## SDS Hopes For Underground Newspaper

By RICK KHAMSI

The CIA, a meeting on Indian Rights, and an underground newspaper were the topics of discussion at Thursday night's SDS meeting.

The first part of the meeting centered around the CIA recruiters who will be coming to HSC later this month in search of potential secretaries. Suggestions were made to print and pass out handbills stating the case against the CIA, and to perform a skit dramatizing the role of that omnipresent organization. Neither proposal was acted upon; the matter was tabled until the next meeting.

"Indian Rights" was next on the agenda. Ken Byrne mentioned the up-coming Fish-in at Frank's Landing in Washington, where Indians are protesting the federal violation of an old fishing-rights treaty. Members were also asked to attend the Indian Rights Meeting on October 15.

The underground newspaper discussed the last hour of the meeting. It was decided that a committee would be formed to elect an editor, who would be accepted or rejected by the SDS as a whole. The newspaper, whose first issue will be coming out soon, is not designed to be competitive with the Lumberjack. Instead, SDS hopes it will fill a need which, in their opinion, the Lumberjack does not: the need for voicing student opinions and ideas.

John Burman (33), HSC's Big Gun, breaks over left tackle on his way to a 40 yd. TD run in last Sat.'s 50-0 win over Central Washington. See Story Page 8.

## Mock Election Set; Planned By YR's

By JIM McCONAHA

On October 23 and 24, students of Humboldt State College will be given the opportunity of expressing their preference for a president of the United States and a United States senator from California. A mock election will be held on those dates for the major contenders for these offices. Candidates on the ballot for

president will include Hubert H. Humphrey, Richard Nixon, George Wallace, and a write-in candidate of the student's choice. For United States senator from California, students may choose between Max Rafferty, Alan Cranston, or Paul Jacobs. Students will also be able to express their opinion on such issues as the voting age, reform or abolishment of the electoral college, and others.

Polling for the event will take place at the Campus Activities Center, the Cafeteria, and the Education-Psychology building. Hours for polling will be announced at a later date. Students will receive a ballot upon presentation of their ASB card and voting will be open to all students possessing the student body card. Ballots will be collected in locked boxes and counting will be

(Continued on Page 4)

## AFT Releases Detailed Registration Report

By KATHY ALBAN

The American Federation of Teachers Chapter at HSC undertook an investigation of the pandemonium surrounding the recent registration and the expanded student body and released the following report on its findings.

Humboldt State College was faced this fall with the largest number of students ever enrolled in the history of the institution. Forty-six hundred students enrolled, and signed up for enough courses to produce 4,300 full-time class loads. The state support budget for Humboldt State College was based this year on a load of 500 less students than actually enrolled.

Qualified students continued to be admitted to Humboldt State College right up to the time of registration. A number of other colleges curtailed admissions earlier in the summer. A number of factors operated this year to upset the normal predicting mechanism.

On the basis of past experience, the Admissions Office predicted in May that HSC would have approximately the number of students provided for in the budget. By the middle of August some concern was expressed that admissions would exceed the budgeted figure, but it was impossible to predict how far over this figure enrollment might go.

Since the budget normally allows for a two percent flexibility, the decision was made not to limit enrollment, in anticipation that the total number would not exceed the two percent figure.

Unfortunately, the curtailment of

admissions in many other state colleges produced a last minute bulge in Humboldt's freshman admission figures. However, even with this extra influx of freshmen, Humboldt's total enrollment figures would not have gone far beyond the budget had it not been for other factors.

At registration nearly 300 more returning graduate students and continuing students appeared than would have been expected based on previous years' records. This increase in the number of graduate students and continuing regular students can probably be assigned to selective service pressures, and could not be anticipated.

Friday morning of registration it became apparent that the extra students would encounter difficulty in finding a sufficient number of courses open to them. Registration was curtailed for several hours and the number of decisions were made in order to accommodate Humboldt's extra students.

First, some upper division classes with less than eight persons enrolled, were cancelled. Instructors released from these courses were then to large lower division class sections in order to provide room for more students.

Second, a few additional part-time instructors were added to the staff, once again in order to open large general education sections and accommodate lower division students.

Third, many courses admitted a larger number of students than the instructors would have preferred, in order to accommodate those students who were unable to fill out their schedules.

Students themselves dealt with the problem by filling out their schedules with courses that were neither required of them, nor in an area of any particular interest. Because the Selective Service demands a full-time load, students were unwilling to allow themselves to fall below 12 to 14 units.

Despite the attempt of faculty to meet the unusual pressure which resulted from the admission of more students than provided for in the budget, it is clear that some problems have resulted.

Some classes are overloaded in the sense that they contain a greater number of students than the instructor felt was educationally defensible. This is particularly critical in lab courses where there are insufficient laboratory materials for the enrolled students.

The added sections produced a demand for textbooks which could not be met, and many students were faced with several weeks of class without texts. Instructors who were transferred to sections other than those they were originally scheduled to teach were faced with the problem of preparing for a course they had not anticipated teaching and for which advanced preparation could not be made.

Students who enrolled in classes simply to fill out schedules may face the dulling affect of sitting in class sessions which do not meet their needs and are frustrating rather than educationally exciting and relevant.

The dimension of the harm done may never be fully known, since numbers fall far short of telling the story of this fall's registration. It is hoped that such a situation will not occur again in the future.

## Peace And Freedom Candidate To Speak

By WALT SHEASBY

Paul Jacobs, the U. S. Senatorial candidate of the Peace and Freedom Party, will appear on campus Wednesday, Oct. 16 at 11:00 a.m., to deliver a one-hour address in the Founders Hall Auditorium. Jacobs will speak on "Law and Order versus Social Change," and will discuss some of the social implications of police and military repression.

Jacobs is a staff member of the Center for the Study of Democratic Institutions, established by the Fund for the Republic in Santa Barbara. His primary work for the Center has been in the area of police-community relations in urban ghettos. Following the Watts Riot of 1965, Jacobs acted as a consultant to the Los Angeles Police Department in attempting to devise a community relations program.

Jacobs formerly served as a Presidential Advisor in the War on Poverty and has written extensively on the sociology of poverty. He has co-authored a book on the problems of the aged with Michael Harrington and a study of SNCC and SDS with Saul Landau. His latest book, *Prelude to Riot*, examines the pattern of poverty and police repression revealed by ghetto insurrections.

In his autobiography, *Is Curly Jewish?*, Jacobs recounts the beginning of his radical career as a seventeen year old Trotskyist in New York and as a "Jimmy Higgins" in the Socialist city government in Minneapolis. He describes his subsequent life as an

apprentice in the diamond trade, as a migratory worker, a soldier, a labor organizer, a union executive, and a journalist for *The Reporter* and other magazines.

Jacobs was nominated at the Peace and Freedom Party convention by Eldridge Cleaver, who later became the Party's Presidential candidate. Jacobs has been campaigning throughout California since winning the nomination, and is now attempting to arrange a three-way debate with Max Rafferty and Alan Cranston. Cranston has so far refused to debate Jacobs. Jacobs has attacked Cranston for not separating himself from Johnson-Humphrey policies and not calling for American withdrawal from Vietnam.

Jacobs will meet with campaign supporters at noon in the CAC Lounge to discuss the future plans of PFP and his recent meetings with organizers of the McCarthy-oriented New Party.

## Ranger Test

The California State Personnel Board examination is going to be held for those interested in becoming a seasonal Park Ranger in the Trinidad, Eureka, and Fortuna area. The filing date for the test is November 15 and the test is going to be held on December 7. Anyone interested in this is asked to contact Susan Spratt in Nelson Hall, West.

## BULLETIN

Forms will be available to H.S.C. students October 21 to 24 concerning registration. They will be available on the Lumberjack stands, the office of Admissions and Records, and all division offices. These forms are vital because they are Course Request Sheets or application forms for the Winter Quarter Classes. These must be filled out and turned into the office of Admissions and Records within the five-day period. Any student who does not comply will register with the last group of Late Registration.

This doesn't however, reserve any student a place in a class, or give him a preference or even a guarantee that he will get the class requested. The main reason for having the C.R.S. forms at all is to assist the administrators in handling the class load so that the supply will meet the demand.

"This," said Mr. John Fry, Registrar for the College, "is an important first step toward computerized registration." Mr. Fry also stated that the student will be able to request a total of 17 units or seven courses, whichever comes first.

When the student turns in his CRS, he will receive an IBM card receipt which will allow him to register at the appointed time. Mr. Fry especially wished to impress upon the student body that the sample taken by these forms must be a complete one or it will not work in solving registration problems. All students must turn in a Course Request Sheet to implement a better registration at HSC and to reserve the right to register on time.

The office of Academic Affairs will issue a report of which courses will be increased or deleted as a result of the survey. This report will be out in time for students to plan for registration.

Richard Dart as Dylan Thomas and Judith Shogren as Caitlin in a scene from the play "Dylan", based on the life of the carefree, devil-take-the-hindmost Welsh poet, Dylan Thomas.

## "Dylan" Offered By Sequoia Masque

By SIDNEY MICHAELS

Friday, October 18, Sequoia Masque of Humboldt State College's Theater Arts Department opens the theatrical season with its first production of the year, DYLAN by Sidney Michaels. The play stars Mr. Richard Dart as the volatile and spendthrift Welsh poet, Dylan Thomas; and it will run for two successive weekends with the curtain rising at 8:30 on October 18, 19, 25 and 26.

Directed by Mrs. Nonnita Mann, herself a native of Wales, the play concentrates on the last two years of the poet's life. During these two years, Dylan Thomas spent most of his time in the United States in two

separate attempts to gain a financial profit from his poetic genius. Though his reading concerts were popular, Dylan's love of life, laughter, wine, and women more than exhausted his profits. Behind the great poet was an explosive Irish wife, Caitlin. The director Nonnita Mann says, "Caitlin was a supreme woman who was bloody dynamite."

The flavor and action of the play DYLAN is one of balanced simplicity and detail. To compliment a cast of more than thirty students and faculty members is a set designed by Mr. William Smith. The setting consists of twelve movable set pieces which are involved in twenty-three scene changes. Make-up and costumes, designed by Mrs. Ethelyn Pauley, are of the fifties period when hemlines were low and lips were brightly colored. A lighting design by Senior James Spalding completes the production aim of exploring the mind, moods and nature of Dylan Thomas.

Richard Dart, the actor playing Dylan, is a graduate in Theater arts. The selection of the play DYLAN and its main character, is a thesis assignment being done by Mr. Dart in conjunction with the Theater Arts Department. Those who know Mr. Dart's skill as an actor will recognize that he can and does "recreate" the formidable and impressive poet.

Miss Judith Shogren who plays Dylan's wife Caitlin, is also a graduate student. The character of Caitlin is just as volatile and loving as that of her Dylan. Caitlin's love and frustration become intricately combined in a character of great depth and excitement. Miss Shogren, who is working towards a Masters Degree in Costume Design, feels that Caitlin is one of the most challenging leading roles in today's theater.

Tickets are on sale at the Sequoia Theater, H.S.C. Box Office from 10 to 12 and 1 to 4 Monday through Friday. Reservations can be made by phoning 826-3559.

## Prospective Teachers Urged To Attend Registration Meet

By DAVE BENNETT

All credentialed candidates for teaching positions in the Spring or Fall, 1969, should register for placement assistance at an orientation meeting to be conducted by the Educational Placement Office in the Wildlife Auditorium on October 21 at 4 p.m.

Information on openings in the teaching field, on-campus interviews, professional procedures, letters of application, and supply and demand at the elementary, secondary, and junior college levels will be presented. Candidates will be informed of the kinds of assistance available through the Educational Placement Office. Registration for educational placement will be accomplished. A question-and-answer period will be provided.

A duplicate meeting will be held on Thursday, October 24, at 7:30 p.m. for those unable to attend the

## SLC Initial Meeting

The main topic of concern at last week's S.L.C. meeting was the future course of registration. At the meeting, Dr. Buck explained "the need to match the schedule of classes to meet the needs and demands of the students." He continued to say that the time to plan for these changes is now, not in the middle of registration.

Mr. John Fry then spoke on the Administration's plan for these improvements. He stated that this week free listings of next quarter's classes will be distributed along with a form to be completed by each student. These will be available at various LUMBERJACK boxes, division offices and the Administration Building. On this form the student will list the courses

Monday meeting. All students who will complete clear or partial credentials are urged to register this week, even if they do not intend to enter the teaching profession next year.

he intends to take next quarter. The form is to contain no more than 17 units or seven courses, whichever comes first. This form will enable the Administration to predict to a greater degree the class demands of the students. Students who fail to fill out this necessary form will have to register last next quarter. Mr. Fry said that this is regrettable but very necessary if everyone wants to get their required classes. Co-operation will be appreciated by both students and administration alike.

Some of the other points of interest were: Alumni Student Body Cards have been made available to anyone attending HSC for two years; S.L.C. accepted Mr. Norm Simpson as Rep.-at-large to replace Mr.

Uplinger; S.L.C. passed to have College of the Redwoods and H.S.C. Student Body Cards interchangeable at student events; S.L.C. meetings will be on Thursday at 6:30 p.m., with interested parties welcome to attend.

# Flying lessons. Apply here:

That's right. You, too, can be a pilot.

Join the United States Air Force and qualify for pilot training. Become a leader with executive responsibility.

Well, what else? A pilot is the officer in charge of a million dollars worth of high flying, sophisticated supersonic equipment, isn't he?

Yes, and you'll wear a snappy blue officer's uniform, enjoy officer's pay and privileges. You'll probably travel to exotic foreign lands, and have a secure future in the biggest scientific and research organization. World's biggest.

You'll be where all the exciting Space Age breakthroughs are. Where it's happening. Now. Today. Right now. This minute. The Air Force is the "now" place to be.

If you yearn to fly and don't try the Aerospace Team, you'll miss your big chance.

Let that be a lesson!

# REPRESENTATIVES ARE ELECTED

**"Smokie" Nelson Dean**

Senior E. Nelson Dean, better known as "Smokie", is a former resident advisor at Redwood Hall and active in dorm government. He is a forestry major and in the Forestry Club.

**Gary Crooks**

Gary Crooks comes from Vancouver, British Columbia and is active in sports and student activities. He is a member of Tau Kappa Epsilon Fraternity, and has served as pledge training.

**Phil Backlund**

Delta Sigma Phi treasurer Phil Backlund is a junior business administration major. Phil was the CUPB vice-chairman for publicity and personnel.

**Bonnie Sullivan**

One girl was elected as rep-at-large, Bonnie Sullivan. She is a member of Delta Zeta Sorority and a junior business education major.

**Carl Shaff**

Carl Shaff is a junior history major with a background in HSC student government action. He was chairman of the Inter-Residence Hall Council in 1967 and Dorm Governor of Redwood Hall 1967-68.

## Opera Caravan Class Of '72 Planning For Activities

Members of Mu Epsilon Psi and M.E.N.C. (Music Educators National Conference) will embark on their third annual trip to see the San Francisco Opera production of *Madam Butterfly* this Saturday evening.

The groups meet as one every other Friday in Music 131 at 2:00 P.M. The purpose of the clubs is to foster and listen to performances of good music. Each meeting includes live music. In addition to the opera trip, activities include sponsorship of on-campus recitals, music films, group performances and club parties. Membership is open to the entire student body.

As of this writing, some eight members lack rides to San Francisco next Saturday. Anyone who wishes to share a ride should leave a note on the M.E.N.C. bulletin board in the music building.

Traditions and customs were the main topics discussed at the first Class of '72 meeting. Among the items on the agenda were class cards, an annual mum sale, the class float, and the selection of a Homecoming Queen candidate.

During the recent class elections, a vote was taken to determine if members were willing to have class cards as a means of raising the initial capital necessary to sponsor activities. The class card would entitle the holder to a cut rate to all class functions. The proposal passed by a handsome margin.

Class President Jim Powers opened the meeting and proceeded in leading a discussion on the values and disadvantages of Frosh Class active involvement in Homecoming. After a lengthy discussion, the members present voted unanimously to continue the traditional policy of selling mums, and to follow the preceding classes in building a float and running a Homecoming Queen Candidate.

It was emphasized at the end of the meeting that much help will be needed in selling class cards aside from building a float and running a queen candidate. Committees were formed to handle these matters and the agenda for the next meeting was begun. The main topic of discussion will be class activities.

### MOCK ELECTION

(Continued from Page 1)

overseen by a faculty member. Results of the election will be made available to the students via the Lumberjack and will appear in the issue one week prior to the national elections. Results will also be forwarded to the local newspaper for the benefit of those members of the Humboldt community.

Sponsorship of the mock election is by the newly re-organized and dynamic Young Republican club, with the thought of permitting the students of Humboldt State College to express their political preferences. People are needed to man polling stations and count ballots, and the YR's encourage any other club interested in assisting them in this endeavor to contact Paul Harrison, president, or leave a message in the YR box at the CAC. The YR's are meeting weekly on Wednesday nights in the west conference room of the CAC, until after the national elections. All students interested in helping in the mock election and other worthwhile projects during the coming year, are invited to become a part of the HSC Young Republicans.

## Spiritmakers For Our Teams

The cheerleading squad for this year will look slightly different than the squads of past years. Other than the obvious difference in personnel, the uniforms will have a slight difference. The three men will be wearing White Levis, white socks, black and white saddle oxfords, yellow shirts, and white cardigan cheerleader sweaters. The two young women will wear similar shoes and socks, yellow blouses with pull-over sweaters and green shorts under a pannelled gold A-line overskirt. This will be the official uniform for the football season but will be changed from levis to white shorts for the men and oxfords to white tennis shoes for the entire squad.

The group has practiced a great many hours to develop routines for their repertoire of cheers, many of which are original, owing to the talents of Lucy Benson and Jay Roberts. There will be some one-word audience participation yells, supplying entertainment as well as spirit in backing your team.

The cheerleader squad is, this year, composed of Don Crotty, returning cheerleader from last year, Lucy Benson, who has attended three years

of cheerleading school and who is one of the major contributors of the squad's new yells and routines. Dave Tranberg is one of the most spirited of the team, adding a great deal of enthusiasm which more than makes up for his lack of previous experience.

Kate Hamilton, the second girl on the squad adds her charm and life to that of the others helping the spirit of the group even more while Jay Roberts, sophomore and only non-junior on the squad adds his experience in choreography to the talent and skill of Lucy to form some of the best and most original skits and chants ever seen at Humboldt State College.

## Parade Set

This year's Humboldt State College Homecoming Parade will be held on Saturday, October 26 at 10:30 a.m.

This annual event will include competition floats from almost every club and organization on campus. The deadline for a club or organization to turn in float designs is Friday, October 18 at 5:00 p.m.

## Faculty Art Exhibition

Examples of the recent work of the art faculty at Humboldt State College may be viewed in the Annual Faculty Art Exhibition now open to the public during working hours in the Art Building Gallery.

The chairman of the art department, Zoltan Buki, stated that the exhibition will remain open to the public weekdays until October 27 from 8 a.m. until 5 p.m.

Buki assumed the chairmanship of the department this fall, coming to the HSC faculty from the School of Art and Drama at Little Rock, Ark. He succeeds Max Butler, who remains a member of the faculty.

The show contains a variety of objects, including a shaped canvas, several mixed media pieces, a plastic laminated construction, a serigraph, several drawings, photos, pottery, and a sculpture.

Buki announced that the next art exhibition will be opened on November 3 and will be entitled "Elements of Design: Texture." It will feature the projects of Art 170 students.

"I am very grateful to folk music in many ways. It has made people more musically aware and has made people listen more carefully to the lyrics of songs. But I don't want to be categorized as a 'folk singer' because I simply am not. I sometimes sing with a folk flavor, but I will sing any song as long as it means something to me musically and especially lyrically. I guess you could say I sing somewhere between folk and folk rock. However, sometimes I sing pop, too. Most of all, I just consider myself an entertainer."

"My career seems to be going in several directions presently. In addition to recording for Warner Bros. and doing concert tours, I have recorded theme songs for a movie as well as for television series. Of course, there's always commercials, which are rather lucrative. However, as far as the business of real future career endeavors, I am thinking seriously of trying acting. Presently in the planning stage is a proposed series which would be sort of a travelogue . . . but handled a little differently. It would be shot on the 'Tiki' and filmed more or less spontaneously. I plan to do a special on the 'Tiki' as well. Acting-wise I'm willing to try anything. It's a new field for me and that naturally makes it challenging!"

"I just completed an album called 'For Emily, Whenever I May Find Her' and there were two guys who were hired as guitarists . . . Brian Davies and Clark Maffitt. I think they are pretty good representatives of today's youth and by the time the album was completed they had not only played guitar but they had arranged the entire album, designed the jacket of the album, had taken the photograph for the front of the album cover and were most instrumental in the inspiration for a little piece I wrote on the back of the album in which I said that with the world so close to destruction today, salvation seems to be emerging in the young. Yes, I think the youth of today and the songs that they sing are just fine."

# First HSC Sorority Begins New Year

by By CANDEE FETCH

The Zeta Iota Chapter of the Delta Zeta Sorority was the first woman Greek organization to be founded on the Humboldt State College campus. Since 1959 many women have made Delta Zeta their home while at school and have gone on to become active alumnae. At present the chapter has 25 initiated and pledging members. The girls make their home at 1090 C Street, a nice size two story house which will hold ten girls comfortably. This year, as in years past, the members are active participants on campus with Dad and Mom's Day Committee, forensic squad, Greek Week Committee, Frosh Camp, Dorm Resident Advisor, Spurs, Business Club, and Boot and Blister.

Scholarship is important to the members of Zeta Iota and they hold the highest GPA for Greeks on campus. For the second year in a row they hold title to the Scholarship Award for the five Delta Zeta Chapters in their Province. Leaving scholarship behind, the Delta Zetas enjoy an active social calendar. Their Rose Formal is usually held in January. On this occasion the Delta Zeta Dream Man for the coming year is announced. The Dream Man is selected by secret ballot by the members of the sorority. The Dream Man presently is Larry Henderson, a member of Tau Kappa Epsilon fraternity. The Anniversary Banquet, a semi-formal affair held in May, promises to be a big event this year since it is the chapter's tenth anniversary. Other social events include theme parties, exchanges with social fraternities, and just girl get-togethers.

The Delta Zeta National Philanthropic project supports Gallaudet College, a school for the deaf. During the year the local chapter holds a Navajo Indian Baby Shower, sends Valentines and Easter decorations to the Children's Hospital, and gives a food box to a needy family at Christmas.

Delta Zeta was founded at Miami University, Oxford, Ohio in 1902, by six young women. Miami University had just opened to women and the small number of first coeds were frequently brought together. The primary impulse toward the fixing of natural friendships into the set form of a secret organization came about in a casual and easy manner. The Sorority was admitted to the National Panhellenic in 1910, and has grown to over 170 chapters.

Delta Zeta's colors are rose and green, their flower the Killarney Rose, and their jewel the diamond. Their pin, the Roman Lamp, won a National Award for its beauty.

National Convention is held every two years. This past year it was held in St. Louis, Mo. and was attended by the H.S.C. Delta Zeta President Marilyn Pica and an alumna Lyn Billings.

Monday nights are reserved for meetings, but all is not work. Once a month the Standards Program brings in a guest from the community to inform the girls on some particular area. These programs include such things as how to arrange flowers to how to become an active political member in your community. At the other meetings the girls themselves give short capsules on different aspects of etiquette and helpful school hints.

Chapter officers for the year are: Marilyn Pica, president; Gloria Wilmot, first vice-president pledge trainer; Nancy Voepal, second vice president-rush chairman; Mary Lea Evans, recording secretary; Carol Foster, treasurer; Carol Franklin, Panhellenic representative; and Mrs. Jay Hartford, college chapter director.

Delta Zeta's last formal rush period was observed by Mrs. Swartz, CCD from Chico. Mrs. Swartz, used to a large college, was first amazed then pleased with the informal approach taken at Humboldt.

## Air Force Officer Test

The United States Air Force will administer its Officer Qualification Test at Humboldt State College, Admin. Room 128, October 19, starting at 8 a.m. This test is required prior to application for an officer position with the Air Force. It requires approximately 6½ hours for men, and 2½ hours for women to complete the test.

This year the Air Force is giving added emphasis to women and flying programs, both of which are currently wide open to those interested in applying.

Sergeant Bob Rodda, local Air Force Representative said, "opportunities for young women as officers in the Air Force have never been better. An expansion program now going on for women in the Air Force has opened many new job, travel, and educational opportunities to women college graduates." He hopes many young women will take this test and take advantage of the opportunities available to them as executives with the Air Force.

Interested seniors sign up at the Placement Center, Room 131-Nelson Hall, West.

## "Marshall" Scholarships Applications Now Due

The contest is now on for the 1969-71 "Marshall Scholarships", the highest award it is possible for U. S. students of either sex to win to any British university. British Government offers 24 scholarships annually as thanks for Marshall aid. Four are specially reserved for students from the western states of the United States.

Awards are open to students of either sex, but restricted to U. S. citizens under 26 years of age on October 1, 1969. Applicants must be graduates of accredited colleges or universities in the U. S. In exceptional cases, applications can be received from students up to the age of 28.

Candidates may apply for a "Marshall" tenable at any of the 46 universities in the United Kingdom. Every effort is made to place a scholar at the university of his first choice, where this choice is in keeping with his proposed degree program. Awards are made for two academic years in the first instance, but may be extended for a third year.

The value of a Marshall scholarship is about \$4,500 (including fares to and from Britain, tuition fees, book allowance, and a living allowance each month). In certain circumstances a marriage allowance is also payable.

The Selection Committee for the scholarships looks for distinction of intellect and character as evidenced

## Self-Help Center Spaghetti Feed Needs Help

Educationally and medically handicapped Humboldt County men are voluntarily participating in a new training program. They spend 5 days a week at the Humboldt Self-Help Center in Eureka attending basic education classes and training activities. The trainees are very enthusiastic, self-help is their program, but they need a little bit of your help.

Funds are available (37 cents per man) to provide a hot lunch at the center, and plans are under way to start nutrition, consumer buying, and meal planning classes for wives. The women will soon be planning and preparing the lunches, but nothing can get under way until the kitchen is stocked with utensils, plates, silver, etc. There are no funds for this.

Any contribution of kitchen utensils (anything), Shell glasses (the ones you get free with gas), Blue Chip or green stamps (for stainless steel ware and dishes) would be appreciated.

Contact Cathy or Marty, 1318 H St., Arcata (822-1183).

## Position To Be Filled

The Associated Student Body President has announced a high ranking position open in student government. The position of Publicity Commissioner is currently open. This position is the chairman of the Publicity Board, whose duty is to administer and enforce the publicity code. This person is a member of the President's cabinet, and is one of the primary executive advisors. The Commissioner also works closely with the College Program Board, in matters concerning publicity covering the campus activities. Anyone with a background or interest in this position should contact Harold Hartman or Rich Winnie in Rm 4, CAC, as soon as possible before Friday Oct. 18, 1968.

## THE LUMBERJACK

## Contest!

By DRU QUESNED

The second annual Homecoming spaghetti feed will be held on Friday, October 25, from 4-7 p.m. sponsored by the Student Wives Club, in the CAC. It will be an "all you can eat" affair.

Tickets may be purchased at the HSC Student Bookstore or from any member of the Club. Adult tickets are \$1.25, under 13, 75 cents, and under 6, free. Proceeds from the Spaghetti Feed will provide scholarships for the coming year. This year four scholarships were awarded to Charles Pyle, Fred Jamison, Charles Davison and Paul Finn.

In keeping with this year's Homecoming, the Campus Activities Center will be transported back to "2001 B.C." with decorations and entertainment alluding to the mysterious time of the prehistoric era.

Door prizes will be given away at the dinner, having been donated by Montgomery Wards and O. H.'s Townhouse in Eureka.

It is hoped that all students, faculty, and friends will plan on attending this portion of the Homecoming events.

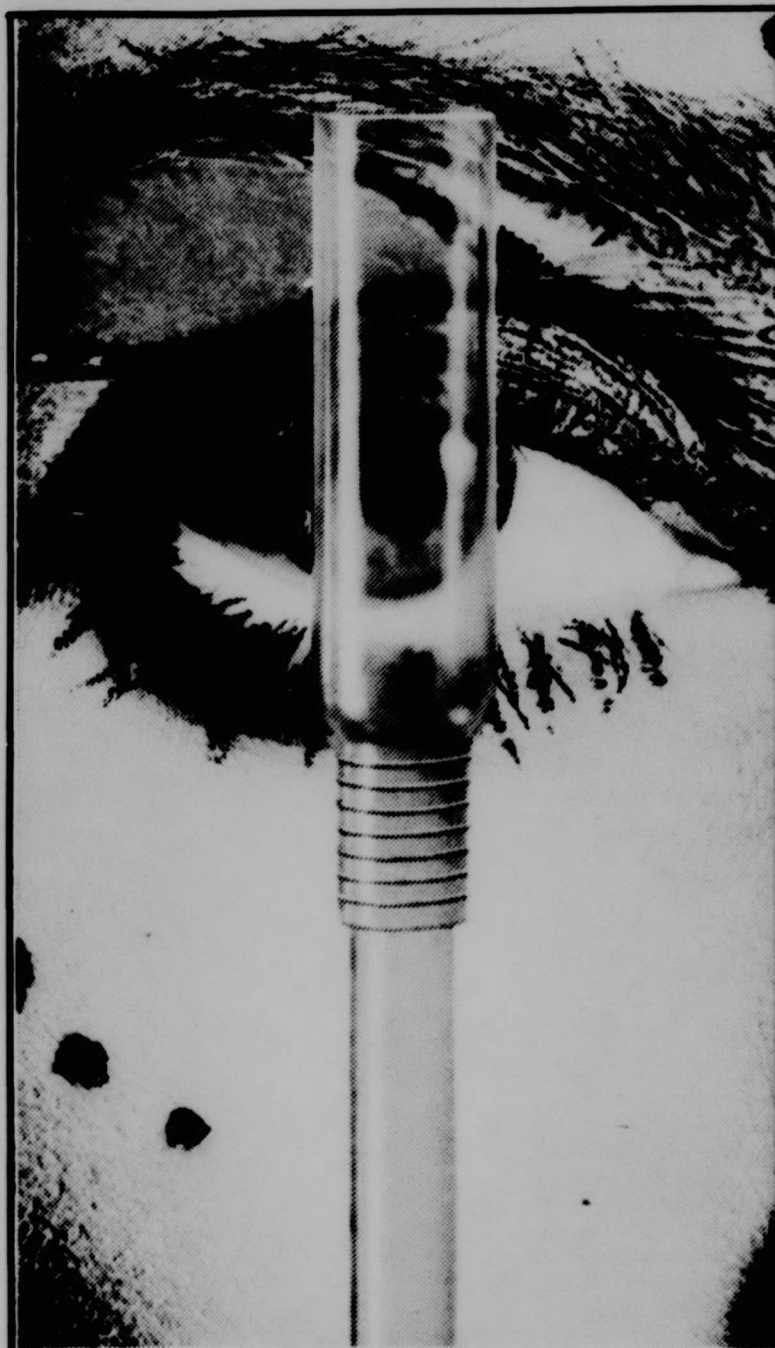

The Lumberjack is looking for a new MASTHEAD. It is to take the place of the present three-column LUMBERJACK emblem which appears on the front page of every paper (except those with a banner headline as is the case this week).

The contest will be open until October 31, 1968 and the winner, selected by the Lumberjack staff, will receive one free dinner at Bim's and one year's Lumberjack sent to his or her parents anywhere in the continental United States.

The masthead will measure three columns wide by two inches deep but may be made larger for clarity and judging purposes.

## Summer Jobs

On October 21, a group meeting will be held for all physics and math majors interested in summer employment with the Navy. Those applying must have reached the Junior, Senior, or Graduate grade level. The employment will mainly be in the Southern California area. Anyone interested in this meeting should contact Miss Susan Spratt in Nelson Hall, West.

## Playtex invents the first-day tampon™

(We took the inside out to show you how different it is.)

Outside: it's softer and silky (not cardboardy). Inside: it's so extra absorbent... it even protects on your first day. Your worst day!

In every lab test against the old cardboardy kind... the Playtex tampon was always more absorbent. Actually 45% more absorbent on the average than the leading regular tampon.

Because it's different. Actually adjusts to you. It flowers out. Fluffs out. Designed to protect every inside inch of you. So the chance of a mishap is almost zero!

Try it fast. Why live in the past?

## Water Polo Team Wins 2-- And Loses Two At SOC

By MIKE STOCKSTILL

Humboldt State's water polo squad broke even during their weekend tournament at Southern Oregon College. On Friday the Jacks beat So. Oregon 17-2, then lost to U. C. Davis 3-2. Humboldt defeated Pacific Lutheran College 20-4, but lost to Davis again, 3-2, on Saturday.

Humboldt easily handled So. Oregon in the first game of the tournament, rolling up 17 points. Eric Oyster led scoring with three goals. Marshall Kane, Mike Morey, George Sirovy and Dale Ledyard each had two.

In the second game Humboldt was matched against powerful U. C. Davis. The Jacks have never beaten Davis in water polo, and again the jinx held. Davis was victorious, 3-2. Marshall Kane and Mike Haber scored Humboldt's two goals.

On Saturday the Jacks began play by defeating Pacific Lutheran College 20 to 4. Coach Jim Malone played his second stringers throughout most of the game. This allowed the second team to get valuable game situation experience while the starting crew rested. Dale Ledyard and Marshall

Kane led scoring with five goals apiece. Leroy Childs and George Sirovy each scored three goals, while Norm Chapman got two scores.

For the second game the Jacks were again matched against U. C. Davis and again they were beaten, 3-2. Said Coach Jim Malone, "We have never beaten Davis in any aquatic event. When the boys go against Davis they want to beat them so bad that they become overanxious. They will just have to learn to relax."

Marshall Kane scored both Humboldt goals on penalty shots. All of the Davis scoring was done by one man, Kent Calfee. Calfee collected six points in the two games.

Malone said that Davis had a tough team, but he rated Chico State as the number one team in the Far Western Conference.

After some extended scrimmaging this week the Jacks will travel to Cal Berkeley Thursday for a game that evening against the Bears. On Friday and Saturday Humboldt will play against the University of the Pacific and Cal State at Hayward.

Humboldt QB, Dave Banducci (11), takes off on an end sweep with linemen Steve Mangini (63), Denis Taera (65), and David Carr (61) leading the interference. Central Washington tackle, Doug Adkins (86), futilely attempts to catch the Jack ball carrier.

## HSC Travels to UC Davis

By KEN LYBECK

Humboldt State's high flying Lumberjacks journey to the University of California at Davis this Saturday for their second Far Western Conference encounter. Humboldt is presently in a tie for first place with a 1-0 record along with either San Francisco State or Cal State Hayward, depending upon the outcome of last Saturday's game between those two teams.

Davis lost their first conference game to Hayward by a score of 30-14. Their offense is not their strong point as they have been plagued by injuries throughout the beginning of the season. The defensive side of the Davis line is a completely different story however. According to the first conference

statistics released, Davis has yielded only 208 total yards per game.

Humboldt has been very impressive on the offensive side of the ledger; with John Burman leading the conference in scoring with 30 points, and rushing with 340 net yards gained for a 5.8 yard average per carry. All of the statistics do not include last Saturday's contests. HSC's Jim Costello is the leading passer in the FWC, and second in total offense. If the Jacks keep their heads, and don't let these lop-sided scores go to their heads, then I pick them by 14 points over the Aggies.

### Intramurals

The Men's Intramural Sports Program got under way last week with the completion of the Free Throw contest. There were thirty participants in the contest and when the shooting was over Ken Reed came out on top. Ken captured first place with an outstanding record of 65 baskets out of 75 throws. Jim Nuss placed second with 63 out of 75 and Greg Handley took third place honors by sinking 58 out of 75.

Other events that will fill out the fall quarter include: Handball, Golf, Tennis, A Two Mile Foot Race, Swimming, and Six Man Volleyball.

Volleyball action will begin on Thursday, October 17, at 7:00 in the evening. Games will be held on successive Tuesday and Thursday evenings until the tournament is completed. All participants must obtain a health clearance from the healthcenter and give it to the Athletics Secretary at the Division of Health and Physical Education in the Men's Gym. Entry blanks, eligibility rules and information can be obtained at the Intramural Bulletin Board in the main hallway of the Men's Gym.

## LOOK Your REDWOOD THEATERS

will give 2 free movie passes to the lucky student whose ASB card number appears in one of the Lumberjack advertisements. These free passes will appear every week and are good to any Redwood Theater. This week's card number is 1322.

Humboldt safetyman, Jeff Getty (45), starts a 13 yard runback to the Central Washington 20 yd. line after intercepting a CWC pass. This was one of four interceptions made by Getty.

## HSC Cross Country Second At Sacramento Invitational

By KEN LYBECK

Gary Tuttle, running one of the finest competitive races of his brilliant career at HSC, led the Lumberjack cross country team to second place in the college division of the Sacramento Invitational Cross Country meet last Saturday.

Tuttle toured the rain-soaked 4.2 mile course in 21:05, to finish fifth overall.

Other top finishers were Ole Olsen, USC, 21:00; Mike Sellers, 21:01; Tom Davidson, San Diego State, 21:02; Brock Thompson, Stanford, 21:03; Tuttle, and Tim Danielson, San Diego State, 21:06. Danielson is best remembered as the second high schooler to run a sub-4:00 minute mile, when he ran 3:59 at Chula Vista High in 1966.

Following Tuttle for Humboldt State were Vince Engel, 33rd, 22:25; Alex Zygaczenko, 41st, 22:44; Gary Miller, 55th, 23:13; and John Noonan, 65th, 23:30.

HSC placed sixth overall, behind

Stanford with 49 points; USC, 50; San Diego State, 53; San Jose State, 118; University of Nevada, 146 (college division winner); Humboldt State, 199; Chico State, 233; UC Davis, 254; California, 267; Cal State at Hayward, 268; Sacramento State, 313; University of Pacific, 397; Sonoma State, 416; Southern Oregon, 440; and San Francisco State, 467.

Coach Jim Hunt stated that it had rained until the start of the race; but he felt that the muddy course should not have affected the Humboldters since they work out in similar conditions many times during the season.

Commenting on individual performances, the HSC mentor lauded both Gary Tuttle and Gary Miller. Tuttle for his excellent race; and Miller for his improvement, which Hunt said was the most notable of any of the Jack harriers. Engel and Zygaczenko started strong, but seemed to get bogged down in the wet sand which comprises the middle two miles of the course. Hunt added further that Tuttle was the strongest finisher of any of the top six. The coach felt that had Gary started out just a little bit faster, he would have had an excellent chance at winning the race. As it is, Gary is to be congratulated for his outstanding performance against the national-caliber runners who competed in the meet.

This Saturday, the Lumberjack distance men travel to Hayward for a triangular meet with Cal State and Chico State. Humboldt will be favored but Chico cannot be counted

# Humboldt State Topples Central Washington 50-0

Humboldt State's Lumberjacks won their third straight game by crushing previously undefeated Central Washington 50-0 in Redwood Bowl last Saturday night.

The Wildcats, ninth ranked in the National Association of Intercollegiate Athletics, were held to just 33 yards rushing in 40 attempts and 159 yards total offense by the stingy Jack defense. The Jack's offense gained a total of 394 yards—356 on the ground—in the game.

The first Jack score came on a one yard plunge by fullback Bob McAllister capping a 62 yard drive in 11 plays. The drive started on the Lumberjack 38 after halfback John Burman returned the opening kickoff from the seven yard line. With a fourth and one situation at the HSC 47, punter Damon Dickinson was knocked down by the onrushing Wildcat linemen after he had kicked the ball. The ensuing roughing the kicker penalty put the ball on the Wildcat 38 yard line.

On the first play from the 38, quarterback Jim Costello connected with Burman for 16 yards to the 22. The fleet 5 foot, 10 inch, 176 pound

halfback then rambled for 11 yards and a first down at the 11. Two runs by McAllister and another by Burman put the ball at the one, setting the stage for McAllister's TD. Dave Banducci's extra point try was no good and HSC led 6-0.

Seconds later, defensive back Jack Olson intercepted a Central Washington pass—one of seven Lumberjack interceptions on the night—and carted it to the CW 16 but a clipping penalty against the Jacks put the ball back to the 31. It took nine plays to score with McAllister going over from the one foot line. Banducci's point after attempt was good and the Humboldters were ahead 13-0.

The score stayed that way until early in the second quarter when Burman dashed 40 yards up the left side line for a TD. The run culminated a drive of 72 yards in 8 plays and put the Jacks into a commanding 20-0 lead.

An interception just before the half, this time by Junior safety Jeff Getty, put the ball on the Wildcat 20. Six plays later Costello on a quarterback keeper scored the fourth Jack TD from the one. The point

after attempt was wide and at halftime Humboldt led 26-0.

The Humboldters were back in business again early in the third quarter as on fourth down the line nailed the Wildcat punter at his own eight. The Cat defense held and forced Banducci to kick a field goal from the 16 making the score 29-0.

Two plays later defensive back Jack Olson recovered a Wildcat fumble at the CW 32. Five plays later fullback Mike Cremer crashed over from the three for the touchdown. Banducci's extra point try was good. HSC 36, Central Washington 0.

Minutes later, safety Jeff Getty intercepted his third pass of the night at the Wildcat 45 and toted it down to 19. After a loss of two yards on the first two plays, halfback Danny Walsh raced 21 yards around left end for the TD. Banducci's point after attempt was good and Humboldt led 43-0.

The Jacks scored their last touchdown of the game midway through the fourth quarter on an 84 yard drive in seven plays. Fullback Mike Cremer scored his second TD of the game from six yards out. Banducci's extra point try was good and the final score was HSC 50, Central Washington 0.

Individual rushing statistics showed halfback John Burman with 156 yards (150 in the first half) in 23 carries, fullback Bob McAllister with 71 yards in 16 carries, halfback Danny Walsh with 78 yards in 14 carries and fullback Mike Cremer with 42 yards in 12 carries.

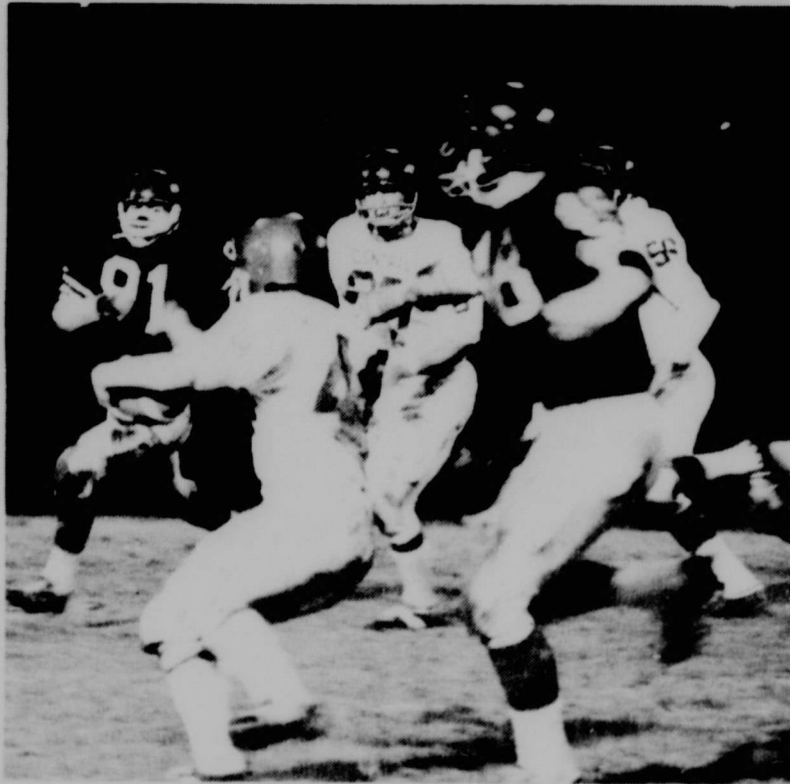

In 69 rushing attempts, Humboldt backs had only one loss of six yards, averaged 5.1 yards per carry and made 21 first downs.

In the passing department, Jim Costello completed five of 11 passes for 38 yards in the first half. Reserve QB Dave Banducci was unsuccessful in seven attempts and had two passes intercepted in the second half.

Team stats showed the Lumberjacks with 24 first downs and an average gain of 4.5 yards per offensive play—they ran 87 plays. The Jacks, also, had 132 yards in penalties for the game.

The win puts the Lumberjack record at three wins and one defeat. The Jacks have won both their home games scoring a total of 93 points. They have yet to be scored upon at home.

Their next home game will be the big Homecoming game against San Francisco State on Oct. 25. This week the Jacks travel to Davis where they battle the Cal Aggies. This will be the second Far Western Conference game for the Jacks (1-0 in league play).

Defensive play similar to that shown above kept Central Washington from scoring in last Saturday's 50-0 win by Humboldt.

out of the running for the Far Western Conference cross country crown.

Coach Hunt is looking forward to the return of John Scott, veteran Lumberjack distance runner, after a

one year leave of absence. Scott should be making the trip to Hayward, and could be the extra spark the Jacks need to secure their first FWC cross country championship.
