

ASB Elections Monday

LumberJack

HUMBOLDT STATE COLLEGE

Vol. XXXVII

ARCATA, CALIF., FRI., APRIL 10, 1964

No. 22

Lumberjack Takes Seventh In Journalism Convention

The Lumberjack placed seventh statewide in overall competition at the California Intercollegiate Press Association 15th annual convention in Fresno last weekend.

Six delegates attended from our campus. Henry Ayre and Sharon von Euv represented the Lumberjack, Lloyd Scott and Rodger Barnard, Sempervirens, and Dave Littleton and Neil Gilchrist, the Hilltopper.

The Sempervirens placed first in the overall yearbook competition for colleges with an enrollment under 5,000. They tied with USC for second for the sweepstakes results.

The Lumberjack placed 7th in the sweepstakes standings and took first in sports photography, and third in general columns, sports columns, editorial writing, and general cartoons.

Several speeches and panels were featured at the three day convention. According to Henry Ayre, the most interesting panel was entitled "Controversy on Campus", and featured two members of the John Birch Society, a member of the Communist Party of Northern California, a Professor Emeritus of Social Science, and an associate director of a college "Y".

Dinner speakers for Friday and Saturday nights were Mayor Samuel Yorty of Los Angeles and former Presidential Press Secretary Pierre Salinger, respectively.

New officers were elected at the Saturday closing session. They were Alex Purtee, San Diego State, President; Joy Parsons, Cal

State at Hayward, first vice president; and Glenda Moses, Chico State, second vice president. Outgoing officers were Craig Altschul, San Fernando Valley State, President; Norma Wallace, Fresno State, first vice president; and John Cash, Cal State at Long Beach, second vice president.

Next year's convention site was also decided upon as Cal State at Hayward.

The Lumberjack was the recipient of the sweepstakes award last year, and had to give it up to USC this year.

'Jack Debate Squad Competes At Reno

Two HSC debate teams last week went to the Nevada—Great Western Speech Tournament held April 4-5 at the Reno campus of the University of Nevada.

Junior mens team Earl Davis and Gary Anderson came out of the tournament with a 4-2 record. Junior womens team Judy Jylka and Susie Moore came out with a 1-5 record.

Over 30 debate teams were entered, including teams from: Long Beach, Sacramento State, Stanford, Humboldt, Pacific University, Pacific Lutheran, Oregon State, and the University of Arizona, which won 1st place.

Humboldt has been sending teams to the invitational tournament for about eight years.

Music Festival Opens Thursday

The annual high school Solo and Ensemble Festival will be held April 16 in the Music Building according to Mr. Leland Barlow, Chairman, Division of Fine and Applied Arts.

The festival, which is open to the general public, will feature both vocal and instrumental selections. Mr. Barlow remarked, "There will be solos, quartets, and groups participating in the evening festival."

Student Council Allocates \$150 For Extra Paper

Student Executive Council allotted \$150 Tuesday for an extra edition of the Lumberjack that was published Wednesday.

Council granted the money to the Lumberjack so that the students would be informed on the Academic Senate's decision to exclude students from the Athletic Advisory Board. ASB treasurer Al Spears explained the money would come from funds budgeted to the Executive Council.

Al Kaski, director of the general student body elections, told council members that several candidates for student body offices had been disqualified because they did not have the required 2.0 accumulated grade point average.

Mark LaFleur, representative-at-large told council members that he had set up a student opinion pole to base the conduct code on, that would be conducted in certain classes.

Seventeen Students Vying for Six Open Rep-at-Large Posts

Voters in Monday's general student body elections will be given the greatest choice in candidates ever offered on the Hilltop campus as 21 office seekers compete for nine open positions on the executive student council.

Seventeen students are running for six representative-at-large positions while four are vying for the three top posts, president, vice president and treasurer.

Chuck Freitas, a senior business major is running unopposed for the office of student body president and Dick Visser, junior accounting major is also uncontested in his bid for the job of treasurer.

Two men have turned in petitions qualifying them to compete for the office of vice president. Ed Jesson, a sophomore general studies major, is running against Bob Henry, a sophomore botany major, for the post.

The Activities office has reported a deluge of petitions for the six rep-at-large positions as current ASB president Jack Turner publically announced that he would appoint the persons receiving the seventh and eighth most votes in Monday's election to fill the representative semester term now unfilled under the new constitution.

The representatives will be elected on a plurality basis.

Candidates for the six rep posts are: Julie Anderson, a junior home economics major; Paula Brink, a junior history major; junior social science major Jack Bueller, and Roberta Caldwell, frosh Spanish major.

Also running are: Steve Clapp, freshman forestry major; Jane Cleveland, freshman art major; junior history major Joe Forbes; Dave Johnson, sophomore business major; Duane Kimbrow, freshman English major; and Delos Mace, senior political science major.

The candidates include: Helga Munchheimer, freshman sociology major; Jack Murphy, junior physical education major; sophomore undecided, Steve Peithman; Dale Potts, junior business major; Andrea Roccaforte, junior elementary education major; freshman business major, Lee Rutledge; and junior forestry major Rodger Schmitt.

Under the new constitution the secretary will be hired by council.

Oswald Tape On KHSC Monday

College station airwaves will vibrate to the modulations of the voice of Lee Harvey Oswald next Monday evening, if present plans are fulfilled.

Interest ran high at the playing of this taped round-table discussion which was offered as the main item of the Young Republicans' meeting last night.

The second playing was nearly as well attended as the first. To give those who missed this revealing tape playback another chance, Eileen Cavenier, freshman History major, has arranged to have it broadcast on KHSC, which is found on the FM band at 90.5. Coaxial cable also makes it available to dorm students on standard AM sets.

At the recent dedication ceremonies for the Forest Range and Experiment Station held in the Founders Hall auditorium, a bronze plaque to be placed at the site was unveiled. Holding the plaque from left to right are President Siemens, Robert McDowell, Dr. John R. McGuire, Estelle McDowell, and Dr. Lawrence Turner.

Sixteen Students Accepted For Overseas Study

The names of 16 applicants accepted for the 1964-65 International Programs were recently announced by Dr. Richard Morrison, Dean of Counseling and Testing.

The International Programs of the California State College are voluntary, cooperative and system wide. They are open to all qualified students and graduates of the California State Colleges.

Students take most of their course work with the professors of the host university in which they are attending.

They will earn up to 30 units of credit for their year's work and will be registered at both the host university and at the California State College.

Faculty members of the California State Colleges serve as Resident Directors of programs abroad, and act as academic advisors and counselors to the students.

Since many more students apply than can be accommodated, the selection among the applicants is made on the basis of academic, linguistic and personal qualifications.

The criteria for selection are as follows: applicants must have upper division or graduate standing at the beginning of the academic year.

Applicants must present two semesters of course work (30) units with a grade point average of 3.00 (B) or better, prior to the fall of the year.

They must be able to demonstrate proficiency in the language at the host university. Proficiency will be made by the appropriate faculty at the student's home campus.

Selection of students to participate in the program will be carried out by Faculty Committees on each campus.

Also a statewide Faculty Committee consisting of two representatives of the Southern California Faculty Committees.

Two representatives of the Northern California Faculty Committees, and the Director of the International Programs are also included.

A limited number of assistantships, and loans are available ranging in value from \$125 to \$1,150.

Students with outstanding academic qualifications who are unable to assume financial responsibility are urged to apply for the program and indicate their financial needs on their application.

The students accepted and the universities they will attend abroad are as follows:

Roger Barisdale, Sweden; William Bishop, France; Mary Katherine Clary, Sweden; and Julie Fulkerson, Germany.

Susan Jones, Spain; Marc LaFleur, Japan; Donald Lewis, Sweden; Margaret Morse, Germany;

Mary Pearce, Sweden; Margit Priestley, Spain.

George Robinson, France; Lucy Santino, Spain; Hugh Tower, Sweden; Paul Tully, France; and Jacqueline Wilson, France.

Jack Turner has been accepted locally, but is awaiting notification from San Francisco. He will be going to Japan.

Additional students selected from this campus may be announced shortly, but as yet applications are still being accepted for Germany, France, Spain, Formosa, Sweden and Japan.

Further information may be obtained from Dr. Morrison, Room 215, Administration Building.

Hemphill Wins '64 "Who's Who" Alumni Award

Alumni Association Annual "Who's Who" award for 1964, will be presented to James Hemphill, "Class of '32".

Mr. Hemphill is state supervisor of the school lunch program with the California Department of Education.

The annual Founders Day dinner in the College Commons will be the place of the presentation. The alumni will host a cocktail reception in his honor at the Baywood Country Club at 5 p.m., April 18.

The reception will be followed by the dinner scheduled to start at 7:30 p.m. Cost for the dinner is \$2.50 per plate and tickets may be obtained from the office of Dr. Don Karshner, Room 213, Administration building.

Hemphill was born in Blue Lake and attended Irvington Elementary School and Eureka High School. He received his A.B. degree from HSC.

After several years of employment with Pacific Lumber Company of Scotia, he returned to earn his general elementary and junior high school credentials in 1938. He later earned his M.A. degree from the University of the Pacific.

Hemphill taught school in Redwood City and the Stockton School district until the appointment to his present position with the California Department of Education in 1945.

His wife is the former Edith Nellist. Mrs. Hemphill is also a graduate of our college. The Hemphills have one daughter and two granddaughters.

De Bellis Works At Arts Festival

Representative items from the collection of books, music and recordings of Mr. Frank V. De Bellis will be featured at the Festival of the Arts May 1-17.

Mr. De Bellis recently presented this collection to the California State College System. "To further highlight the exhibit, Mr. De Bellis will be on campus for a lecture on the History of Printing," announced Mr. Leland Barlow, Division Chairman of Fine and Applied Arts.

The lecture by Mr. De Bellis will take place May 12 in Sequoia Theater.

Mothers Invited For Their Day On HSC Campus

Associated Women Students publicity chairman, Helen Franklin, announced that students interested in sending invitations to their mothers for Mothers Day can pick them up at the desk in the cafeteria.

Mother's Day is scheduled for April 25 this year. As usual it is sponsored by the Associated Women Students.

The club has emphasized the point that invitations should be sent out as soon as possible so that those planning to attend can reply. AWS also has emphasized the fact that this is open to the mothers of male students as well as female students.

Letters of reply from those planning on attending should be sent or taken to the Campus Activities Office, Administration Building, room 214 as soon as possible. Miss Franklin also stated that it is important that AWS know the exact number who plan to attend.

Some of the activities for this year's event include a casual browse around campus, a social hour entitled, "AWS Welcomes

Annual Redwood Math Tourney Set For May 16

Plans for the Fifth Annual Redwood Empire Mathematics Tournament to be held on campus, Saturday, May 16, are being completed by Director Dr. James Householder and General Chairman Larry Olson.

The tournament under the sponsorship of the Northern California Mathematics Council is for students from grades seven through twelve, chosen for ability and interest.

In the past, it has served more in the nature of a mathematics holiday than for intense competition. Attendance records of participants ranging from 200 to 250 plus around 40 instructors will be increased by at least a third this year.

A \$300 Shell Oil scholarship to Humboldt State will head the list of 150 prizes, which will include entertaining and useful books on Mathematics.

The usual school material will be used in the testing as well as some special problems designed by Dr. Householder to test mathematical reasoning and ingenuity.

He credits the tournament with the greatly increased general interest in mathematics and the amount of mathematics literature being read by students in this area.

Professor Emeritus George Polya of Stanford University will be the guest speaker. Known for his ability to share his enthusiasm and knowledge with students on every level from the elementary to the post-doctoral seminar, he is considered one of the world's great contemporary mathematicians, according to Dr. Householder.

Over 40 schools will participate from Klamath to Laytonville, Point Arena, and Trinity Valley.

Forester's Ball Termed 'Success'

The First Annual Forester's Ball, held at the Eureka Inn last weekend, was a success according to Mark Smith, publicity chairman for the event.

The dance, held last Saturday evening, was chaperoned by Mr. Philip Annand, Mr. Hank Froelich, Dr. E. T. Choong, and Mr. E. Pierson.

Many dignitaries were on hand from the Forest Products Industry. Among those present were representatives from Arcata Redwood Company, Simpson Timber Company, and the U. S. Forest Service.

College dignitaries included Dr. and Mrs. Don Karshner, Miss Kate Buchanan, and Mrs. Neva Slacks.

Music for the event was provided by Ray Posic's Orchestra from Eureka.

The event was known as the First Annual Forester's Ball this year because the Forestry Club has established it as an annual event in the future.

Wayne King, chairman for the Ball, said that we anticipate even larger student body participation in years to come.

It was pointed out by the publicity man that it will be scheduled at a more convenient date next year.

You", with President Siemens as featured speaker, and the presentation of the Campus Mother for this year.

At 6:30 p.m. a banquet honoring mothers, will be held at the College Commons. The final event for this year festivity is the HSC Drama Production "Pirates of Penzance."

Co-chairman for this year's event are Sherry Miller and Charlotte Graham. Helen Franklin is head of publicity.

Lumberjack

Published weekly by the Associated Student Body of Humboldt State College, Arcata, California, through the Journalism Laboratory, Room 13, Language Arts Building. Phone: VANDYKE 2-1771, Ext. 271.

Member California Newspaper Publishers Association and California Intercollegiate Press Association.

Represented for National Advertising by National Advertising Service, Inc., 430 Madison Ave., New York, N. Y.

Gimbel Awarded Second Research Study Grant

Associate History Prof. Dr. John Gimbel has been awarded a research grant to study in the field of international relations from the Rockefeller Foundation of New York, according to President Cornelius Siemens.

The grant is the second to be awarded to Dr. Gimbel. He spent the 1962-63 school year doing research in Germany concerning the evolution of American policy toward that country and what impact this has had on politics in Germany since 1945.

During the next three summers, Dr. Gimbel will be able to do supplementary research with the new grant.

He is scheduled to travel to Washington, D. C. next June to do research in the National Archives, World War II Records Center, on the retired records of the U.S. Office of Military Government for Germany. His trip to Germany a year ago was to gather research on records in that country.

Dr. Gimbel, an international authority on German reconstruction under American occupation following World War II, is author of the book "A German Community Under American Occupation."

In addition to the research he will do in the National Archives, he will visit the Truman library, and the University of Michigan library.

He will also visit the Hoover Institution on War, Revolution and Peace library at Stanford University.

Professors Return From Radio Meet

Dr. Dale Anderson and Professor George Goodrich attended the Far Western Radio and Television Conference in San Francisco.

Representatives from Federal Communications Commission, Educational Broadcasting Stations and West Coast Colleges discussed the current problems and plans of college radio and TV curriculum. There were speakers and conferences, aided by displays of up-to-date material and equipment.

Dr. Anderson chaired an Ad Hoc committee for the possibility of establishing an intercollegiate broadcasting association. This would be within the state of California for those schools with two or four year curricula in broadcasting. The committee seated 20 members from institutions of higher learning and the agenda was met with enthusiasm.

Face Lifting For CAC Scheduled

The Student Activities Center is going to get a new face lifting. Julie Fulkerson, Student Activities Commissioner announced that plans are underway to remodel the CAC.

Redecoration plans include newly painted walls, new drapes, and burlap panels.

Remodeling may not be done until this summer, because the maintenance department wants to have ample time and space to paint the building.

Added to the CAC budget, the Student Council appropriated \$100 to pay for the remodeling job.

SPURS Hold April Fool's Smarty Party

Pumpkins, shamrocks, Christmas trees, and valentines decorated the Humboldt Federal Savings Friendship Room during the Spur Smarty Party held on April Fool's Day.

Over 35 freshman women having a 2.5 or better grade average for the first semester attended the informal party.

Purpose of the party was to allow present members of Spurs, sophomore service honorary, to evaluate and meet prospective freshmen members.

A limit of 30 girls is accepted each year—no more, perhaps less—even though more than 30 women may be eligible.

Games were played at the party, such as a contest where four groups competed for ten minutes to create the best decorations representing seasons of the year suggested by the decorations listed above. Halloween won.

Charades also filled a portion of the party's time. Such titles as "Does The Chewing Gum Loose Its Flavor On The Bedpost Overnight?" and "Days of Wine and Roses" were acted out by the girls.

Also on the list of entertainment was a game where the groups attempted to list as many uses (humorous or otherwise) of such items as a Spur, bobby pin, and lamp shade.

Concluding the activities in groups, Spur members joined the freshmen to discuss various aspects of Spurs—dues, uniforms, activities.

Refreshments of ice cream sundaes and a dance performed by Spurs Janice Banducci, Nancy Etherton, Chris Daines, and Jan Clarenback concluded the night's activities.

The 25 women in Spurs this year will now evaluate the freshmen on the following characteristics: responsibility, dependability, enthusiasm, and willingness.

Official tapping will take place in approximately three or four weeks. Tapping is equivalent to the rushing and pledging periods of the sorority and fraternities on campus.

Officers for this year's Spurs are: Janice Banducci, president; Becky Breeze, vice-president; Cheryl Berti, secretary; Nancy Etherton, treasurer; and Georgene Dolezal, junior advisor.

Faculty advisor is Mrs. Kathryn Corbett.

Previously, the annual Spur tea was held to introduce the prospective members to Spurs.

Music Program Given By Chorale And Orchestra

The Symphony Orchestra and Chorale combined forces to give a concert March 19 in Sequoia Theater.

The program, the shortest thus far this semester, was presented to a meager audience of 300. Featured on the program were four selections by the Symphony Orchestra directed by Mr. Donn Mills and two selections by the Chorale directed by Mr. Leland Barlow.

Selections by the orchestra were light and pleasing and were picked for their light classical nature.

The Chorale selections were well done due to their pleasing nature. Mr. Leland Barlow introduced the second selection "Festival Te Deum", by giving a lengthy explanation of it and going through the entire song.

In the "Masquerade Suite" Mrs. Marianne Pinches, first violin and Concert-mistress, gave an impressive performance.

The next Orchestra-Chorale Concert will be May 17 at 8:15 p.m. in Sequoia Theater.

CAMPUS CASUALS

By Nadine

Hope you all had a rip-roaring Spring vacation. Just think, no more vacations until after finals. If you're like me, a spring fever senioritis victim, you're probably hoping and praying you can make it through until then.

Peggy Hartley knew better than to pull any stunts on April Fool's Day. She has a vivid memory of how long it took to get the red paint off her from her practical joke for Valentine's Day.

Lots of innocent girls and guys come to college each year and are corrupted by older students such as in the case of an unidentified male student who went on a ski trip. The poor disillusioned guy sat at a front table with his cigarette lighter out all night waiting to light the entertainer's cigarette, but she never came near him.

Girls—watch out! A new hobby has made its appearance on campus. Charlie Hope-fully watches legs.

A day in the life of a student assistant can be pretty trying. Sue Gordon set up a meeting for several instructors and Dr. Samuelson (the host) never showed up. Poor Sue, I'm sure, would have liked to have left right then for the beach in her Catalina Beach Sponge to forget her troubles. This V neck, three-quarter sleeved sweater comes in seven brilliant colors in sizes S, M, and L. It looks great over matching swimsuits or with stretch pants and can be found in Daly's Sportswear Shop for an even \$12.

I understand Nelson Wheeler met some interesting people while hitchhiking to San Francisco. He was even picked up by a lingerie salesman.

Arlene Broyles was dissatisfied with her bubble gum fortune so she bought two sacks of fortune cookies and then accidentally gave away her best fortune to Mel Schuler who liked it so well he wouldn't give it back. Arlene bought some more bags but still didn't find the fortune she wanted. Maybe she had better go back to bubble gum.

Celeste Kennedy has found her favorite restaurant in San Francisco. While chaperoning a group of students she was asked for her I.D. and was so flustered that she almost couldn't find it. I'm surprised she didn't drop it in her soup.

David Bein's six months in the Army taught him to do the neatest parachute jump landings. You should have seen him practicing while jumping off the chairs and rolling on the floor in the Keg a week ago Wednesday night. He needs to buy a pair of Levi's Sta-Prest casual pants for action like that. There is a money back guarantee on these wash'em dry'em, wear'em pants which require no ironing and come in sizes 29-38 in white and green and sell for \$6.98 in Daly's Men's Store. I wonder what other hidden talents are lurking in students at HSC, or in you, David.

Anne Pierson dropped her purse off the trolley car in San Francisco and Dick Sheinheine, HSC alumnus, while retrieving it for her almost didn't make it back to the trolley car. HSC gentlemen seem to be found all over.

Well, I see my time and space is running out so I'll close for this issue. See ya in two weeks. Bye for now.

The Greek Way

By BILL HUFFMAN

Delta Sigma Phi fraternity Dream Girl, Frae Krausgill, was married to fraternity member Jim McCollister on March 27.

Other matrimonial news of the fraternity is that Linda Dumm, a Delta Zeta was pinned by Jack Murphy prior to Easter Vacation.

The only other news of the Delta Sig's is that it is making plans for its annual Sailors Ball which is to be held May 17.

Delta Zeta sorority is sponsoring a "Stompers Marathon" dance tomorrow night in the Womens Gym.

The dance is scheduled from 9-1 with music by the "Intimates". Two trophies will be given to the stompers who stomp the longest according to Susan Leavitt, publicity for the sorority.

The sorority participated April 2 on its service project for this semester which is to entertain the people at the Humboldt County Rest Home. Cathy Briggs, social chairman is head of this project.

The final news from the sorority this week is that Linda Dumm, a DZ was serenaded by the Delta Sig's at the DZ house last week. The DZ's also celebrated the occasion by singing to Jack Murphy who pinned her according to Susan Leavitt.

Last Monday night Tau Kappa Epsilon fraternity hosted Chuck Freitas, a candidate for A.S.B. President, who gave a campaign speech which was followed by a speech from Teke Bob Henry who is running for the Vice President's post.

In news of future events for the Teke's, it has been continuing with plans for its Corinthian Ball which is to be held at the Bay-side Country Club on April 18.

Teke members spent this week selling tickets for its "Eight Men

For a Day" contest accoring to Terry Marquette, secretary. Marquette also said that the drawing was held yesterday and that the slaves will work tomorrow for the contest winners.

Yee is Granted Yale Fellowship

Forester Carl Yee was granted a generous fellowship and assistantship to study for his Master of Forestry Degree at Yale University, according to a report received from Dr. Harry Wiant.

Yee is the third HSC graduate to attend the Yale Forestry School. Other grads attending are Jim Rydelius and Pete Passof, who are both completing their masters degrees this year.

Dave Cottrell also received the honor, but will be unable to accept now, due to his recent accident. He will be allowed to accept the honor at a later date.

BEATLEMANIA

Once upon a fashion time, America looked to England for conservative but beautiful tweeds. Now England's most important fashion export is a quartet of young performers called the "Beatles".

Their influence on American fashion will not adhere to the traditional English style. Instead, their likenesses and individual autographs will ornament a whole new exclusive collection of knitwear which they inspired Puritan Fashions Corp. to create for the all-important young market. These include Beatle Sweat-shirts, Tee Shirts, Knit Shirts and even teen age Shift Dresses.

International stars for the past year, the Beatles are currently making their American debut. The furor they are capable of creating got off to a wild start when 5,000 youngsters greeted their arrival on our shores. Booked for three appearances on the Ed Sullivan show, they also enjoyed the distinction of an appearance at Carnegie Hall which was sold out in advance.

Separately, the Beatles are known as John Lennon, George Harrison, Ringo Starr, Paul McCartney. All are in their early twenties. They write, play and sing a "powerhouse" music which is identified as the Mersey sound after the district where it originated. It's not rock 'n roll. It's not rhythm. It's not blues. Group leader Lennon says, "Our music is just, well our music".

Filled with zest and uninhibited good humor, the sound has special appeal for the young. Abroad, there are no age barriers to the Beatles' craze.

Radio Television Works Compete At San Francisco

The Annual Radio and TV Intercollegiate Conference will be held at San Francisco State College April 17 and 18.

Three programs will be submitted to the competition by the Radio and TV department, according to Dr. Dale Anderson.

Promotional color film, the work of the cinematography class, which tells the story of the Radio and TV department here, will be the first entry. It does not have dialogue, but is accompanied by a jazz background.

Prof. George Goodrich was the coordinating producer of the film.

A student directed Kinescope recording on black and white film will be the second entry. According to Michael Glimpse, the director, this was produced with the use of strictly TV equipment. This means that the film is the result of a picture's being taken off a picture-tube over which the production was being televised.

The cast from the TV Workshop produced a Tennessee Williams, 20-minute, one-act play for the text of this recording.

Bill Roberts, student writer and producer, gave hours of pleasure and relaxation to the FM listeners with his original program called "P.M., a little poetry and a little music."

This will be the third entry. To be submitted is the half hour special Christmas program.

PEGGERS
slacks

...bull rugged slims with the new A-1 pockets (single patch on hip) and loops for belt or sans belt use! Tailored to "peg" you as a sharp-smart dresser! In rugged wheat, faded blue and black denim \$4.50, the new wheat s-t-r-e-t-c-h denim \$6.98.

WELL-KNOWN FAMOUS PEOPLE: No. 1

This is the first in a series of 48 million columns examining the careers of men who have significantly altered the world we live in. We begin today with Max Planck.

Max Planck (or The Pearl of the Pacific, as he is often called) gave to modern physics the law known as Planck's Constant. Many people when they first hear of this law, throw up their hands and exclaim, "Golly whiskers, this is too deep for little old me!"

(Incidentally, speaking of whiskers, I cannot help but mention Personna Stainless Steel Razor Blades. Personna is the blade for people who can't shave after every meal. It shaves you closely, cleanly, and more frequently than any other stainless steel blade on the market. The makers of Personna have publicly declared—and do here repeat—that if Personna Blades don't give you more luxury shaves than any other stainless steel blade, they will buy you whatever blade you think is better. Could anything be more fair? I, for one, think not.)

Max Showed no indication.....

But I digress. We were speaking of Planck's Constant, which is not, as many think, difficult to understand. It simply states that matter sometimes behaves like waves, and waves sometimes behave like matter. To give you a homely illustration, pick up your pencil and wave it. Your pencil, you will surely agree, is matter—yet look at the little rasical wave! Or take flags. Or Ann-Margret.

Planck's Constant, uncomplicated as it is, nevertheless provided science with the key that unlocked the atom, made space travel possible, and conquered denture slippage. Honors were heaped upon Mr. Planck (or The City of Brotherly Love, as he is familiarly known as). He was awarded the Nobel Prize, the Little Brown Jug, and Disneyland. But the honor that pleased Mr. Planck most was that plankton were named after him.

Plankton, as we know, are the floating colonies of one-celled animals on which fishes feed. Plankton, in their turn, feed upon one-half celled animals called krill (named, incidentally, after Dr. Morris Krill who invented the house cat). Krill, in their turn, feed upon peanut butter sandwiches mostly—or, when they are in season, cheeseburgers.

But I digress. Back to Max Planck who, it must be said, showed no indication of his scientific genius as a youngster. In fact, for the first six years of his life he did not speak at all except to pound his spoon on his bowl and shout "More gruel!" Imagine, then, the surprise of his parents when on his seventh birthday little Max suddenly cried, "Papa! Mama! Something is wrong with the Second Law of Thermodynamics!" So astonished were the elder Plancks that they rushed out and dug the Kiel Canal.

Meanwhile Max, constructing a crude Petrie dish out of two small pieces of petrie and his gruel bowl, began to experiment with thermodynamics. By dinner time he had discovered Planck's Constant. Hungry but happy, he rushed to Heidelberg University to announce his findings. He arrived, unfortunately, during the Erich von Stroheim Sesquicentennial, and everyone was so busy dancing and duelling that young Planck could find nobody to listen to him. The festival, however, ended after two years and Planck was finally able to report his discovery.

Well sir, the rest is history. Einstein gaily cried, "E equals me squared!" Edison invented Marconi. Eli Whitney invented Georgia Tech, and Michelangelo invented the ceiling. This later became known as the Humboldt Current.

© 1964 Max Shulman

Mr. Shulman is, of course, joshing, but the makers of Personna Blades are not: if, after trying our blades, you think there's another stainless steel blade that gives you more luxury shaves, return the unused Personnas to Box 600, Staunton, Va., and we'll buy you a pack of any blade you think is better.

PE Women Take First at Chico Hoop Tourney

Five senior women ended four years of playing varsity basketball when HSC placed first at a tri-meet held at Chico State recently.

Victorious senior team members, who went down in defeat to Chico three times this year, are Judy Maahs, Judy Johnson, Judy De-Beni, Mike Nance, and B. J. Theophilos.

Completing the team membership were Dani Carlson and Iris Fujie.

Dr. Louise Watson served as coach for the team.

Score of the Chico-HSC game was 22-16 and Humboldt also won their game, 37-14 against the University of Nevada.

The tri-meet offered three fields of competition as well as having three teams participating in the event.

Bowlers came in second with Ruth Frank scoring a high game of 192 for the three game competition series.

Members of the bowling team were Ruth Frank, Jennie Perry, Shirley Cramer, Mickey Buzard. Coach was Miss Barbara Van Putten.

Badminton players came in second for total play and first in both men's and women's singles.

Women players were Bev Hooven, Jonel Alora, and Kenna Reed.

Men players making the trip were Roy Able, Randy Gillarducci, Ivan Arnold, John Rea, and Karl Steinke.

Coach for the badminton players was Dr. Leela Zion.

Library Is Still Being Mutilated By Vandalizing

Mutilation of library facilities has not stopped.

Mrs. Helen Everett, Library head, said within the last week, six volumes of hard bound magazines have been lying on her desk with pages or whole articles ripped out.

It is evident that even with the turnstile checking system some students are vandalizing public materials-materials which other students need and use.

Ordinarily, the library would not have realized the destruction of the magazines until it made its annual inventory check; however students who were given collateral reading assignments found their magazines intact, but the articles were missing.

These bound magazines are very difficult to replace. The time lapse for replacement can be several weeks to several years.

Perhaps students are not aware of the service of photocopy which the library performs. For 10 cents a page the library will reproduce whole pages or articles from any library materials.

Destruction of public property

Language Unit To Receive Gift

A formal presentation will be made to the German Department, Monday, April 13, at 2 p.m. by Dr. Klaus Citron, Vice Consul, German Consulate General.

The Goethe Institute in Munich has made a number of gifts available to the German Departments of various colleges and universities in the United States and HSC was one selected.

The gift is in the form of records, tapes, and 90 volumes from 54 publishers in Germany and is valued at \$360.

Dr. Citron entered the Foreign Service in 1959 and became Vice Consul at the German Consulate.

is a serious offense. A closing reminder for would be offenders is an adoption of The California Penal Code, Section 19 which states, "Any student of a State College may be placed on probation, suspended, or expelled for misuse, abuse, theft or destruction of State property. "Any person who cuts, tears, defaces, or injures any book or other item deposited in a library supported by public funds, is a misdemeanor which is punishable by imprisonment in the county jail, not exceeding six months or by fine, not exceeding \$500 or both."

College Union Meeting Held

An executive College Union Committee meeting was held last Friday afternoon in the office of Miss Kate Buchanan.

Miss Buchanan is chairman of the committee consisting of Don McCrea, Ed Jesson, Dr. Peter Black, Dr. Rhea, Miss Buchanan, Bill Wagoner, and Charles Roscoe.

At last weeks meeting, a discussion of a progress report that is to be delivered by the committee to Dr. Siemens was the main business.

Other business of the meeting was a discussion by the committee concerning what types of facilities and services could be available in a Student Union.

Miss Buchanan handed out a mimeographed list of facilities that other Student Unions currently in operation have. The committee added its ideas to the list, which is only a rough outline of what a Union could consist of.

Softball Deadline

Thursday is the last day team rosters will be accepted for the intramural softball league according to softball director Carl Overstreet.

Entry blanks may be obtained in the PE division office.

Communist and Birch Members Clash at CIPA Panel Discussion

By HENRY AYRES

"Emotion-charged," a "block-buster" and "too hot to handle" were terms used to anticipate the panel discussion "Controversy on Campus" last Friday afternoon at the CIPA convention in Fresno.

Featuring Communist Party member Albert Lima; Thomas Lindeman, Associate Director, College 'Y'; Professor Emeritus of Social Science Dr. Hubert Phillips; and Vernon Whipple and Jay Kude, John Birch Society members, the discussion got under way to a hushed and expectant audience of several hundred in the Oriental Room of the Town & Country Motel.

The birth was breech and the infant died aborning. Emotion there was, but depth there was not. The arrangements committee, moderator Prof. Art Margosian, panelists, and audience alike collaborated to create what could have been the farce of the year but for its macabre undertones.

Mr. Lima kicked off by reading a stereotyped speech. His delivery had all the emotional fervor of an itinerant evangelist, complete to glittering generalities and dogmatic prophecy. His 15 minute address herewith is condensed to a sentence: He thinks Communism is wonderful and inevitable, and favors an open forum campus policy to prod the inevitable just a bit, since he himself is not getting any younger.

Mr. Lindeman, speaking briefly next, further urged an open forum policy on campus. Mr. Lindeman is a Methodist minister, but unfortunately forgot to broach the controversial subject of atheism versus belief in his address.

Professor Emeritus Phillips was next and spoke an uncomfortably long time in a rather weak voice and rambling thought pattern. In 20 minutes he made this point: He favors an open forum policy on campus because it promotes and enhances the maturation of the students.

Mr. Vernon Whipple, Fresno John Birch Society chairman and small businessman, picked up the ball and was away and running. Outside of the fact that he did not speak on the panel subject at all, he was amusing and made several effective points hitting at Communism. One was the suggestion to get the facts, worthwhile advice no matter what the source. He quoted a few and their implications, and undoubtedly an unabridged list is available without charge from the local John Birch Society chapter.

Mr. Jay Kude, Central California coordinator of the John Birch Society, was another matter. Even before he began his speech he had alienated the audience with his private asides to Whipple and his general mannerisms. He favored an open forum on campus also, on a balanced basis so that everyone could be heard. But in so advocating, he used every device of trenchant sarcasm, undisguised arrogance, and misplaced flippancy in a futile attempt to make points with an increasingly hostile audience.

The culmination of this hour or so of errors was the question and answer period. Moderator Margosian, perhaps unintentionally, chose those upraised hands producing few penetrating questions for Mr. Lima while keeping Whipple and Kude quite busy.

No one questioned, for instance, the basic psychology of dialectical materialism and the Communist theoretical philosophy of history. Doubtless these would have been

disturbing subjects, considering recent findings in parapsychology by the Soviets themselves which seem to unglue their own ideology.

Mr. Lima would have handled such questions as well, however, as he did another thrown at him—"Is the American Communist Party controlled by Russia." Like a Gargantuan of the dialectic, he circumnavigated the question by saying, "No Communist has been so convicted in American courts," and went on to heal the breach with a few more glittering generalities.

The bulk of the questions were thrown at Whipple and Kude. It was pretty much like kids throwing rocks at zoo animals. When a young lady posed a two-part question of particular depth—"Why are there two Birch members here and only one Communist, and what were you two whispering about a few minutes ago?"—she got a rousing cheer for her intellectual prowess and incision.

Mr. Kude answered in kind—"I get lonely, and none of your damned business!"—and received cheers in his turn.

Another mental giant asked Mr. Kude what constitutional justification he had to support an expressed desire that campus open forum policy allow Birch Society members equal time with Communists to express views. This was too silly even for the moderator, and went unanswered.

The audience did discover that Whipple and Kude were somewhat unprepared due to lack of proper information from the sponsoring committee and/or the moderator. (Let's play it like cricket, boys.)

Everyone was so enjoying this adolescent joust that it was extended another sorry half hour. During this added time no one had the presence of mind to ask for a definitive statement of beliefs, aims, and purposes of the Birch Society. It was just as well, since nothing much was learned from Mr. Lima either, making everything "fair and equal."

Job Problems of Elderly, Set For Discussion At Employment Conference

Various problems and prospects for employing older people in Northwestern California will be examined at a conference to be held Thursday, April 16, in the studio theater.

Co-sponsored by the HSC Division of Sociology and the California State Department of Employment, the conference is one of eight being held throughout the state this spring and summer.

Dr. Ralph Roske, chairman of the Social Science Division is hosting the conference, with Samuel S. Johnson, president of the Jefferson Plywood Corporation, Redmond, Oregon, as keynote speaker.

Following a presentation by Johnson, there will be group discussions headed by Mrs. Kathryn Corbett, Dr. Stuart Johnson, Dr. Theodore Ruprecht and Dr. Robert Dickerson.

Paul W. Little, Sacramento, Chief of Public Employment Offices and Benefit Payments, will discuss expanding job opportunities in California and how to fit older people into them.

Mrs. A. M. G. Russell, Sacramento, chairman of the Citizens Advisory Committee on Aging, will deliver the closing speech in the afternoon.

The affair, open to civic and community organizations, pastors, social workers, and others will begin at 8:30 a.m. with registration.

Spikesters Host Southern Oregon

'Jack Nine Face Hornet's Sting At Sacramento

Humboldt's baseball squad has a tough chore in store for it this weekend as it travels to Sacramento State for a Far Western Conference doubleheader.

The Hornets are consistent pennant contenders. Coach Ced Kinzer has nominated his freshmen twirlers Dennis Filkins and Bill Wilkinson for pitching with right-handed veteran hurler Jay Dickinson slated for relief.

Both squads are rated even after both split a pair with the Cal State at Hayward Pioneers.

Team captain Tom DiMercurio leads the 'Jacks into the two game series, hitting the ball at a .412 clip and racking up two round trippers as the 'Jacks split last weekend with the Pioneers.

Golf Team Still Looking for First FWC Dual Win

The Humboldt State golf team will still be trying for its first Far Western Conference victory tomorrow when it hosts Sonoma State in the 'Jacks' fifth match of the season.

The match will be held on the Bayside Golf Course and the first tee shot is scheduled for 8 a.m.

Coach Franny Givins said that his team has a good chance to win in each of its next three matches. The next two matches after this weeks contest with Sonoma are against Chico State and Nevada.

Net Men Travel To Sonoma, In First Win Over Hornets

Coach Larry Kerker's Lumberjack tennis team will be out for its third straight Far Western Conference victory tomorrow when they travel to Sonoma to take on the Sonoma State squad.

This is the first year that Sonoma has had a tennis team in the conference. Sonoma was beaten by Nevada, 5-2, last week and since Humboldt has not played either of the two teams coach Kerker is not sure just how strong Sonoma is.

The players going to Sonoma are Abbott Squire, Steve Clapp, Dennis Oakes, Bill Davis, and either Craig Thurston or Lee Turner.

Humboldt's fast improving tennis team lost its first conference match to a powerful Chico State squad, 6-1, and since has compiled two straight impressive victories as they defeated Cal State of Hayward and last week upset strong Sacramento State both by 4-3 scores.

This was the first time in 12 years that Humboldt has beaten Sacramento and the first time in eight years that the 'Jacks have even scored a point against them.

Lumberjack Squire, number one man, scored the first point since the eight-year drought when he decisioned LaVern Gonzales, 6-4, 6-3.

Sacramento took the next three single matches with Bud Traverse defeating Clapp, 1-6, 9-7, 6-4; Rich Underwood decisioned Oakes, 6-2, 6-2; and Larry Bryant topped Davis, 6-0, 6-4.

With the 'Jacks behind 3-1, Thurston started the Humboldt

comeback as he defeated Ted Lindberg, 6-3, 6-4.

In the doubles play Humboldt still trailed 3-2 and all Sacramento needed was a split to win the match. The 'Jacks proved they were no pushovers as they swept the two double matches and went on to their second league win.

Ferlatte Expected To Zone In On HSC Mile Standard Tomorrow

Bill Ferlatte aims at his school record in the mile tomorrow as the 'Jack track and field squad hosts the Southern Oregon College of Education at 11 a.m. on the Redwood Bowl oval.

Ferlatte paced the spikesters to a 98½-46½ loss to the Sacramento Hornets last week as he sped to a 4:20.2 clocking in the mile and an hour later chalked up his second win with a 9:51.0 timing in the two mile.

The bearded ironman set the school standard of 4:17.6 last year.

Junior Jacks Undefeated In Five Game Slate

The Humboldt Junior Jacks, undefeated in their first five games this season, return home for their second home game of the season today when they take on McKinleyville High in a 4:30 p.m. game on the College Baseball Field.

Next Tuesday the Junior Jacks will take on Arcata High at the Arcata Ball Park at 4:30 p.m., and on Thursday the Jacks will play Eureka High in a 4:30 p.m. game at VFW Park in Eureka.

P.S. The styles this year are Really Terrific!

here is a book that is helping us to get along with others

Satisfying human relationships can make a big difference between success and failure in college. Whether it's a roommate, a professor, your family, or friends, you want to get along well with them. We are learning a lot about this through our study of the Christian Science textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy. You can, too.

We invite you to come to our meetings and to hear how we are working out our problems through applying the truths of Christian Science.
