Faculty Register Questionnaire Goes Into Operation This Year

A questionnaire form, to be used by students in evaluating professors on campus for the faculty register has been printed, announced chairman Steve Eckard this week.

The register should be in use by the end of the 1965-1966 academic year, Eckard said.

Sophomores, juniors, seniors, and graduates will be the only students allowed to fill out the questionnaire, and they must indicate their major, year in school, and overall grade point average.

The professor's name, course taken, grade received, a five-point scale, and a place for student comments will also be included.

At least five responses about a professor must be received before his name will be listed in the register. The professors will be listed alphabetically by department.

Students will be evaluating five professors from whom they have had courses during that current academic year, and will evaluate them on a five point scale.

The students will base their evaluations on seven dimensions included in the questionnaire.

All the information obtained from the questionnaires will be compiled by a computer, which according to Eckard, will take quite awhile.

The register is being made primarily for the use of the incoming freshman and transfer students and the price will cover the cost of the printing, said Eckard.

Committee members include, chairman Eckard, Susie Winters, John Moring, and Allan Badgett.

NASA Astronaut To Make Campus Visit Next Friday

An astronaut will be in campus January 21 to speak to a student assembly at 1 p.m., President Cornelius Siemens announced last Tuesday.

The astronaut, whose name is not yet known, is in training to participate in one of the future projects. Colonel Charles Yeager, who will also be here, is director of training for the future astronauts.

The student assembly will be in the Sequoia Theater and will be followed by a coffee hour in the CAC at 2 p.m. Students are invited to talk to both the astronaut and Col. Yeager at that time.

The two guests will arrive by plane at 10:15 a.m. and will be met by a reception committee of community and college representatives. At 11 a.m. they will hold a press conference on campus for the Lumberjack and local newspapers.

At noon an informal luncheon will be held for them with student leaders and faculty, and then at 1 p.m. the astronaut will be presented to the students by Congressman Don Clausen. Miss Kate Buchanan, Dean of Activities, and Dr. William Ladd, Assistant to the President, are coordinating the program here.

LJE Votes Transfer of Assets

Lumberjack Enterprises Inc., voted Monday to place all assets and responsibilities related to the proposed college union program under the direction of the new College Union Board no later than May 31.

In a resolution submitted to the body, it was proposed that management of the Bookstore be turned over to union board direction as soon as feasible and that "all related functions be re-assigned by the college president." It was further resolved that the newly-

created union board work with the LJE board of directors to insure an orderly transfer by the end of LJE's fiscal year.

Following the meeting, President Cornelius H. Siemens lauded the LJE move, saying, "The rapid growth of the college indicates we are ready for a full program under the College Union Board. For this reason I endorse the resolution of LJE to have those functions and responsibilities normally encompassed in a college union program transferred to the union board as soon as feasible." He added, "I have a strong faith in the ability and desire of students to run their own affairs."

First meeting for the 13-member committee is January 21, with representation comprised of seven students, five faculty members and one alumnus. The faculty and alumnae representatives will be selected via their respective appointment procedures and student members will be chosen by a screening committee chaired by Rep-at-Large Leo Krusemark. Serving the committee are Ed Jesson, chairman of the College Union Steering Committee; Lana Linzer, representative from Green and Gold Key; Howard Goodwin, Bookstore manager; and Scotty Reed, activities advisor.

Applications for membership on the College Union Board must be submitted to the screening committee by 5 p.m. today. Interested students may pick up the forms at the ASB president's office, the Activities Office, both in CAC west wing, or the Dean of Activities Office, Rr. 212, Admin. Bldg.

LBJ Acknowledges Letter Commending Vietnam Action

President Lyndon B. Johnson and two congressmen have acknowledged receipt of the Student Legislative Council's letter commending U.S. action in Vietnam, ASB President Bob Henry said this week.

Replies to the letter which aroused much campus controversy last month were each addressed to the members of the legislative council and not to the general student body, Henry said.

Because of much active opposition the letter forwarded was signed by president Henry "for the council." It did not specifically indicate general student body approval of military action in Vietnam.

The assistant to the Secretary of State replied to the letter addressed to the President and offered Mr. Johnson's appreciation for the council's interest in U.S. foreign relations.

Correspondence from Senator Thomas Kuchel and first district representative Don Clausen stated no more than acknowledgment of receipt of the letter by persons representing the legislators. Neither official had read the letter at the time the reply was made, Henry said.

No reply has yet been received from General William C. Westmoreland, Commander of U.S. Forces in Vietnam.

Krusemark Resigns; Reappointed To Fill Another Council Vacancy

Legislative Council members chose up sides Tuesday for a wild, hour-long game of musical chairs which saw one member resign, be re-appointed to a three-week old vacancy and a by-stander picked to fill the newly-vacated slot.

Rep-at-large Leo Krusemark resigned his position, which runs out next week and was appointed, upon the recommendation of ASB President Bob Henry, to fill a vacancy that Lowell Mengel vacated three weeks ago.

The unusual nature of this case came about because of a "serious mistake" as termed by Henry. He said, "I should have appointed someone to Mengel's position last week, but I had planned on leaving the post vacant until after the upcoming elections and possibly filling it with one of the candidates that wasn't elected."

The problem came about last week when Krusemark announced in Council that he was going to be reappointed. This announcement made things difficult for Henry as he confessed to council that he was in a political bind and either had to fill the vacancy left by Mengel's resignation or wait till after elections and fill it. The only name Henry submitted to fill Mengel's vacancy was that of Krusemark's.

Henry said, "some students, whose opinions I respect, told me I should have a full Council when we come to the new College Union issue and the selection of board members to govern the Union. These students made me realize that Council should be at full strength and that I had made a mistake."

Krusemark's reappointment means that his petition to run for reelection will now be withdrawn leaving 22 candidates for four rep-at-large positions.

Jim Humphrey, an onlooker at the meeting was elected by Council from three other onlookers to fill Krusemark's vacancy for two weeks.

Ken Bryant, present editor of the Lumberjack handed in his resignation effective the end of the semester while recommending Al Brewer, a transfer journalism major for the position. Council accepted the resignation and after hearing Journalism Adviser Harold Knox's letter recommending Brewer, accepted him to be editor of the paper beginning next semester.

Hot Race Seen For Rep Posts, Elections Today

A total of 22 students, the most in four years, are running for the office of representative-at-large, said Steve Eckard, representative-at-large.

The nominees are Abu Dayyeh Fabmi, Stephen Anderson, Christopher Bradford, Ken Bryant, Gloria Young, Michael Cullen, Bruce Dinneford, Tim Fogarty, Joseph M. Forbes, Jerry Hampton, Brian Harris, Dave Johnson, Wayne Konkright, Brian Konnersman, Lowell Mengel, Gary Morse, Pat Newman, Lowell Nicolaus, Larry Vickers, James Walters, Mark Morse and Suzi Winters.

Voting is from 8 a.m. to noon today in the Forestry building, and from 12 until 4 p.m. in the library, and the 8 a.m. to 4 p.m. hours in the cafeteria.

Four positions are open, and the four candidates with the highest number of votes win.

Dr. Griffith, HSC Pioneer, Succumbs

Dr. Harry E. Griffith, professor of education, and a popular figure at Humboldt State College for over a quarter of a century died last Friday of a heart attack.

Dr. Griffith, whose career at HSC began in 1939, had a distinguished record of service to the college and the nation.

During his tenure here, Dr. Griffith served as Athletic Director and basketball coach, Dean of Students, Principal of the College El-

Dr. Harry E. Griffith ... his passing, HSC loss

ementary School, and chairman of the Division of Education and Psychology.

He was a veteran leader in the educational development of the college and the region and a revered authority of international status in higher education. He

served for many years as an education consultant for the U. S. government.

Listed in Who's Who in America as an outstanding contributor in the field of teacher education, Dr. Griffith was selected last spring semester by popular faculty acclaim as one of two faculty members to represent HSC on the Chancellor's Roster of Outstanding Professors.

In 1950-51 he was a Fulbright educational consultant for the Burmese government and between 1959 and 1961 he was requested by the U.S. State Department to serve as consultant to the Hashemite Kingdom of Jordan where for two years he advised the Jordanian government in setting up a teacher training program.

He was to have left in February for his third overseas assignment as teacher education consultant in the Agency for International Development of the U.S. State Department.

Of the popular educator, President Cornelius H. Siemens said: "He was the kind of multi-purpose college teacher, student counselor and administrator that cannot be replaced. We have been most fortunate to have had his service and helpful influence at Humboldt. The college and education in general has suffered a great loss."

Library Exhibits Statewide Unions

A photographic display, representative of most colleges and universities, showing state wide college unions is now being shown in the library, said Mr. Charles Bloom, coordinator of public services.

The first floor show case, located on the right upon entering, contains enlarged photos of state wide unions such as Texas Technological College and the University of Pittsburgh. Photos include glimpses of lounges, art rooms, billiard rooms and many other aspects of student union life.

"Student union photos are the property of the Association of College Unions, an agency which promotes student unions across the country", said Mr. Bloom. "The purpose of the exhibit is to acquaint students with the different unions in other colleges and universities. Humboldt State, is one of the relatively few colleges that does not have a student union at the present time."

"In This Corner"

By STEVE FEITHMAN

It's That Time of Year

"In retrospect, I believe I will count 75 per cent on class attendance and only 25 per cent on your three term papers."

"This final will be comprehensive, so don't neglect a single century!"

"There's no reason why engineering students shouldn't be able to write an all-essay examination. Grammar will count 50 per cent."

"Of COURSE Byzantine architecture will be emphasized. Did you think the entire course was about modern history?"

"Attention, class. There are a few typographical errors on pages 23, 24 and 27."

"Miss Vavoom, you are excused from the final, (heh, heh) per our agreement."

"I count ten per cent on penmanship."

"Now that all the exams have been turned in, I hope everybody used the special electronic marking pencils."

"In order to identify the place names, please sketch a topographical relief map of the world on the back of your exam."

"Although only half the outline

was covered in class, you will naturally be responsible for all of it."

"By the way, 80 per cent of the test is based on that two page article I placed on reserve for one week. I hope you all read it."

"I've decided to make the final an oral exam. Report to my office at five minute intervals. Dr. Fed-latch and I will interrogate you. Don't be nervous you will, after all, have ten seconds per answer."

"I realize that this is a composition class, Smith, however the test will be 100 objective questions as planned."

"Actually, this test should be rather fun."

"The test will cover certain areas not brought up in lecture—the book, for instance."

"Since this test is on Dante's 'Inferno' I have taken the liberty of closing all the windows."

"All of those who helped me write the exam last night at the Keg, please report to the front of the room."

(This column originally appeared in January, 1965)

A Job To Be Done

The hue and cry for personnel to aid in disseminating news, information and opinion to the masses is traditionally extended at this time each semester by the editor of the Lumberjack.

The student newspaper offers opportunities for students in many fields of study to put their educational experiences to work on a practical basis.

Practical experience in photography, business and secretarial sciences and advertising as well as reporting and editing are offered each semester to students who feel that the educational process can best be supplemented and broadened by practical training.

As a student publication the Lumberjack is an experimental medium where new ideas in education, journalism and business can be explored and tested.

The quality of its production is directly proportional to the quality and quantity of its personnel and the Lumberjack is in constant need of interested, participating students.

Interest has often proved more valuable than experience. Many staffers are in training for professional careers in journalism or business but many others, majoring in other fields, are working toward a wide range of personal goals.

Participation is not limited to members of the staff. Any member of the college community may submit material on a regular or one-time basis and all organizations and individuals are invited to assist in the news gathering process. The "Letters to the Editor" column is open to all as a vehicle for self-expression in the presentation of opinion in an infinite range of topics.

The Lumberjack is a student publication, supported and operated entirely by students. Its objectives are far from fulfilled but progress is continually being made. Its range and expansion are unlimited and guided solely by the efforts of the Lumberjack staff and the support of the campus community.

It is continually striving to increase its role in the education process, not only for the staffer in the practice of his intended vocation, but to its audience in making available to the students, faculty and employees at HSC all the news, information and opinion that can be crammed into its pages.

With effort and planning this invaluable function can be performed to a greater degree by expanding its volume and rate of distribution and by increasing the quality of its presentation by the students and faculty. This is the continued goal of the Lumberjack.

Health Service - Public or Private

By TIM STEWART

Last year students or faculty members did not have to worry about the status of our Student Health Service at Humboldt State College, but this year it has been a different story.

The problem arose when the California Legislature invoked a new experimental program for Student Health Services of California State Colleges. They insisted that basic student health services be handled by private insurance companies.

Humboldt State College and six other California State Colleges were involved in this new health service plan. The six other colleges included California State at Hayward, Sonoma State, Fullerton State, Stanislaus State, San Bernardino State, and Palos Verdes State.

Under this legislative plan, Health Service employees were cut down to a minimum. Starting this last fall, there were only three people employed at the local Student Health Center. They were Director of Health Services, a college nurse, and a clerk typist.

Termination of the other employees was effected in order to provide funds for insurance premiums and the legislature felt that these employees would no longer be necessary. Slightly over \$36,000 was appropriated for this insurance premium. This is about \$12 per student.

The Student Health Service became limited under this program. Under the legislative plan, the Student Health Service would not treat students. Students would be treated by the local doctors in

ment, to provide basic services on campus. This was accomplished about mid-October after months of planning and consultation.

The "basic care" that the Health Service offers no wis similar to what we had in years past.

Last year, 1964-65, all students were treated by the doctors and nurses at Humboldt. Additional insurance could be purchased if desired for supplementary care, for example, surgery and hospital care.

Presently the Health Service offers practically the same "basic care" as last year.

Participation in additional health services shall be compulsory for students residing in housing supervised by the college unless such students can demonstrate that they have comparable coverage.

Participation in additional health services shall be available on a voluntary basis for all full time students not residing in housing supervised by the college.

This last November the Student Council formed a Health Service Committee to look into the Health Service and insurance to see what could be favorable at Humboldt State College.

The chairman of this committee is Bill Shaw. The other members of his committee are Allen Badgett and Lynn LaRochelle.

At the January 4 Student Council meeting the Health Service Committee received a letter from Sacramento State ASB President John Poswall. Poswall is presently on a committee to investigate this new health program. He has asked for student reaction and opinion.

Humboldt's Health Service Committee's new responsibility is to find out each student's reaction to the health services at Humboldt. This committee would like to know how you feel about this pressing problem.

Below are three questions—will you please indicate which program you prefer and turn the ballot into the Health Center.

Opinion Poll

Place an "X" next to the Health Service program you would like to see here at Humboldt State College.

- ☐ 1. I would like to return to the program we had previous to this year.
- ☐ 2. I prefer the program the California State Legislature has proposed.
- ☐ 3. I like the program we have at the present time.

Please return this ballot to the Health Center.

this area under a limited insurance policy.

Under the legislative insurance program basic services would be provided by an insurance policy, which was quite limited in scope. Following are the provisions for Basic Services under the insurance policy:

(1) In emergencies, and/or acute cases, physician will treat for illnesses or injury and psychiatric care (home, office or hospital).

(2) Diagnostic professional services, consultation, and referral will be provided.

(3) Minor Surgery is provided in the physician's office for emergency care, such as: Minor surgery for trauma, wounds, burns, foreign bodies, lacerations, incision and drainage, sprains, strains, and others.

In considering the basic coverage for out-patient medical benefits for illness or injury, the basic coverage does not say how much psychiatric care can be given, or whether a laboratory or x-ray's may be used, or whether surgery can only be performed in the physician's office.

Concerning outpatient diagnostic analysis the legislative plan calls for necessary diagnostic x-ray and laboratory services for illness or injury without defining what is necessary and proper for x-ray and laboratory services.

Immunization and vaccination for diseases such as tetanus, influenza, smallpox, typhoid-parathyroid, and polio were promised, but to obtain a shot for small pox, for example, you must be exposed to it.

With the assistance of some of the Chancellor's staff, Humboldt local administrators were able, partly through insurance and partly through Transfer Budget Allot-

Union Board Applications Due Today

Deadline is today for students to submit applications for membership on the College Union Board of Directors, said ASB president Bob Henry.

The Student Legislative Council appointed councilman Leo Krusemark as chairman of a committee to screen applicants for four student vacancies on the board. The ASB president, vice president, and treasurer will bring the total of students on the board to seven.

Five faculty members and one alumnus will complete the college union directory body.

"Lumberjack Enterprises", said Henry, "will be dissolved by the end of next semester, and should the election to ratify the building of the proposed college union fail the board of directors will serve to replace the current directors of LJE". If ratified the board will have a dual purpose of running what is now the college commons and directing the new college union of the proposed college union fail program.

The screening committee headed by Krusemark will include Scotty Reed, activities advisor; Howard Goodman, college union director; Ed Jesson, chairman of the college union steering committee; and a member of Green and Gold Key.

Their task will be to select four students to serve on the board of directors by its first official meeting next Friday, said Henry.

More student involvement in college affairs is a hotly debated issue here and in all California state colleges. HSC is lagging behind some of the larger schools and many individuals are pushing for a speed up of student representation in major campus policy making bodies.

The difficulty, Henry said, is in finding qualified and interested students who can ably represent the students on administrative and faculty committees.

Response to a request for nominees to the College Union Board of Directors has been disappointing so far, he said.

Popera On Tap Sunday Evening

The annual campus "Popera," an evening concert of "music for every taste," will fill Sequoia Theater with melody Sunday at 8:15, according to Mr. Leland Barlow, chairman of Fine and Applied Arts.

Groups participating include the College Choir, Humboldt Chorale, Humboldt State Symphony and Green and Gold Concert Band.

One of the highlights of the evening should be a medley from the hit musical "Oliver" by the Choir, according to director Leon Wagner.

Tickets for the Popera sell for 50 cents, students, and \$1 for adults.

Sempervirens '65 Continues On Sale

Due to the many inquiries it has been decided to members of the editorial staff of the Sempervirens to continue the sales of last year's yearbook to members of the student body, faculty, administration, and members of the community.

This announcement came from Sue Minor, editor, of the yearbook. It was decided that although there will not be any sales effort as at the start of the semester books can be purchased from members of the staff, Larry Miles, advisor, or by dropping by the Sempervirens office.

HOUSE FOR RENT — Unfurnished. \$75 month plus \$20 deposit. 3 bedroom, prefer married couple, child o.k. 1401 4th St., Eureka, (corner Myrtle and "O" St.), after 7 p.m., Doug Verdery.

Health Service Threatened 'Basic Care' Plan Offered

Health Center officials released this week the following basic care offerings of the present Health Center set up. The majority of these would be lost under the state legislature's proposed change.

The "basic care" that the Health Service presently offers each full-time student is:

(1) Emergency care and first aid for sick or injured persons (students, employees, visitors) until they may be transferred to a private facility.

(2) Supplies and drugs for emergency care, first aid, and prevention and care on an outpatient basis.

(3) Health examination. Evaluation of students upon admission to the college based on health data provided from an examination conducted by the student's personal opinion.

(4) Health evaluation for admission to programs leading to teaching credentials.

(5) Prevention and care on an outpatient's basis of conditions such as the following (this list is not considered an inclusive list for the purpose of limiting services): a. acute upper respiratory infections (colds, sinus, ears), b. acute bronchitis, c. acute diseases of the skin, such as sunburn, poison oak, burns, etc. d. bruises, cuts, and sprains. e. gastro-intestinal complaints.

(6) Immunization and vaccination, available when indicated, to protect against such diseases as: a. Tetanus; b. Influenza; c. Smallpox; d. Typhoid-paratyphoid; e. Polio.

(7) Health Counseling: a. Contemporary individual student problems; b. Coordinating with other college counseling agencies; c. Minor emotion problems.

(8) Physical therapy with emphasis on teaching and corrective procedures.

(9) X-ray film and development costs when indicated, to facilitate implementation of the basic level of service listed above.

(10) Laboratory work, when indicated, to facilitate implementation of the basic level of service listed above.

(11) Campus Public Health Services: a. Food services; b. Housing inspections on campus; c. Industrial hygiene and safety; d. Insect and rodent control; e. Environmental sanitation.

(12) Provision for Public Health Nursing and Medical Advisory Services in laboratory schools operated by the college.

(13) Administration of the Health Program (to be confined to the persons assigned to the college health service, including physicians,

nurses, clerical, and technical assistants).

(14) Students engaged in intercollegiate athletics are not excluded from care as outlined above where it is applicable on the same basis as provided for all other students.

Supplemental Coverage is currently being offered by Fergus and Associates at a cost to the student of \$21 per year.

The Supplementary Coverage is as follows:

(1) Adequate hospitalization and allied medical expenses on a 24-hour, seven-days-a-week coverage.

(2) Adequate surgical coverage including assistants and anesthetists.

(3) Miscellaneous, but essential benefits of relative low cost, hospital visits of physicians for illness, ambulance service, etc.

Council Discusses Behavior Problems

Recognized as a problem for many years by students and townspeople alike, drinking and horsing around at sport activities was brought to the attention of the student council and Dr. Don Karshner, dean of students, by the two groups.

The Rooting Section Committee, composed of three members: Bill Shaw, chairman, Suzi Winters, and Allen Baggett, was formed under the auspicious of student council to arrive at a suitable remedy to the problem of horseplay and drinking.

"There is no one simple answer to the situation," said Bill Shaw, committee chairman. The committee made a tentative recommendation last week of forming a Humboldt State Rally Honorary Society.

The honorary society will be composed of senior men, picked from the student body at large as to ability and the desire to serve. The society will coordinate the activities of the cheer and song leaders, band, all half time activities, and student conduct at all football and basketball games.

"The Rally Honor Society would be somewhat like the rally clubs on one of California campuses," said Shaw.

Letters To The Editor

Modern Education Lagging

Editor:

The spreading chestnut tree still stands, but where did the village blacksmith go? Fifty years ago every town had at least one blacksmith and most towns and cities had many. Today they are gone; except for a handful in the entire country, the blacksmith is a thing of the past. The major cause for this, of course, was the introduction of the automobile.

In a period of much discontentment toward general education requirements, college students should heed the lesson of Henry Wadsworth Longfellow's famous character. The jobs of today are not necessarily the jobs of tomorrow, and a sound college curriculum can only be of benefit, when it is designed to meet the requirements of the future. If a college graduate cannot adjust to the changing environment of our present world, his education has failed him.

An Economics instructor once reported that a sample of college graduates was taken to determine their occupational trends. One amazing fact was discovered: each graduate averaged three major changes in occupation, during the first ten years after graduation. These changes were not minor, for they represented shifts to completely non-related fields.

If this is the case, where is the need for extensive study in one specialized area, as the present upper division curriculum provides?

One fact that most labor leaders agree on is a majority of tomorrow's jobs are undreamt of today. This means that most college graduates will fill positions that were unheard of during their four years in college. They will be required to adjust to new job environments, and the person without a broad educational background will be much at a disadvantage.

Does the present college curriculum provide for these future needs of today's students?

Certainly, it is necessary for a student to major in one field and develop his knowledge in that subject. But the demand for a well rounded education, where one is flexible and able to adjust, is increasing and the supply of such graduates is drastically decreasing.

Students, examine your present educational system. Do not allow yourselves to be short changed. If one cannot adjust to occupations of tomorrow, he will soon learn the fate of the village blacksmith.

Bill Howe

Demonstrations Condemned

Editor:

People demonstrate about the war I am fighting. I am here, and they are safe in their own homes. You don't hear of us demonstrating against this war we fight.

If you could see and learn to understand these people of South Viet Nam, you would also fight for their freedom. These people have so little; yet, we take for granted all the things we have. Is giving these people freedom wrong? If it is, perhaps you would like to live the same way as they do.

You say we should pull out of Viet Nam. What about the friends I have seen die, and the others wounded? All the rest of the young men, married men with families at home, would you call it right to pull out and let them die for a cause they thought worth fighting for. The men that gave their lives here thought it worthwhile.

We have fought many battles in many lands other than our own. Why should this one be wrong? If it is, that means we were wrong in World War I and II, Korea, and fighting for our independence from the English at the birth of the United States.

I am here, I might die here with other friends and never see my home again; but I am proud to be here. To help these people and fight communism means a great deal to over 150,000 men. All of them are here with weapons, and you sit stateside trying to tell them they are dying for a worthless cause. These are the brave ones, in my opinion, the best men in the United States today.

FINALS SCHEDULE

Final examinations begin January 24 and continue through the 28th. The schedule is as follows:

JANUARY 24

- Classes meeting MWF and MTWThF at 12, tested 8 to 10 a.m.
- Classes meeting TTh at 8, tested 10:30 to 12:30
- Classes meeting MWF and MTWThF at 11, tested 1 to 3 p.m.
- Classes meeting TTh at 11, tested 3:30 to 5:30 p.m.
- Classes meeting M and MW eve., tested 7 to 9 p.m.

JANUARY 25

- Classes meeting MWF and MTWThF at 8, tested 8 to 10 a.m.
- Classes meeting TTh at 10, tested 10:30 to 12:30
- Classes meeting MWF and MTWThF at 1, tested 1 to 3 p.m.
- Classes meeting TTh at 12, tested 3:30 to 5:30 p.m.
- Classes meeting T and TTh eve., tested 7 to 9 p.m.

JANUARY 26

- Classes meeting MWF and MTWThF at 9, tested 8 to 10
- Classes meeting TTh at 10, tested 10:30 to 12:30
- Classes meeting MWF and MTWThF at 10, tested 1 to 3
- Classes meeting MWF and MTWThF at 4, tested 3:30 to 5:30
- Classes meeting W eve., tested 7 to 9 p.m.

JANUARY 27

- Classes meeting TTh at 2, tested 8 to 10
- Classes meeting MWF and MTWThF at 2, tested 10:30 to 12:30
- Classes meeting TTh at 9, tested 1 to 3
- Classes meeting TTh at 3, tested 3:30 to 5:30
- Classes meeting Th eve., tested 7 to 9 p.m.

JANUARY 28

- Classes meeting TTh at 4, tested 8 to 10
- Classes meeting MWF and MTWThF at 3, tested 10:30 to 12:30

Testing will be done in regular classes unless otherwise instructed or posted.

Campus Debaters Win-Lose Three

Two Humboldt State college students joined debate students from around the country last weekend at Stanford University for a regional forensics tournament.

Suzy Sauls and Gary Anderson achieved a three win-three loss record. They lost to University of Arizona, Lewis and Clark College in Portland, Ore., and to Middlebury College of Virginia.

Wins were over University of

New Mexico, University of Utah, and University of Redlands.

The University of Southern California and Dartmouth were the semifinalists, and in the last round, USC lost to Dartmouth.

Other schools that competed were; University of Pennsylvania, Pittsburgh, Georgetown, UCLA, Cal Tech, University of Northern Illinois, University of Oregon, and Purdue.

Council Debates On Honor System

The pros and cons of establishing an honor system on this campus are currently being considered by Student Legislative Council, said Rep-at-Large Leo Krusemark who introduced the idea.

Primarily such a system would be devised to give students the opportunity to realize the responsibility they have in making moral decisions.

Students would, in effect, police themselves during exams, and social functions on state property which would deal with such problems as drinking at games, etc. Theft is another area the system would encompass, but the biggest problem remaining is what action should be taken if a person is reported for such offenses, said Krusemark.

The program would be instituted at Freshman Orientation to indoctrinate entering students as to the attitude which the majority favors, if the students through a referendum approved by Council pass the plan.

Krusemark stated he is not sure of the legality of such action and therefore the system would not go into effect before next fall. If the plan passes Humboldt would be the first State college to have such a system.

Krusemark added, "I hope students will consider this idea intelligently as there is an inherent need for such a system and I welcome suggestions."

'Bash-Out' Set Tonight in CAC, SNCC is Sponsor

A "Bash-Out" sponsored by friends of SNCC on campus will be held tonight at 7:00 in the CAC.

"A 'Bash-Out', says Mrs. Christine Myers, chairman of SNCC's speaker's committee, "is a miniature potpourri hootenanny, with folk music, rock and roll, and jazz."

Because it is new to this campus, the Bash-Out will be free. It is hoped that this will eventually lead to enough support to sponsor Joan Baez or some other celebrated singer or performer to perform here.

"We aren't sure yet whether it will be Joan Baez," said Mrs. Myers, "but we have talked to her, and she has promised to do benefits for the Friends of SNCC, and has given them in the past."

Featured at this first Bash-Out will be a jug-band, folk music, jazz, blue grass, and possibly a rock and roll group.

"It is hoped that next semester we can hold a full scale hootenanny," said Mrs. Myers.

Everyone is welcome to the Bash-Out tonight, whether they wish to bring their instruments and perform or just come to watch.

Language Arts Program: Something for Everyone

By JANA GOLD

Speech pathology, English, forensics, theatre arts, foreign languages, journalism and dramatics are the seven major areas of Language Arts study under division head Dr. John Pauley.

With departments in seven areas, the Language Arts Division is able to offer many varied opportunities to the student.

Although, according to Dr. Pauley, there are more opportunities than the general student is taking advantage of, most of the facilities have been used by students not majoring in a language arts subject.

"For instance," said Dr. Pauley, "many have taken advantage of forensics activity, theatre arts, and the foreign languages offered other than as a teaching major or minor. And the journalism activities are supported more by non-majors than majors in that field."

Speech pathology, a relatively new minoring division offered, has

had a growth rate of three hundred per cent since its beginning.

"Although Speech pathology has had the most remarkable growth," said Dr. Pauley, "there has been a great deal of interest shown in foreign languages."

The drama department is another major area of student interest. Roughly one third of the students who try out for plays are not drama majors or minors, he said.

"We encourage all students to try out for any play. The more students that try out, the more plays we will offer to satisfy the needs of the college and the community."

Featured in the coming spring semester will be a musical and a series of eight to ten one act plays in which 150 people are needed to participate.

Of the many accomplishments in the Language Arts division this semester, Dr. Pauley feels that its greatest challenge has been a complete re-examination of purposes and objectives of various curriculums in the division.

"This was motivated by the necessity to change to the quarter system by the fall of 1967," says Dr. Pauley. "This has already been achieved for general education courses."

sabatical," stated Pauley, "during

The division of language arts is planning a busy schedule for the coming semester. There will be more speech tournaments, a journalism conference in the southern part of the state, a children's theatre production, and a radio-TV conference held here.

"Having just returned from a sabbatical," stated Pauley, during which I visited several colleges and universities in the United States and abroad, I have come to the conclusion that the faculty of Humboldt's Language Arts division is an excellent one, and second to none. I find my position as division chairman challenging, exciting, and rewarding, primarily because of the faculty and students in that division."

Panel Discusses Homecoming Queen Election

Each year a homecoming queen is elected, and each year there is a controversy over the election methods.

Recently, a panel was formed to discuss the question, "Is the queen fairly elected or is she always elected because her sponsoring club has more members?"

Committee members were Steve Peithman, chairman, Terry Marquette, and Steve Clapp.

Both the committee and student council agreed that the situation is satisfactory as it is now. An alternate plan was discussed, "election" by a student-faculty committee, but this plan was rejected.

"We feel that this year's queen would have won no matter which club ran her," said Peithman.

It is believed that the student-election plan of past years is best for promoting student spirit, and because of the 1-2-3 voting system, in which the votes are spread, the power of any club is diminished.

"Notice, also," said Peithman, "that the Student Activities Commission and the Sophomore Class

Fence, Tree Felled By Hit-Run Driver

A cyclone fence on Stadium Drive, southeast of the old library building, was the victim of a hit and run driver sometime over the weekend, according to Campus Security reports.

The vehicle spun its tires on the sidewalk and ran into a tree, knocking both the tree and the fence down. Campus Security head, Hogar Holgerson said the approximate damage is near \$100.

The property damage was discovered when Mr. Holgerson was making his rounds Monday.

The Arcata Police Department has been notified and is investigating the matter.

Wives Win Degrees

Ten student wives will receive their PHT, "Pushed Hubby Through," degrees Thursday at 8 in the Home Economics lounge, announced Sally Peterson, publicity chairman.

Wives to be honored are Mmes. William Bolton, Tom Farmer, Bob Graton, Doug McVean, Bob Maharry, Fred Rawley, Ron Reid, Ron Remington, Ernie Rouse, and Terry Yim.

Sunset Hall Women Get New Advisor

A change in 2nd floor residence advisor at Sunset Hall will take place at the semester.

Present residence advisor Miss Nancy Dykes will relinquish her position to Miss Nancy Dremely currently living on the 1st floor.

ROGER BARTELOT, professional ski photographer will present one of his productions, "Ski Gratin" here tomorrow at 8 p.m. in Sequoia Theater. Bartelot will be on hand to narrate his 90 minute film. Sponsored by the Ski Club, the film's topic is "freedom of skiing," and the skiers and Bartelot traveled all over the world to get the movies. Dean Hodges, president of the club said that the admission price will be \$1.

Students Seek Joint Committees

A recommendation was presented to the Student Legislative Council Tuesday proposing the establishment of joint student-faculty committees on campus where presently only faculty groups exist.

Councilman Bill Wright, head of the committee to study the plan, took his committee's recommendations before council at its last session.

Wright said that their first objectives would be to set up committees with equal representation with the faculty, on the present faculty library and student affairs committees.

The two committees, if put into effect, will include a representative chosen from each major study division on campus. Faculty members for the committees will be picked by the Academic Senate and will not exceed the number of students also serving.

Among the services of the library committee would be procurement, that is, building up the number of books, enlargement, or getting larger quarters for the library

if necessary; and any other areas effecting a growing college library.

The student affairs committee's duties would include the health service, entertainment, enlightenment of students on campus, registration procedures, classes that are offered and not offered and the reasons why, and any other policy in the area of administration policy regarding student affairs.

A future goal for the student council is the construction of a bulletin board for the students.

The cost of the board, taken out of the campus benefit fund will be approximately \$400. Located in a strategic spot on campus, it will be a mosque style, lighted and glass enclosed.

It will serve as an information service for student use. Anyone wanting to post something on it will have to go through the advisor's office. In setting this board up, the legislative council is primarily interested in better communication system for the student body.

The head of the committee is Bill Wright.

Trustees Offer Study in Italy

Following action by the Trustees of the California State Colleges on December 3, 1965, the establishment of a California State College International Program at the University of Florence in Italy will begin in the fall of 1966.

Action has been pending since the fall of 1964 when the university site in Florence was subject to approval by the Trustees, but no action was taken. Students attending the University of Florence through the California State College International Program in the fall of 1966 will initiate the overseas program there.

Cost of the Italian program is \$1970. Included in the fee are costs of an intensive advanced language study beginning immediately upon arrival in Italy and continuing to when the fall semester begins in late October; transportation to and from the host school; an orientation conference in California prior to departure; room and board while in residence during the intensive advanced language study and while in residence at the host university as well.

"Dream Man" Chosen at Formal

Delta Zeta's 1966 "Dream Man" will be named tomorrow night at the sororities annual Rose Formal to be held at Baywood Golf and Country Club.

Men seeking the title are: Dave Viale, Steve Clapp, Mike Miller and Jim Crowell.

Candidates for "Dream Man" were nominated by the girls on the basis of outstanding service. Final selection of "Dream Man" was made by secret-ballot chapter vote.

Outgoing president, Linda Edwards; House Mother, Mrs. Dorothy Reeder; sorority actives, pledges and alumni will be honored at a banquet preceding the dance. Music will be provided by the Monarchs according to Gerry Wilkinson, social chairman.

SNCC Organizes Aid Program For Delano Workers Strike

The Student Non-Violent Coordinating Committee has helped organize a strike of migratory workers in Delano, California, and has helped set up a store to help feed and clothe the workers while negotiations go on.

"The strike, originally a small walkout, was started in protest to unbearable working conditions that the grape pickers were subjected to," said Tonio Bachrach, chairman of the Friends of SNCC here.

Bachrach went on to list some of the conditions that the strikers are protesting, such as "filthy housing facilities, lack of or poor sanitary conditions, incredible low wages, no educational opportunities for the children of the workers, and ridiculously high food prices."

The Friends of SNCC on this campus is sponsoring a food, clothing and money drive to send contributions to Delano during semester break.

"We'd like any non-perishable

food, substantial clothing and bedding," said Bachrach. "Those who wish to donate these items should wrap them up, label them 'for Delano,' indicate contents, and bring them to one of the following drop-off points: Campus Ministry office, CAC; Presbyterian Church, Arcata; Presbyterian Church, Eureka; Episcopalian Church, Sunny Brae."

Contributions should be in before January 29, Bachrach said.

Adams Elected Chief Forester

Members of the Forestry Club elected Darius Adams as their Chief Forester for next semester in a special election-of-officers meeting held Monday night, said Bob Graten, outgoing Chief Forester.

Seven other members were elected to six other positions. Mark Smith was elected Assistant Chief Forester; Len Lindstrand, Recording Forester; Bob Tabor Reporting Forester; and John Lissoway, School Ranger.

Mike Kuehn and Fred Imhoff were elected Whistle Punks and Jerry Allen was elected Freshman Whip.

The Forestry Club will wind up their semester activities tomorrow night with their traditional Senior Dinner which honors all of the January graduates.

The dinner will be held at the Bella Vista Inn and will start at 7 p.m. A cocktail hour will precede the dinner and there will be dancing afterwards.

Cost for the dinner is \$3.00 a couple for faculty members and graduating seniors and \$4.50 a couple for Forestry Club members.

New Typewriters

Four new typewriters, bought with student body funds, have been placed in the library. Suzi Winters, chairman of the purchasing committee, said that they are available for student use during Library hours.

One of the typewriters is on the first floor, two others on the second, and the other one on the third.

Student Council Planning Thinking Man's Pamphlet

A "forum publication" has been proposed by the Student Council and the Board of Finance has allocated funds for its publication on a trial basis, according to Jim Dodge, newly-appointed editor.

"The aims of the publication are to foster critical thinking among students, faculty and the community, as well as provide means for its dispersal," said Dodge.

The publication may hopefully be an extension of the educative process.

According to Dodge, the publication will be mimeographed, presented on a bi-monthly basis if the response to the initial two issues warrant continuance.

Dodge added that the criteria for publication will be its pertinence to the campus community. It must have value to those who read the publication; that is, an article on Viet Nam would probably be accepted before one on a fraternity dance.

"The publication will endeavor to present all viewpoints on any issue as long as they are forthcoming from the contributors," he said.

No topic is sacred, but again the emphasis is on reasonable criticism, commented Dodge.

Dodge points out that as long as space is available, no submissions will be rejected. He said that the idea is to let the contributor speak; therefore, there will be no editorial cutting without the contributor's approval. There will also be no editorial comment made upon any submission.

Submissions may be turned in to Dodge at L.A. 14 (Hilltopper office).

Those who would like to work on the staff should contact Jim Dodge in the L.A. building, or Dr. Larry Miles, the publication's advisor, also in the L.A. building.

Mothers Day Set for April

Annual Mothers Day will be April 23, with the theme of "April Showers bring May Flowers," said Kathy Monahan.

Mothers Day planning is proceeding under the direction of Miss Monahan, junior. Her chairmen are: LeLona Rodriguez, banquet, refreshments and tea; Bill Shaw, open house; Georgette Telford, Ruth Ann Devery and Peggy McGurk, the program; Elenor Rovea, registration; and Abby Abinanti and Joyce Carr, publicity.

Invitation this year will be picked up and mailed to the invited mother by her son or daughter. Soon after the start of the new semester these will be made available probably in the activities office.

Tentative activities for the day include a fashion show featuring both men's and women's clothes, a tea social hour, entertainment, the opening of the dorms, library, CAC, and the Fraternity Houses, and a banquet.

The day will be climaxed with all mothers invited as guests of the college to view "Sondelis," a musical by John Pauley, Dr. Leon Wagner, and Charles Tropp. The play will finish the day's activities which are scheduled to begin at 12:30 with registration ending when the curtain closes in Sequoia Theater.

The committee is in the process of selecting candidates for the mother of the year award. Traditionally the candidates have come from some place on campus.

WILL DO TYPING. \$2.00 per hour. Bev Wicks, LA 20, ext. 283 or 443-4431.

Two Deans Soon To Go Overseas

Two Humboldt State deans, Dr. Robert Dickerson, Assistant Dean of Academic Affairs and Dr. Nedd Girard, Associate Dean of Counseling and Testing have been assigned to fact finding missions in Israel and Poland respectively.

Five survey teams composed of 27 faculty members of the California State Colleges have been assigned missions in Israel, Pakistan, Poland, and Yugoslavia. Four of the teams are not enroute and the fifth, to Poland, will leave as soon as visas are approved, Chancellor Glenn S. Dumke announced last week.

The purpose of the surveys is to gather data on non-Western studies and comparative education for future use in developing foreign-area courses at the 18 campuses of the college system.

The trips are scheduled for 30 days each and are sponsored by the U. S. Office of Education of the Department of Health, Education and Welfare. Transportation was provided by the federal agency and trip expenses are to be met with "counterpart funds," money owed the U.S. which must be spent in the host countries.

The project is under the direction of Dr. Karl Falk of the Chancellor's Office and is coordinated through the college system's international programs staff in San Francisco.

A similar group of five teams went abroad for the same purpose in August of this year.

Sponsors Needed For Activities

A series of blood drives are under way on campus under the direction of Scotty Reed, activities advisor.

Yesterday the Greeks and IK's sponsored a drive for the local blood bank.

As a community service the activities office is trying to hold a blood drive every third Thursday, according to Reed.

There are still plenty of drives lacking sponsors. Any group or club interested in supporting and sponsoring a drive are asked to contact Reed in his office in the CAC.

Many holes in the activities calendar for after game dances are present because of the lack of clubs or groups to sponsor these activities.

This announcement came from the office of Scotty Reed, activity advisor, this week.

Those spots available include after games during this basketball season and next season's football games.

Any group or club interested in sponsoring a dance may contact either Reed or Miss Kate Buchanan in the activities office.

Grapplers Maul Nevada 34-8

After taking a 34-8 victory over the University of Nevada last Saturday night at Reno, the Humboldt State College Lumber Jacks wrestling team will try to continue their winning ways as they travel to meet Southern Oregon College tonight and Oregon Technical Institute tomorrow afternoon.

The match at Ashland, Oregon, against the SOC Red-Raiders will begin at 8 o'clock for the Lumberjacks. Tomorrow afternoon's match at Klamath Falls against the OTI Owls will begin at 1:30 p.m.

Before the team departed for Reno last Saturday morning, Coach Hassman was a little apprehensive about the road conditions due to heavy rains that fell last week. After making the trip, Hassman said, "The trip was better than we thought it would be and we only had two momentary delays."

The Lumberjack mentor also commented that he was very pleased with the performance of all his wrestlers against the Wolfpack.

By taking a 34-8 victory over Nevada, Humboldt has taken two straight FWC victories and now have a 2-1 record in league competition.

Humboldt took the 130-lb. class, the 137-lb. class, and the 191-lb. class by means of forfeits by Nevada.

In the 123-lb. class, Wolfpack Bill Togli pinned Humboldt's Len Croteau.

Lumberjack Jerry McPherson took his second straight victory in FWC competition as he defeated Nevada's Charles Ballard by a 10-3 score in the 145-lb. class. Nevada received its only other score of the match when John Rogers took a 7-2 victory over Dale Smith.

The Lumberjacks first pin of the day came in the 160-lb. class when Leroy Evans pinned Earl Wilkins of Nevada.

Another outstanding performance was turned in by Lumberjack Mike Michalak in the 167-lb. class as he posted his third straight FWC victory of the season with a 15-5 decision over Roy Kreizenback.

Tom Oglesbee posted his first pin of the season when he stopped Nevada's Wes Nedley. Freshman Larry Fields posted his first victory of the year by taking a 8-5 decision over Larry Stiff of Nevada.

On Friday, February 4, the Lumberjacks will host the San Francisco State Gators, and on Saturday, February 5, Humboldt will host Cal State at Hayward.

REWARD — for recovery or information concerning a gold lady's wristwatch engraved "N.E.G., 6-14-62" on backside. Lost Friday, Jan. 7 on campus. No questions asked. Call 822-4225 or contact Box 146C in CAC.

Jayvees Clobber Mac High Cagers For First Win

Humboldt's Junior Jack basketball team broke into the winning column last Saturday night when they rolled to a 61-28 victory over the McKinleyville High Panthers. The night before they lost a heart-breaking decision to the College of the Redwoods by a score of 65-61.

Tonight the Junior Jacks host the College of the Redwoods. Tomorrow night they entertain the St. Bernard's High Crusaders. Both games will start at 8 p.m.

In Friday night's loss to the College of the Redwoods, the Junior Jacks and the Redwoods crew battled evenly throughout the game.

At halftime, the score was tied, 30-30.

The game continued that way in the second half until about eight minutes were left. Fine shooting by Paul Jackson and Jim Donlon gave the Junior Jacks a 57-51 lead.

But the College of the Redwoods came back to score nine straight points to go ahead 60-57. The Junior Jacks could not overcome the lead in the closing moments and lost, 65-61.

Top scorer for the College of the Redwoods was Bill Row with 18 points. Don Desomery and Mike Lovelace also hit in double figures for the Redwoods with 13 and 10 point performances.

The Junior Jacks were led by forwards Paul Jackson and Jim Donlon who both tanked 16.

In Saturday night's game against McKinleyville the Junior Jacks completely outplayed the high school five.

Forward Brian Harris was top scorer for the Junior Jacks with 15 points.

Commenting about his team chances for the remaining games, Coach Paul Bush said, "We finally got our first win and from now on we'll be tough to beat."

The Junior Jacks will also play Jan. 22 against a local high school or a men's league team. They are also slated for action against the College of the Redwoods on Jan. 28. On Jan. 29 they will play a Scotia men's league team. The Junior Jacks play the College of the Redwoods again on Feb. 4. All these are home games.

On Feb. 5, the Junior Jacks travel to Chico State College to play the junior varsity five. They will play the preliminary game to the varsity tilt between Humboldt and Chico State.

Intramural Cage Entries Close

According to intramural director Dr. Larry Kerker, basketball entries for the up-coming cage play have closed with some 13 teams entered.

The teams include Blue Fox Athletic Club, FHACers, Beowolf's, Hen Pecks, Forestry Club, D.O.M.'s, Newman Club A, Newman Club B, Conservation Unlimited B, Delta Sigs, Burly Bob's Bandits, and Burns Boys.

Kerker added that practice games will get under way next week in preparation to begin league play on February 7.

WANTED—furnished or partly furnished three bedroom house in Arcata or nearby area to rent for next semester. Call Linda or Marilyn at 822-7894.

LUMBERJACK CENTER Jim Flint pumps in two points over Nevada's Bill Nicholson and Napoleon "Nap" Montgomery (foreground), while Humboldt guard Pat Patton (13) looks on. The 'Jacks lost, 91-68. (Photo by Tim Stewart)

'Jacks Drop FWC Opener; Take On Vikings At Fresno

After their conference baptism of fire with the University of Nevada Wolfpack, in which they dropped a 91-68 decision, the Lumberjacks have been reassembling their forces in preparation to meet the Pacific College Vikings at Fresno.

The 'Jacks two-game series will be the second part of a home and away series between the Hilltoppers and Pacific College.

In the games played on our campus, the Lumberjacks split with the Vikings.

Asked about a starting line-up for tonight's encounter, Coach Richard Niclai said that he would start Jim Flint, 6' 4", Fred Griffith, 6' 4", Steve Dangberg, 5' 11", Pat Patton, 5' 11", and Sylvan Braa, 6'.

"They (the starting five) did a good job against Nevada and deserve another crack at a starting assignment," said Niclai.

Ken Kline, 6' 2", Jim Woldsvogel, 6' 1", Dave Wilder, 6' 3", Roger Barisdale, 6' 2", and Mark Isackson 5' 11", make-up the rest of the traveling squad.

Niclai added that the games with the Vikings should be good ones because each team is now familiar with the type of basketball that the other plays.

Concerning last week's game with the quintet from the University of Nevada, the Lumberjacks could not overcome an awesome combination of superior height and rebounding strength which the Wolfpack exhibited.

During the first half, the 'Jacks played even basketball with the Nevadians and went in the dressing room trailing by the respectable score of 40-34. A major part of this doing was done by the tenacious full-court press which caused the Wolfpack guards to make ball errors.

Through the first 12 minutes of the second half, the hilltoppers managed to stay within striking distance of the Wolfpack. But due to the fouling out of Jim Flint and

Fred Griffith, the 'Jacks were unable to match Nevada after that point.

The Wolfpack's Larry More's 37 points and Napoleon Montgomery's 20 points paced the victory.

Pat Patton's 16 points and Fred Griffith's 14 were the leading scores for the losers.

The Wolfpack shot a respectable 42 per cent while the 'Jacks shot a mediocre 37 per cent.

Concerning the battle of the boards, it was all Nevada as they won by a 51-39 margin.

Niclai and his players were very appreciative of the large crowd which turned out to support them in their conference opener. Niclai added that he hopes the student body as well as the community will continue this type of support through out the Far Western Conference basketball season.

The cancelled opener with the Sacramento State Hornets has been rescheduled and is to be played on Saturday night, January 22.

Publications Seek New Staffs for Spring Term

Spring staffs for Lumberjack, campus newspaper; Sempervirens, yearbook, and Hilltopper, campus magazine are being sought, said present editors Ken Bryant, Sue Minor, and Jim Dodge.

One or 2 units credit is allowed for publication classes with hours to be arranged and interested students should register for Journalism 27, lower division, or 127, upper division.

No prerequisites are necessary.

Swimmers Open FWC Competition At Hayward

On Saturday, January 29, Humboldt State College's swimming team opens Far Western Conference competition when they travel to Cal State at Hayward to meet the Pioneers at 11:00 a.m.

Humboldt's first FWC home swimming meet of the year will be held against the University of California at Davis on February 2 at 10:30 a.m.

The 1965-66 Lumberjack swimming team is under the guidance of full-time swimming coach, Jim Malone.

According to Coach Malone, the following swimming events will be held in Humboldt's first home meet against the Cal Aggies. These events include the 400-yard medley relay, 200-yard freestyle, 50-yard freestyle, 200-yard individual medley, 200-yard butterfly, 100-yard breaststroke, and 400-yard freestyle relay. There will also be a three meter diving competition.

In swimming the 400-yard medley relay, one man will swim 100 yards of backstroke, another will swim 100-yards of breaststroke, another will swim 100 yards of butterfly, and another will swim 100 yards of freestyle. The 400-yard freestyle relay will involve four men swimming 100 yards each.

The swimmers that should have outstanding performances for Humboldt against Cal State and Davis, according to Malone, include Mike Burns in the 50-yard freestyle and the 200-yard breaststroke, Ross Hemsley in the 200-yard individual medley, and Steve Moore in the 200-yard backstroke. Malone also added that Rich Earley should do well in the three meter diving competition.

Gary Smith, Maurice Stevens, and Jim Lippy will be sharing duties in the 200-yard freestyle, 50-yard freestyle, 100-yard freestyle, and 500-yard freestyle, said Malone.

In commenting about the upcoming swimming season, Malone said, "We will do well in individual competition, but a lack of depth may hurt us in the conference championship meet. Humboldt presently has only six swimmers."

Malone rates Chico State as the number one team in FWC competition, the University of California at Davis a close second, San Francisco State third, and Humboldt State fourth.

The remainder of the 1966 swimming schedule includes:

Feb. 12, San Francisco State, there 11:00 a.m., Feb. 19, Chico State, here, 10:30 a.m., Feb. 26, Sacramento State, there, 11:00 a.m., March 3, and 5, FWC championships, San Francisco, and March 10, 11 and 12, NCAA Regionals at Los Angeles.
