevalent, and Phil Hubbs and Pam Johnson won prizes for being most originally dressed.

Ronald Reagan's visit to the campus also brought action to the Teke camp. After his speech, Mr. Reagan, who is also a Teke, had coffee at the house of his Humboldt brothers.

Up and coming on the Teke calendar is an after-game celebration and commencement of Homecoming planning.

Homecoming candidate from the Teke House will be Miss Gayle Hunter, a junior from Eureka.

The Delta Zeta Sorority concluded its formal rush last Monday evening, with the installment of 18 women as pledges.

The coeds are: Betty Barnes, Linda Brown, Barbara Bumpus, Cheverne Case, Jan Clarenbach, Carol Crane, Joyce Dotson, Melanie Evans, Kristine Faulkenberg, Sue Gustafson, Mary Kay Hartman, Mary Ann Morrison, Sue Walling, and Gerry Wilkinson.

Following the ceremony, the new pledges were presented to the memberships of Teke and Delta Sig Fraternities.

The weekend of Sept. 19 and 20, the DZs held a retreat at the summer home of Jan Isackson in Redwood Valley to plan their program for the present school year.

Rush from the Delta Sigs is continuing on through most of next week. Numerous functions have transpired and more are in sight.

With Homecoming just a few weeks off the Sigs are hard at work preparing a float and campaigning for their queen candidate, Miss Kathy Leiber, a junior physical education major.

An after-game party is planned for this weekend and a Junior Active-Pledge Banquet is scheduled for the following week.

Two changes in staff were made Monday as Al Kaski stepped in for Larry Brooks as sergeant-at-arms and Ron Kramer took over Jim Dodge's duties as secretary.

KHSC-FM Operating

Humboldt State College radio station KHSC-FM began broadcasting Monday after two weeks of planning and preparation by the station's staff.

Programs may be heard week days from 3 to 9:30 p.m. on 90.5 on the FM dial. This year's schedule is an hour and a half longer per day than last year's.

Over thirty three regularly produced weekly programs and ten campus news reports are offered, plus live world news broadcasts twice daily courtesy of KINS radio station in Eureka.

During the semester several programs of special interest are planned. This year six drama productions and one documentary program will be offered.

KHSC has one of the largest and most diversified record collections in Northern California, boasting over twelve hundred 33 1/2 rpm records plus several hundred 45 rpm records and recorded tapes.

Station Manager Gordie Schmidt reminds students living in the dorms that KHSC may be picked up at 700 on the AM radio dial only if the radio is equipped with a "jack" connecting to special wiring in the dorms.

The music presented ranges from opera to the latest in progressive jazz and current hits by popular recording artists.

HSC Hosts Cal Poly Eleven

Rugged Action Slated Saturday at Redwood Bowl

RUGGED ACTION — Rough and tough football action, like the above scene from Humboldt's 41-0 victory over Oregon Tech, will be seen on the Redwood Bowl gridiron tomorrow evening when the Lumberjacks host winless Cal Poly of San Luis Obispo in HSC's third contest of the young football season. The Lumberjacks are 1-1 on the year, while the Cal Poly Mustangs are 0-3, having been trounced 59-7 by San Diego State in their last outing.

Mustangs Searching For First Win of Season Against 1-1 Lumberjacks

After dropping their first game of the young 1964 football season, 6-0 to Willamette University last Saturday, the Humboldt State College Lumberjacks will try to get back on the winning trail tomorrow evening when they host the Cal Poly of San Luis Obispo Mustangs at Redwood Bowl.

Willamette Sinks HSC On Long Run

A sizzling 58-yard touchdown romp and a rock-hard defense by the Willamette Bearcats proved too much for the Humboldt State College Lumberjacks to handle last Saturday evening as the locals dropped their first game of the young season, 6-0 at Salem, Ore.

Early in the second half, Willamette halfback Walter Maze hit the Humboldt line, sighted daylight, and romped 58 yards for the game's only score. The conversion attempt was blocked, but the six points was all the Bearcats needed as their defense took control and completely bottled up the Lumberjack offense.

For the remainder of the game the Lumberjacks were plagued by pass interceptions, poor blocking, and fumbles. During the fourth stanza the winners kept the Green Chain within the confines of its own 35 yard line.

The Humboldt Staters had a chance for a field goal in the first period, but Howard Cadenhead's attempt was wide right.

In the third period the losers' drove to the Willamette 16, but the Bearcats line stiffened and took over on downs.

This Saturday HSC will host Cal Poly at Redwood Bowl.

The Mustangs are winless on the season. They dropped their third straight last weekend when they were soundly trounced 59-7 by San Diego State.

Humboldt State, on the other hand, is 1-1 on the year, the 'Jacks defeating Oregon Tech in their opener 41-0 two weeks ago on the home gridiron.

Cal Poly is led by talented veteran quarterback Fred Richelieu and hard-running backs Pat Beasley, Frank Blakemore, and Fred Ragatz.

Head coach Sheldon Harden is expected to go with the following Mustang starting lineup.

Bill Brown, left end; Chuck Campbell, left tackle; Willie Tinnen, left guard; Ken Ramsey, center; Jim Fogarty, right guard; Joe Faria, right tackle; Monty Cartwright, right end; Richelieu, quarterback; Bill Roberts, left half; Gary Walker, right half; and Pat Beasley, fullback.

The average weight of the starting Mustang line is 201 pounds, while the backs average 169 pounds and the over-all starting team rounds out to 188 pounds.

Cross Country To Hold Intra-Squad Meet Saturday

The Humboldt cross country team will hold an intra-squad meet tomorrow at 10 a.m. over the 4 mile Lumberjack course.

Tomorrows race will begin at the field house and the course dips up and down through the redwoods.

The Lumberjacks will host Cal State at Hayward in the 'Jacks first home meet to the season next Saturday.

Bill Ferlatte has been the Lumberjacks top man in the 'Jacks first two meets as he placed ninth in the Chico invitational, two weeks ago and finished second against the University of California, Davis last Saturday.

Humboldt finished eighth in a nine field at the Chico meet. Sacramento State easily won the meet as they scored only 30 points. Humboldt wound up with 200. In cross country one point is given to the first place finisher, two to the second place runner, and so on until the last man has finished.

Dr. Ford Hess, cross country coach at HSC, explained that his squad is nearly all freshmen and that they are just not ready to challenge the better teams in the league. Dr. Hess commented that his men will have a good chance of coming up with victories in meets with Cal. State at Hayward, Sonoma State, and San Francisco State.

New Tennis Courts Finished On Campus

Six new tennis courts have been recently completed on campus near the field house. The courts are only in their second week of use.

Anyone may use the courts but tennis shoes are required for everyone who is inside the fenced in area where the courts are located.
